# 2016-2017 Boys/Girls Cross Country Series Terms and Conditions

In accordance with Section 1.450 of the IHSA Constitution, the Board of Directors has approved the Terms and Conditions governing the 2016-2017 IHSA Boys/Girls Cross Country Tournament Series.

## I. SCHOOL CLASSIFICATION

Competition in the IHSA Cross Country Tournament Series will be determined on an enrollment basis.

**A.** The classification of a school shall be determined on the basis of its total student enrollment figure reported to the Illinois State Board of Education in its Fall Housing Report on September 30 of the preceding school year. Non-boundaried schools will have their total student enrollment multiplied by 1.65.

**B.** For classification purposes, the total student enrollments for one-year high schools, two-year high schools, three-year high schools and high schools which enroll boys only or girls only shall be calculated as follows:

1. For one-year high schools, the total student enrollment figure reported shall be quadrupled.

2. For two-year high schools, the total student enrollment figure reported shall be doubled.

3. For three-year high schools, one-third of the total student enrollment figure shall be added to the total student enrollment figure reported.

4. For schools which enroll boys only or girls only, the total student enrollment figure reported shall be doubled.

**C.** A multiplier of 1.65 will be added to all non-boundaried schools.

**D.** Schools participating in Cross Country operating under the three-class system shall be classified as follows:

1. Schools with enrollments of 0-710.00 will be Class 1A (40.00% of the membership).

2. Schools with enrollments of 710.01-1635.00 will be Class 2A (30.00% of the membership).

3. Schools with enrollments of 1635.01 and-above will be Class 3A (30.00% of the membership).

## II. DATES AND SITES

**A.** Regional meets will be held on Saturday, Oct. 22 for Class 1A, 2A and Class 3A between the hours of 10:00 a.m. and 3:00 p.m.

**B.** Sectional meets will be held on Saturday, Oct. 29 for Class 1A, 2A and 3A between the hours of 10:00 a.m. and 3:00 p.m.

**C.** The State Final meet will be held at Detweiller Park, Peoria, on Saturday, November 5. Peoria High School will host the State Final Meet.

## III. SCHOOLS AND OFFICIALS CENTER INFORMATION, ON-LINE ENTRIES, RULES MEETING PRESENTATION, WITHDRAWAL PROCEDURE, ELIGIBILITY, AFFIRMATIVE ACTION AND REGIONAL/SECTIONAL ONLINE LIST OF PARTICIPANTS

**A.** The policy for Original School Entry Deadlines, Late Entries, and Late Withdrawals shall be the policies and procedures regarding entry for all IHSA-sponsored sport/activities. For complete instructions, please login to the IHSA Schools & Officials Center with your Official Representative USER ID and Password. Click on the activity tracker and click the button to add sports for the upcoming year. Sports Entry Deadlines are Sept. 9 (fall), Nov. 1 (winter) and Feb. 1 (spring).

### **B. On-Line School Entries**

All Official Representatives must login to the IHSA School Center; click on "Sport & Activity Tracker"; click on "enter your teams". There you will select the sports and activities your school team or individuals will participate in during the 2016-2017 school term. After the Fall entry deadline (September 9), the IHSA will assign all schools to Regional and Sectional levels in the Cross Country State Series.

**C. Late On-Line School Entries: Schools that wish to enter after September 9 will be considered late.** To be considered for late entry, the Principal/Official Representative must email Kraig Garber (kgarber@ihsa.org) for approval. The penalty for late entry shall be a payment of \$100.00 for that sport/activity by the school.

**D. Six Contest Verification (Team entries only):** When completing the Regional/Sectional Online List of Participants, only schools entering a team must check the Six Contest Verification box to be eligible to compete for team honors. By **checking the Six Contest Verification box** in the Regional/Sectional Online List of Participants, schools are verifying that the school's boys or girls interscholastic Cross Country team has participated in six boys or girls interscholastic Cross Country meets during the current Boys and Girls Cross Country season and is thereby eligible to compete for team honors at the state meet series in accordance with IHSA By-law 3.054.

**Individuals:** Schools with only individuals competing **do not check the Six Contest Verification box** as they are not required to meet this requirement. Individual entries are not eligible to compete for team honors in the state series meets.

**E. RULES MEETING PRESENTATION (Schools entering as Teams and Individual Entries):** The Cross Country **On-Line Rules Video presentation begins August 8, 2016 and ends on September 13, 2016 (schools and officials)**. Each participating school must have each **HEAD COACH** view and receive credit for the 2016-2017 cross country rules video. Track and Field Officials opting to participate in the Cross Country State Series must also view the on-line video. To receive credit the coach/official must view the video in their respective IHSA School/Officials Center. See the On-Line Cross Country Bulletin located on the IHSA Cross Country page for specific instructions.

