The IHSA badminton advisory committee has reviewed the USAB rules and made the following changes to the USAB rule book.

Current IHSA Badminton Terms and Conditions, Code of Conduct and the IHSA adopted USA Badminton rules, govern the IHSA state series. The illustrations of this casebook are designed to assist in the interpretations of those rules. Any interpretation that is deemed inconsistent shall be controlled by the Terms and Conditions. Note that some USAB rules regarding serving and coaching have been interpreted for high school play. Throughout the season, any additional interpretations will be posted on the IHSA Girls' Badminton website and/or the school center.

I. EQUIPMENT AND CLOTHING

Rule: The IHSA prescribes that an athlete's dress will not be disruptive to the educational competitive setting. Garments with profanity, lewd references, or slogans that berate or slur other teams or athletes are also inappropriate and forbidden. All uniforms should have an identifying school mark on them. It is required that doubles partners wear uniform tops and bottoms of like color.

The badminton uniform, comparable to NFHS uniform rules, must be worn as the manufacturer intended and have the following regulations:

1. Tops - Bare midriff tops are not allowed. The uniform top must hang below or be tucked into the waistband of the uniform bottom when the player is standing erect and upright. Spaghetti strap tops and or racerback tops are not allowed.

2. Bottoms - Loose fitting boxer type bottoms or compressions style bottoms are permitted. French cut or high cut apparel shall not be worn in lieu of uniform bottoms. The waistband of a competitor's bottom shall be worn above the hips. Shorts that leave visible any part of an undergarment or an area that an undergarment would normally cover are not allowed. While the uniform rule cannot cover all the latest trends, "booty shorts" do not meet the uniform rule and are unacceptable.

The games committee has the right to determine appropriateness of all uniforms.

Unless a case of changing uniforms, all uniform inquiries must be made prior to the start of the 2nd round of play each day at the state tournament.

Penalty: In order for a player(s) to represent their school in competition, they must be in compliance with the rule. If a school is not in compliance with the uniform rule, the IHSA should be notified through the special report process.

II. CODE OF CONDUCT SPORTSMANSHIP AND ETIQUETTE

Rule: Unlike many sports, with few exceptions, badminton is played without the supervision of a referee or umpire. The game relies on the integrity of the individual to show consideration for other players and to abide by the rules. All players should conduct themselves in a disciplined manner, demonstrating courtesy and sportsmanship at all times irrespective of how competitive a participant may be. This is the spirit of the game of badminton.

Penalty: A Badminton Code of Conduct is designed to protect the interest of the majority of participants who wish to support the spirit of the game. If individuals consistently disregard

- 7Q. Two opposing players cannot agree on the speed of the shuttle, but finally agree to begin play. Between serves, the player who wanted the shuttle slowed down bends several of the feathers back without her opponent knowing. A coach from another team witnesses this happening. 7A. **Ruling:** In accordance with the Badminton Code of Conduct it is an Unsportsmanlike Acts-- Tampering with Shuttle -- 1 penalty point assessed for the 1st offense, 3 penalty points for the 2nd offense and DQ and ejection for the 3rd offense. The violation is written up and reported to the Games Committee. The IHSA and Athletic Director are informed via a "Special Report" for the ejection (3rd offense). The player may not compete in the next meet of that level or any level in between.
- 8Q. After losing a match that cost the team a state trophy, a singles player walks off the court and throws her racket against the wall. What is the ruling?
8A. **Ruling:** In accordance with the Badminton Code of Conduct the ruling is Gross Misconduct and a 1 point team deduction is assessed. The incident is written up and reported to the Games Committee

- 1Q. Is there a method that is used in the state series to speed up filling the courts after play?
 1A. Yes. An "on deck" area will be used to speed up the process of keeping the courts filled, so when a player hears her match number called, she can immediately report to tournament central desk. - 10Q. What is the penalty for a player not getting back to the court ready to play after the 60-seconds break at 11 or after the two-minute break between games?

The two players leave the court for 5-minutes to change their shirts. What is the penalty?

- 22Q. During play, a spectator is applauding the mistakes of a player.
- 22A. In teaching good sportsmanship, it is important for adults and competitors to model good sportsmanship by applauding good play. Therefore, if you are there supporting team A and during the rally team B smashes into the net giving your team the point or serve, the cheering should not be directed toward team B's mistake. If there is any cheering at that point, it should be directed toward team A's ability to use that serve. If team A were to have smashed into the floor in that situation, acknowledgement of a great shot can and should be cheered for.
- 23Q. During play the opponent retrieves the shuttle that has fallen on her side of the net and returns it promptly to her opponent.
- 23A. **Proper Etiquette.** If player A hits a shot into the net, that player should be the one to get it and return it to her opponent. It is not proper etiquette for the opponent to reach under the net to retrieve the shuttle for her.
- 24Q. During play the server calls out the score before each serve.
- 24A. **Proper Etiquette.** It seems simple, but there are many preventable service errors caused by lack of doing this. Team A should say the score. If team B doesn't hear it, they should not receive the serve before knowing what their opponents believe the score to be. Asking the server to repeat the score is acceptable and proper.
- 25Q. During play a spectator walks behind a court when the shuttle is in play.
- 25A. **Improper Etiquette.** This is also a safety issue. Non-players should not walk on or behind a court when the shuttle is in play.

