

## 2017-18 IHSA Girls Bowling State Final Information

On behalf of the Illinois High School Association Board of Directors, the Bowling Advisory Committee, and our member schools, it is my pleasure to congratulate you for qualifying for the 2018 IHSA Girls Bowling State Finals. It is our hope that you are able to enjoy the tournament and we appreciate all the hard work it took to get you to The Cherry Bowl. No other state in the country conducts interscholastic competition for schools like we do here in Illinois and we are thrilled that you are able to be a part of the opportunity.

I also want to welcome and congratulate all the coaches of our competing schools who have trained and prepared their student-athletes to reach this level of performance. They now have a chance to demonstrate the fruits of your hard work and can proudly represent their families, schools and communities in this very visible forum.

The IHSA believes that interscholastic activities enrich the educational experience. Regardless of the outcome of the weekend events we ask that you do your best, strive to display good sportsmanship and embrace all that can be learned through this state tournament opportunity.

You should be able to find in this communication the information necessary to make your trip to State as smooth as possible. Feel free to call our office if you have any questions. Thank you for your support of IHSA and for being a part of the IHSA state experience.

Sincerely,

Stacey Lambert

## 2017-18 IHSA Girls Bowling State Finals

Coaches,

In reference to IHSA By-Law 2.070:

When student-athletes, representing their schools as a member of a bowling team or as an individual entry, participate in the practice round on Thursday, February 15, this is an official practice for the school. Therefore, only certified, school approved coaches who have passed the PES exam and the Concussion exam and meet all IHSA by-law requirements are allowed to coach the student-athletes. This prohibits parents, private coaches, alumni, etc. who do not meet these requirements from coaching during the official practice round (or any practice round that is an official school practice).

Student-athletes must have their certified, approved coach present in order to begin their practice round on Thursday, February 15.

Furthermore, during the competition round only certified, school approved coaches who have passed the PES exam and the Concussion exam and meet all IHSA by-law requirements are allowed to coach student-athletes. Again parents, private coaches, alumni, etc. who do not meet these requirements should not be coaching during the official rounds of the state series or any official competition the student-athletes are competing in representing their member school.

Thank you for your cooperation and adherence to this IHSA By-Law.

Should any vital information be incorrect, email, call, fax or contact Debbie ([dcoffman@ihsa.org](mailto:dcoffman@ihsa.org)) at the IHSA to make those changes. Any communication later than that, we cannot guarantee that the program can be changed.

**State Final Qualifiers:** The state final qualifying teams and individuals will be posted on the web. Please contact us if you see any errors.

All bowling balls should be certified prior to the state series. Refer to the Terms and Conditions for more information on certification. **No Bowling Certification forms are required.**

**Team and Individual Qualifiers Housing:** Schools are responsible to make their own housing arrangements. The IHSA website has posted a link to hotel information via the Rockford Convention and Visitors Bureau link. The link is: <http://www.gorockford.com>

## Important Pass Information:

Coaches:

Congratulations and welcome to the 2018 IHSA Bowling State Finals. This is a reminder that per our Terms and Conditions teams can get a maximum of 8 wristbands for participants and 3 passes for qualifying coaches whose names are listed on the List of Participants; while individuals will get 1 wristband per participant and a max of 2 passes for qualifying coaches whose names are listed on the List of Participants. These must be securely worn by both coaches and participants at all times when entering and in the facility.

In the past the coach's pit pass has been in this packet, coaches will now receive their pit passes at the Coaches meeting on Friday. The pit passes are just that, passes for the pit area, they do not gain you entrance to the facility, only your wrist band will do that.

After we have the results from Friday and have made the cut please remember to pick up your new wrist bands for Saturday. Only those teams and coaches with the proper colored wrist band for Saturday can enter the pass gate. If you are eliminated after Friday your wrist band will gain you entrance at the general admission gates, they must be worn on your wrist to gain entrance.

*Students competing in the Wheel Chair Class will be able to pick up their packets at any time over the course of the weekend. They will need their wristband on their person in order to gain access to the facility on Friday or participate in competition on Saturday. Coaches for the Wheel Chair Class will receive their pit pass at the Coaches Meeting on Saturday morning.*

If you have any questions at any time please let us know.

Thank you for your cooperation,