**NOTICE:** After you have viewed the video presentation once and have been given credit: If you coach at two different schools or you are a coach and an official, you must contact Cheryl Lowery at the IHSA Office (clowery@ihsa.org), she will manually give you credit. **If you view the presentation and it doesn't give you credit (within 24 hours) the first time, contact Cheryl Lowery at the IHSA Office.**

Below are a few options to assist you in viewing the rules video presentation once you have tried and have failed.

1. Try again on a different computer, preferably in a different location (home instead of school, etc.) Sometimes these files download badly. Going to a different computer/location is the easiest way to get a fresh start.

2. Go back to where you clicked on the link to start the presentation, and INSTEAD click on the link below to view the LITE version, which has no video content. Flash video can be an issue for some computers, and the lite version takes this out of the equation.

3. Do not use a tablet or iPad for viewing Rules Meetings. Our software is not capable for giving credit for people using a tablet or iPad.

#### **F. Breach of Contract By-Law 6.041 (Withdrawal Procedure)**

**You must withdraw by notifying the IHSA Office, not the Regional/Sectional Manager.** To withdraw without penalty, the Official Representative must email Tammy Craig (tcraig@ihsa.org) at the IHSA Office, notifying IHSA of the school's withdrawal from Cross Country prior to the List of Participants deadline.

If a school withdraws after the List of Participants deadline and/or does not show up for competition, the school will be charged a \$100 penalty. If applicable, the school may be charged for any additional financial loss sustained by the offended school(s) or the Association as a result of such breach.

#### **G. Eligibility**

All member schools in good standing may enter an individual(s) or a team under the provisions of IHSA By-law 3.054.

In accordance with By-law 3.050, schools are subject to entering eligible student-athletes.

**NOTE: Skill of the Sport Interpretation: In Track and Field as well as in Cross Country the interpretation of the Skill of the Sport is made based upon the surface being used for the individual contest. In the definitions section of the IHSA Handbook the definition for Cross Country Skill of the Sport is: Cross Country — Running any distance on any surface other than a track. For Track and Field the definition is: Track and Field — Running any distance on a track, jumping for height or distance, throwing or using any implement, technique or motion associated with any field event. Therefore, this means that an IHSA cross country athlete during the IHSA cross country season would be allowed to participate in any non-interscholastic running event so long as it was conducted in total on a track. The track and field athlete during the IHSA season would be allowed to participate in any running event so long as the entire race was conducted on any surface other than a track.**

**H. Affirmative Action Policy:** Only boys may participate in the boys' competition in the meet series and only girls may participate in the girls' competition in the meet series, except as provided in the Illinois High School Association Affirmative Action Policy.

**I. Regional/Sectional Online List of Participants: PLEASE READ THIS SECTION CAREFULLY!!** Each school entering the state

series (whether entering a team or individuals) must submit its Regional/Sectional Online List of Participants via the Internet through the IHSA Schools and Officials Center Web Site. The Regional/Sectional Online List of Participants must be received in the IHSA Office by **noon on Tuesday, October 18, 2016**. If a school does not submit the Regional/Sectional Online List of Participants by the deadline, coaches and/or participants from the school are subject to sanctions which could include, but not be limited to being ruled ineligible to coach or compete in the State Series. Schools which do not submit their school's Regional/Sectional Online List of Participants and are consequently ruled ineligible for the State Final Series must formally withdraw (see Withdrawal Procedures/Breach of Contract above in section III-C). The Regional/Sectional Online List of Participants will provide space for up to a maximum of 12 runners (coaches may not fill in empty spaces later, **put 12 runners in now!!!**). The runners listed on the Regional/Sectional Online List of Participants are the only runners the school may use during the state series, beginning with the regional. Substitutions at the sectional and/or state final must come from the list of 12 runners on the Regional/Sectional Online List of Participants. Coaches are encouraged to bring the computer generated copy of their Regional/Sectional Online List of Participants to the Regional and Sectional sites the day of the meet. This list must be printed (ctrl+P) on your keyboard prior to the On-line List of Participant deadline. **The option to print will not be available after that deadline.** The schools center will indicate deadline passed once the deadline approaches. It does not mean your school didn't complete it. IHSA has to close the site at this point to recover the data submitted and to transfer the data to site managers. **THIS IS YOUR PROOF TO THE HOST IN CASE CONFLICTING INFORMATION IS ACCIDENTLY PROVIDED TO THE TOURNAMENT HOST. WITHOUT THIS DOCUMENT TO USE IN CASE OF CONFLICTS ON RACE DAY, THE HOST CAN NOT ALLOW RUNNERS NOT LISTED ON HIS LIST TO PARTICIPATE!! MAKE A COPY AT THE TIME YOU GO ON-LINE TO ENTER YOUR 12 PARTICIPANTS.** IHSA will utilize the name spellings and year in school data from the Regional/Sectional Online List of Participants and coaching staff submitted by each school entered into the State Series for publication in the State Final Program. If you notice an error in the List of Participants after the on-line deadline, please email (clowery@ihsa.org) or contact Cheryl Lowery at (309) 663-6377 at the IHSA Office. Names and year in school data will not be utilized from the Regional or Sectional Winner Reports.