- 26Q. Players complete their match and walk past some matches that are still being played.
- 26A. **Improper Etiquette.** Every possible effort should be made not to distract the play that is still going on. Players should wait until the shuttle hits the floor before moving behind the court. When doing so the players should stay as far from the court as the facility will allow.
- 27Q. In rally scoring, when the leading score reaches 11 points, a time out may be called. Who can call that 60 second timeout?
- 27A. In accordance with the Terms and Conditions, either player(s) or a coach may call the time out including when a match is officiated.
- 28Q. Once a player has called for a timeout at 11 points, may a coach then coach the player?
- 28A. Yes. This 60 second interval provides the opportunity for two coaches or player designated coach may talk to player(s).
- 29Q. Is video review allowed to make a final ruling on the court?
- 29A. Video review is not allowed. If a situation arises where players cannot agree on a call, they should call for an official or rules committee member to come to the court and make a determination.

IV. THE SERVE

The rule: USAB service rules will be used

- 1Q. How long does a player have to deliver a serve?
- 1A. The serve must be delivered within 5 seconds from the time both the server and receiver take up their serving receiving positions.
- 2Q. At what point should the shuttle be contacted by the server to make the serve legal?
- 2A. A legal serve must be contacted below waist (belly button). The intent of the service rule is that the server does not gain an unfair advantage.
- 3Q. How is the waist (belly button) found if the players are wearing baggy tops?
- 3A. When the serve is questionable, the server must either tuck in her shirt enabling the waistline to be seen and/or adjust her serve.
- 4Q. What do you look for in an illegal serve?
- 4A. You look at the angle of the racket, the ready stance, the hand movement, and the point of contact.
- 5Q. May a player(s) move at the start of the service and delivery?
- 5A. No. However, slight bouncing that readies a player to play is acceptable. Movement cannot be a jerky waving motion or movement that is distracting to the other players until the serve is delivered. The receiver cannot twirl or spin the racquet.

- 6Q. If you serve or receive from the wrong court and you win the rally, how is that scored?
 6A. In accordance with the USAB rules, if a service court error is discovered after the service has been delivered the error shall not be corrected and the play in that game shall proceed without changing the players' new service courts (nor, when relevant, the new order of serving)

- 7Q. A player has an asthma attack during play? She stops play and takes an injury time out.
 7A. Proper procedure. The player is allowed one injury time out for the match.

- 8Q. Is coaching allowed during injury time-out?
 8A. Yes, coaching is allowed for either side.

Rally Scoring Situations

- 9Q. What happens if neither player can remember the score?
 9A. Players go back to the score they can remember and the person who was serving continues to serve.
 10Q. When are the results of a match and a tournament official?
 10A. Results are official when scores in a tournament are reported and the score card is signed by the players. In the case of dual meets, the results are official once the players leave the court.

Official's Responsibilities

- 11Q. A roving official is called over to a match to address a rules question. The roving official makes the decision and one of the coaches argues the decision.
 11A. **Ruling:** In accordance with the Badminton Code of Conduct, Misconduct, prolonging an argument over a decision after being directed to play shall be assessed 1 game point for the first offense, 3 game points for the second offense and DQ/ejection for the third offense. In the case of an ejection, the school Athletic Director and the IHSA must be notified via a "Special Report". Any ejection requires the individual to sit out the next match. The roving officials and the umpires shall be the sole judges of the rules. The official's decision is final on all points of facts.
 12Q. A player requests an umpire for a match that has continual rules issues.
 12A. Proper procedure.
 13Q. During a semifinal match, a line judge calls an illegal serve.
 13A. Incorrect. A line judge shall indicate whether a shuttle has landed in or out of the line they are assigned.
 14Q. What happens if a report is filed after the tournament is over?
 14A. A tournament ends once the awards ceremony or medals are presented. The results are official and errors are not correctible after that.
 15Q. What is the suggested procedure if a player is called on an illegal serve.

- 15A. 1) Player(s) notify opponent that serve is illegal – this is the servers warning.
 2) If illegal serve continues, player(s) sit down and coaches come over to evaluate the serve. Coaches and players determine if a neutral service judge is needed for the remainder of the game/match. The service judges will then determine if the serve is illegal and if points need to be awarded to the opponent.

 5Q. A school does not play the sectional championship for 1st and 2nd place because both players are from the same school.

VI. KEY PROVISIONS REGARDING IHSA RULES

The IHSA's rules have been adopted by the high schools, which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums. The principal of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal, who has a complete copy of all IHSA eligibility rules,

Information contained here highlights only the important features of the IHSA by-laws relative to badminton, your sport season and non-school competition. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at www.ihsa.org. You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules; please contact your principal, athletic director or the IHSA.

Understanding the High School Season and Club Badminton

These illustrations and situations are for the purpose of assisting in the understanding of several by-laws that pertain to high school badminton programs.