**COACHES NAMES:** If a coach on your coaching staff doesn't appear in the drop down menu in the List of participants, check the following under the Staff Responsibility page:

1) Has he/she been designated as the Head coach or an assistant coach?

2) Does it indicate how the coach is certified to Coach?

3) Does your coach have a completion date listed for the PES Examination?

4) Has your coach completed the Concussion Exam requirement this year? See statement below:

**Concussion Risk Management Program: A change in state law requires all staff and officials to pass a new Concussion Management Program examination prior to working with students in the 2016-17 school term no later than September 1.**

If you work as an official, athletic director, athletic coach (head or assistant), sideline cheer or dance coach, or marching band director, you must pass the Concussion Management Program examination with a score of 80% (24 out of 30) in order to be in compliance with state law. You may take the examination as many times as necessary to reach the 80% grade. You must retake the exam every two years to remain certified.

If any of the above information is missing from your IHSA Schools, he/she will not be able to add their name to the online List of Participants and/or issued coaching credentials during the state final.

**Confirmation of receipt of Regional/Sectional Online List of Participants:** Schools should login to their School Center site on the IHSA website. The Activity Tracker will show "Completed", if you have checked the "Certify & Submit" page indicating you have finished with your report. If it doesn't indicate "Completed", then you must go back into your schools List of Participants and check the "Certify & Submit" page on the Regional/Sectional Online List of Participants indicating you are finished.

In addition, in the event the 6th, 7th or 8th place overall individual finisher in the regional is not on a qualifying team, such 6th, 7th or 8th place overall finisher in the individual race shall advance from the regional to the sectional meet.

In **Classes 2A and 3A** the first six (6) placing teams and the first five (5) runners who are not members of the advancing teams in each regional will advance to sectional competition at the site to which they are assigned. In addition,

in the event the 6th, 7th or 8th place overall individual finisher in the regional is not on a qualifying team, such 6th, 7th or 8th place overall finisher in the individual race shall advance from the regional to the sectional meet.

**B. Sectional to State Final:** The first five (5) placing teams and the first seven (7) runners who are not members of the first five (5) placing teams in each Sectional will advance to the State Final meet. In addition, in the event the 8th, 9th or 10th place overall individual finisher in the sectional is not on a qualifying team, such 8th, 9th or 10th place overall finisher in the individual race shall advance from the sectional to the state final meet.

### VIII. TOURNAMENT RULES

**A. Substitution:** Teams shall be considered to consist of a minimum of five (5) up to a maximum of twelve (12) runners, each of whose names must appear on the Regional/Sectional Online List of Participants. Seven (7) runners may be entered at any level in the state series. Any runner listed on the Regional/Sectional Online List of Participants, and only those listed on the Regional/Sectional Online List of Participants, may be used as one of the seven (7) in the regional, sectional and/or state final. Note: No substitutions may be made by a team (coach) after a tag has been issued to any runner from that team at the starting line.

#### B. Scoring:

**1. Team Scoring:** The scores of the first five (5) runners from each school to finish the race will be counted in determining the team's score. Runners from these schools will be eligible for team awards. Schools that enter fewer than five (5) runners and/or schools that have fewer than five (5) runners finish the race at any level in the series will not be eligible for team honors. Schools that are not in compliance with by-law 3.054 are not eligible for team scoring.

**2. Individual Scoring:** Runners from all schools may earn individual awards as provided in section X. Awards A-B-C.

**3. Regional/Sectional Video Review:** The host school conducting all regional and sectional events must provide some form of video review of the finish line. This video review can be as simple as one video camera and one monitor (television or computer, etc.) or as sophisticated as the host school

chooses. Placement of this camera is critical. Please consider its placement (height, angle, etc.) carefully. Meet managers must consult the Meet Referee as the decision regarding camera placement is considered. Only the video of the meet management may be used to review the finish of any race. The Meet Referee will review the video of the finish of race to facilitate accurate scoring of each race. Only the referee and meet management may view the finish line video (the games committee may also view the video, **but only if invited to do so by the meet referee**).

**C. Length of Course:** Courses for the regional, sectional and state final meets in either the boys/girls series shall be no more than 3.12 miles (5K) nor less than 2.75 miles in length. Every effort should be made to run on three mile courses. The length of the course for the respective boys/girls Class 1A, 2A and 3A state final will be 3.0 miles.

**D. Practice on Course:** Practice on the course may be closed if the weather jeopardizes the conditions of the regional, sectional or state final meet course. Weather permitting, practice at the state finals will be allowed beginning at 1:00 p.m. on Friday afternoon.

**E. Uniforms:** Contestants in the complete meet series shall wear school issued regulation uniforms that meet NFHS rules and the IHSA interpretations that follow:

**1. NFHS Rule 9-6:** All competitors will wear a school issued uniform (shorts, jersey, or bodysuit; one or two-piece, and shoes). Refer to the online rules video for clarification.

**2. NFHS Rule 9-6-1b:** Competitors are permitted to wear bodysuits (unitards) in competition. Previously, shorts were required at meets. The bodysuits must still meet other NFHS uniform restrictions, including logo restrictions. They can be either one or two-piece suits.

**3. NFHS Rule 9-6-4:** Each team member shall wear the same color and design school issued uniform (shorts, jersey, or body suit; one or two piece). Same means "similar" or varying shades of the same color. The printing, design, and or lettering on the jersey or body-suit must be such that each runner can be easily identified, so that as a person views the runner's uniforms together, they appear similar and the team is easily identified. Sleeve length and printing on undergarments do not need to be identical, but need to be similar in color. It is legal for a team to wear more than one undergarment but all team members wearing undergarments must wear the same undergarments.

**4.** All participants will be issued a numbered bib to be worn on both the front and back of their jersey. The bib must be placed high on the jersey. This will help ensure numbers will be visible upon video review.

**5.** Once the race has started, there will be no disqualification for an improper uniform (**unless the uniform is altered after being approved at the starting line by an offi-**

**cial**). It is the responsibility of the clerk of the course and or the referee/starter to inspect each competitor's uniform prior to the start of a race. They are not to allow a runner to compete in an illegal uniform. If the clerk is unsure of the uniforms compliance with the rules, they will request a ruling from the referee/starter prior to the start of the race. Any runner that alters their uniform after being approved by a clerk of the course will be disqualified for unsporting conduct (this would include but not be limited to, rolling the top up which could expose the midriff).

**6.** Removable arm sleeves, calf sleeves and wrist sweat bands are legal to wear in competition.

**F. Jewelry:** Contestants wearing jewelry will be permitted to compete. Narrow headbands, to keep the hair from interfering with a contestant's vision will be permitted. Contestants with painted bodies or faces as well as any costumes will not be permitted to compete nor participate in awards ceremonies.

**G. State Series Rules:** All meets will be conducted in accordance with the Track and Field and Cross Country Running rules published in the current National Federation Track and Field Rule Book (or Illinois interpretation of said rules).

**1. Finish Line:** In the regional meets, sectional meets and at the state final, runners will finish each race at the mouth of the chute (the wide mouth chute is required for regional/sectional/state meets and is highly recommended for all races conducted during the season). This is the front end (wide part-front end) of the chute and not the neck (narrow part-back end) of the chute. The width of the finish line at the State Final Meet will be 15 feet. That is also the minimum width for the finish line for races at the regional and sectional. It is recommended the depth of the chute at the regional and sectional be 15-25 feet. Coaches need to practice their runners finishing races by running past the finish line approximately 15-20 feet in practice and during the regular season. Runners should be taught to run through the finish line just like in races on the track.

**2.** The races in the regional, sectional and state final meets will finish at the "mouth" of the chute.

**3. State Series Bib Requirements**  
**a. Regional and Sectional Bib requirements:** At all Regional and Sectional Meets, bibs are required (7 1/2" x 6"). **Bibs must be positioned high on the front of the chest. Bibs should be white with dark black numerals.**

**b. State Final:** At the state final meet, computer scoring will be used. **The (RFID) computer tag will be attached to the front bib. The bib/chip will be attached with 4 safety pins high on the front of each competitor's uniform. The bib/chip will not be returned to meet management. Competitors must be careful not to bend the front bib as this may**

**damage the computer chip which is attached to the bib. Essentially the chip is used as a timing device and the torso will be used for scoring (NFHS 9-3-2). Video review will be used as the primary tool for scoring the meet. It is important to note that Illinois interprets this differently than the NFHS in rule 9-3-3.**

**H. Ergogenic Aids:** The use of oxygen, glucose gel, inhalers, water or other prescribed medication that is not a performance enhancer shall be allowed without prior approval.

**I. Timing Devices/Watches:** Competitors will be allowed to use/wear watches of any type during IHSA cross country competition.

**J. Spiked Shoes:** The use of spiked shoes will be permitted in the IHSA Cross Country Series; however, it is recommended that spikes not exceed 5/8 inch in length.

**K. Starting Boxes & the area in front of the starting line used for run outs:** the only persons allowed in the starting boxes & the area in front of the starting line used for run outs will be the competitors and coaches. Coaches must leave the boxes prior to the start of competition. Once teams and individuals have been called to the starting line by the announcer for final instructions, no further run-outs shall be permitted (NFHS Rule 9-4-4). Starting boxes should be between 4 and 6 feet in width. Starting box assignments for the state finals will be determined by a blind draw. The box assignments will be drawn and posted on the IHSA cross country web page following the sectional competition.

**L. Finish Line:** Meet managers must make every effort to clearly define the finish line. The use of brightly colored cones placed on the outside ends of the actual finish line are recommended.

**M. Ethics of Competition and Sportsmanship:** Unethical and unsportsmanlike conduct by competitors, coaches and spectators will be penalized under the provisions of By-laws 6.011 and 6.012.

**N. The Games Committee:** A games committee as described in the National Federation Track & Field rules 3-2-1, through 3-2-8 will be appointed by the Meet Manager. This committee shall act as a jury of appeals (3-5-1). The committee may also be called to meet to discuss the suspension of play due to hazardous weather conditions (Note that either the Meet Referee or Meet Management may make the decision to suspend competition as a result of severe weather). Selected individuals can include school representatives. **NO IHSA OR NFHS RULE MAY BE SET ASIDE OR IGNORED BY THE GAMES COMMITTEE/JURY OF APPEALS.**

**O. Posting of State Final Results:** Results of the individual races and team scores will be posted for the coaches at a designated area following each race. The final results showing individual and team scoring will be also posted for the general public.

**P. Posting of Regional/Sectional/State results: Regional/Sectional/State race results will not be posted by meet management or their designee until the results have been evaluated and approved (signed) by the IHSA meet referee. A period of not less than 15 minutes will be provided for coaches' review after posting and prior to going to the awards stand.**

**Q. It is highly recommended that an athletic trainer or other EMS be present at cross country state series events (as well as during the regular season).**

The penalty for violating this rule will range from placing the offending school on probation up to immediate suspension and disqualification of the offending school, coaches and all qualifiers from participation in the current (and/or future) state finals. Be sure to double-check your poles and other pieces of equipment to ensure the safety of all participants. Pad poles that runners could come into contact with. Information on marking the course is in the handbook. The IHSA appreciates the time it takes to have the equipment and course in readiness for your races.

### Regional Managers

**Class 1A:** Advancing from the Regional to the sectional will be the first seven (7) teams and the first five (5) individual finishers who are not members of an advancing team. In addition, in the event the 6th, 7th and/or 8th place overall individual finisher in the regional is not on a qualifying team, such 6th, 7th, or 8th place overall finisher in the individual race shall advance from the regional to the sectional meet.

A regional may send as few as five (5) individual runners and as many but not more than 8, depending on the placing of runners from advancing teams in the top 8 individual places. If three (3) or more of the top eight runners are from advancing teams, then only the first five who are not members of advancing teams will advance from the regional to the Sectional Meet.

**Class 2A & 3A:** Advancing from the Regional to the sectional will be the first six (6) teams and the first five (5) individual finishers who are not members of an advancing team. In addition, in the event the 6th, 7th and/or 8th place overall individual finisher in the regional is not on a qualifying team, such 6th, 7th, or 8th place overall finisher in the individual race shall advance from the regional to the sectional meet.

A regional may send as few as five (5) individual runners and as many but not more than 8, depending on the placing of runners from advancing teams in the top 8 individual places. If three (3) or more of the top eight runners are from advancing teams, then only the first five who are not members of advancing teams will advance from the regional to the Sectional Meet.

**Regional/Sectional Team Ties:** For purposes of advancement of teams from regional to sectional and sectionals to the State Final, if a tie occurs at the last qualifying spot, the teams tied advance. Team Ties will be broken according to the NFHS tie-breaking rule 8-2.

### Sectional Managers

• **State Final Participant Packets:** Sectional Managers will receive two sets of envelopes (boys and girls) to be distributed to each team and individual qualifier from your sectional. Please issue them following the completion of competition at your site. In the event there is a tie for 5th place team, and 8th, 9th or 10th place individuals not competing on a team, the sectional managers must notify the IHSA Office the Monday following the Sectional of the school(s) who qualified under those circumstances, so a packet can be mailed to the qualifying school on time for the State Final.

• **How to Determine Individual Qualifiers from Sectionals:** Please review the advancement of winners section in the Terms & Conditions with your staff, your scorers, your referee/starter and other officials.

The following procedure applies only to advancement from the sectional to the state final. It DOES NOT APPLY to advancement from the regional to the sectional. See VII-A in the Terms and Conditions.

A sectional may send as few as seven (7) individual runners and as many but not more than 10, depending on the placing of runners from advancing teams in the top 10 individual places. The IHSA Schools Center Web site will enable managers to connect from any location that has an internet connection.

All Regional and Sectional Managers for the Cross Country State Series are **required** to complete the Regional and Sectional Winner Reports on-line, no later than 4:00 p.m. the day of the meet and email a copy of the complete results to [kgarber@ihsa.org](mailto:kgarber@ihsa.org). This will allow IHSA to verify meet results and to address any errors reported by the public without contacting the manager after their meet is over.

### **Regional & Sectional Managers:**

Schools are required to complete their On-Line List of Participants on-line, by noon, Tuesday October 18, 2016. **Important:** Do not request rosters from schools prior to this deadline. IHSA will supply each Manager the official rosters from each school assigned to their meet. The file supplied by the IHSA Office is the Official File and is the only file to be used for the meet.

**A school in violation of the deadline will not be included in the Official File sent from the IHSA Office to managers and are ineligible to run in your meet, unless approved by Kraig Garber at the IHSA Office.**

**Wednesday, October 19:** Regional Managers will receive an email with any last minute details and notify managers when the List of Participant file is available for download.

**Monday, October 24:** Sectional Managers will receive an email with any last minute details. IHSA will release new files for you. You will receive new files of advancing schools from regionals.

# Preparation of the Cross Country Course

## Flags:

- The course should be marked by signs or flags clearly visible for a distance of 100 feet. These flags should be at least 6 feet above the ground.
- Flag Designations:
  - a red flag indicates a turn to the left;
  - a yellow flag indicates a turn to the right;
  - a blue flag indicates a course straight ahead.

## Lines:

- Turns and guidelines should be indicated by a line on the ground drawn with White Athletic Field Marker (Non-Caustic). The NFHS allows that the course be marked by a set of two parallel lines if meet management chooses to do so. Remember that if flags are also used in conjunction with two lines, it is always the flags that take precedent when defining the actual course. The time and effort put into the marking and placing of proper guides on the course will result in a better understanding by the coaches and runners.

## Safety:

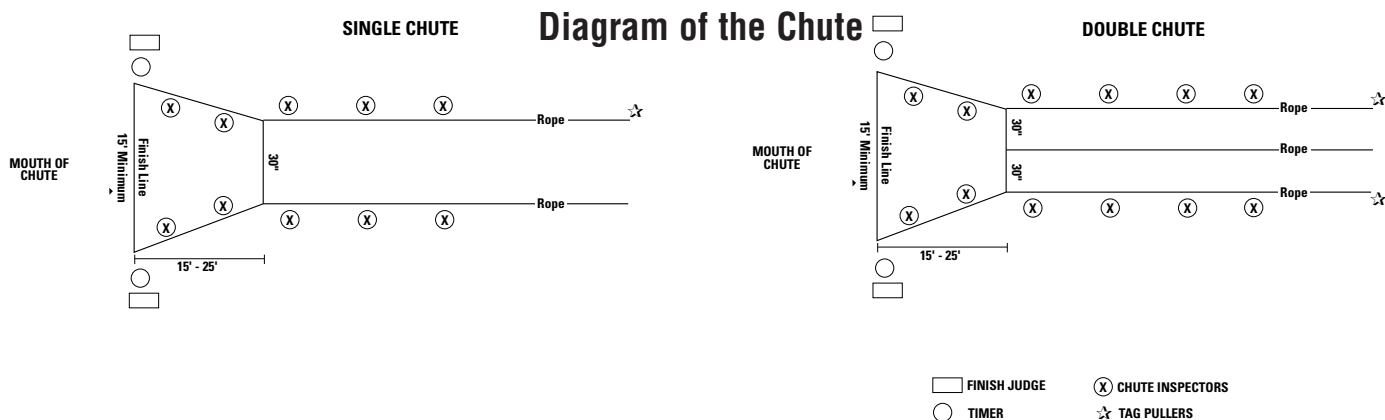

- It is recommended that in the interest of safety:
  - use rigid poles that are padded;
  - place the poles near natural boundaries such as trees and bushes;
  - have an official stationed by the flags and poles;
  - protect all metal chute posts with padding or wrap.
- Obstructions on the ground that might cause tripping should be removed from the path of the runners. These obstructions may result in serious fall and possible injuries.

## Starting Line:

- The starting line should be placed so that there is a long straight-away before a turn is reached. A minimum of 300 yards should be available to the runners before there is a gradual narrowing. This allows the runners to become spread out before the turn. The straight-away at the start should be wide enough to accommodate all the teams and individual runners.
- The starting line should be drawn with White Athletic Field Marker (Non-Caustic), 2 inch wide, and placed at a right angle to the direction for the starting straight-away. It should extend a distance that provides that starting boxes are between 4 and 6 feet wide. If a number of single entries are in the meet, additional space on the starting line should be provided.

## Finish Line:

- The finish should be at the end of a straight-away extending a distance of at least 150 yards. The finish line should be at the “mouth” of a rope chute. The mouth of the funnel should be at least 15 feet wide. The chute should be 15-feet wide at the mouth and narrow down at least 15-25 deep. Give the runners ample space in the chute. The rope should be supported by stakes place approximately 20 feet apart. The stakes at each end should be driven in to ground or set in post holes. They should be solid enough to permit the rope to be drawn tight. They should be padded. **It is a requirement to have at least one camera set up to capture the finish of each regional/sectional race.**

**Length of chute:** 15-25 feet or more

**Width of chute:** 15 feet down to 30 inches

**Height of rope:** 40 inches

**Width of chute mouth:** 15 feet

Posts at the finish line should be well padded.

Rope on each side of finish line for a distance of approximately six feet beyond the finish line should be wrapped to prevent rope burns.

Posts should be placed approximately 20 feet apart.

# Regional and Sectional Meet Officials Duties

• [www.ihsa.org](http://www.ihsa.org) • [kgarber@ihsa.org](mailto:kgarber@ihsa.org) or [clowery@ihsa.org](mailto:clowery@ihsa.org) • Phone: 309-663-6377 • Fax: 309-663-7479 •

Make an inventory of the help needed and then proceed to organize the help. Do not hesitate to call upon other schools assigned to your meet to supply workers.

All officials and workers should be made thoroughly familiar with the duties and responsibilities. Typewritten instruction sheets, prepared in advance and placed in their hands, will remove the necessity of last-minute instructions.

**Note:** IHSA Cross Country Officials registered with the IHSA are required based upon availability.

## Officials Needed on the Course

Referee (required)  
Starter/Clerk (required)  
Finish Judges  
Caller  
Checkers  
Chute Inspectors  
Course Inspectors  
Timers

## Meet Referee/Starter

1. place the teams in proper position on the starting line after they have drawn for position by lot;
2. start the race;
3. act as referee of all decisions in the conduct of the race;
4. disqualify any runner for unsportsmanlike conduct or for any flagrant violation of the rules;
5. instruct the runners before the start of the race.
6. The referee must review the video of the finish of each race to score the event.

## Assistant Starter

1. assist the Starter;
2. assist at the starting line

## Finish Judge

1. stand at the finish line and determine the proper order of contestants as they cross the finish line; have final authority on the order of finish.

The Finish Judges and the Chute Judges are responsible in seeing fairness prevail. It can get hectic when a jam-up occurs. The video cameras prevail most creditably in these circumstances. Use another official (assistant referee) to read the videos should a conflict arise. (This eliminates any time delays for the next race.)

## Chute Inspector

1. supervise the runners in the chute. Any runner after crossing the finish line is entitled to his/her position in the line;
2. assist in every way possible to see that each runner is properly checked in the order of his/her finish.  
The **"CHUTE" INSPECTORS** gather at the Finish Line and go over all finish procedures. Nothing is left to chance — the officials should be experienced in their duties. Track and Field officials registered with the IHSA are preferred.

## Caller

1. be located in such a position at the finish line that he/she can clearly see the number of each contestant as they cross the finish line;
2. call the numbers of each contestant in the order of their alignment at the finish. The caller's voice should be of a quality that can be clearly understood by the checkers recording the finish. In the event more than one finisher crosses the finish line at the same time, the Finish Judge will determine the placing of the runners.

## Procedures at the "End of the Chute"

1. You may consider using a "Caller" with a cellular phone that reads the competitors number when they reach the end of the chute. The cellular connects with an official inside the school building (where it is warm and quiet). This is the "Primary Method" for scoring.
2. Back-up systems are as follows:
  - a. The "Caller" has a tape recorder that identifies finishers.
  - b. Assistant to the "Caller" writes down the competitor's number.
  - c. Video Review in some form is required at all regional and sectional meets.
3. At the State Final, the "Timing Tape" is a back-up taken and recorded.

## Checkers

It shall be the duty of the Checkers to record the order of the finish as given to them by the caller and/or finish judge(s). In case of a conflict in records, if two are in agreement, their records shall be recorded as official. If an agreement cannot be reached, the final decision shall be made by the referee.

## Course Umpire

1. observe the conduct and course of the runners during the race;
2. record the numbers of contestants that are in violation and report the infractions to the referee.

**It shall be the duty of the Timers to time the winner of the race.**

## Numbers

Numbers may be prepared from sign cloth, white window blind material or any other material durable enough to prevent safety pins from pulling out.

The manager should assign a number to each team and each runner on the team should be assigned a number in the order of his/her ability.

### Example:

A team is assigned number 3. Then each runner on the team will bear the team number and, in addition, his/her number on the team. The members of the team, in order of their ability, would bear the following numbers on both the front and back:

3-1, 3-2, 3-3, 3-4, 3-5, 3-6, 3-7

This system of numbering simplifies the scoring at the end of the meet.

# IHSA SECTIONAL CROSS COUNTRY MEET BOX ASSIGNMENT SUGGESTIONS FOR ALL CLASSES THREE REGIONALS PER SECTIONAL

1. Based on the adopted format of advancing runners from Regional Meets, the maximum number of boxes required should be 26 for 1A sectional meets and 23 for 2A and 3A sectional meets.

### CLASS 1A

3 Regionals x 7 teams	21 boxes
3 Regionals x 5 individuals (5 + individuals per box)	3 boxes
Total	24 boxes

Using 6 foot boxes, the maximum length of the starting line should be 156 feet. At some sites, smaller boxes might be required.

### CLASSES 2A and 3A

3 Regionals x 6 Teams	18 boxes
3 Regionals x 5 Individuals (5 + individuals per box)	3 boxes
Total	21 boxes

Using 6 foot boxes, the maximum length of the starting line should be 144 feet. At some sites, smaller boxes might be required.

2. **Boxes assigned should be centered on the line.**

For Class 1A, boxes 2 through 25 should be used.

Boxes at either end may be used to accommodate team ties. Individual ties should be added to the individual boxes.

For Classes 2A and 3A, boxes 2 through 22 should be used.

Boxes at either end may be used to accommodate team ties. Individual ties should be added to the individual boxes.

3. **Empty boxes between assigned boxes should be avoided.**
4. **Boxes containing individuals should be interspersed evenly among boxes containing teams.**
5. **Please refer to the following chart to determine placement of individual and team boxes.**

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
  - A) Provide a reserved parking space.
  - B) Meet officials and take them to the dressing room.
  - C) Have refreshments available for halftime and postgame.
  - D) Ask for any additional needs.
  - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
  - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

# Managing Heat and Heat Illness

These guidelines represent minimum standards that IHSA member schools should follow for athletic competitions. Schools with more restrictive guidelines are not expected to modify any pre-existing guidelines in order to meet this policy. These guidelines will be used by managers or their designees at all IHSA state series events when the Wet Bulb Globe Temperature (WBGT) is above 80 degrees Fahrenheit. State series tournament managers will make the decisions to suspend and resume activity in accordance with these guidelines using those devices or systems usually used at the state series venue/site.

1. Thirty minutes prior to the start of an activity, and again 60 minutes after the start of the activity, temperature and humidity readings will be taken at the site of the activity. Using a Wet Bulb Globe Thermometer is recommended, although a conversion to WBGT can be made from air temperature and relative humidity using chart 2. Record the readings in writing and maintain the information in files of the tournament manager and/or host school administration. Tournament managers may designate someone other than themselves to take these readings.

Use the Table 1 (see below) with an on-site WBGT reading for appropriate exercise modifications during exercising in the heat:

**Table 1**

**a.  $\leq 79.9$  degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
  3. Ice-down towels for cooling.
  4. Watch/monitor athletes carefully for necessary action.

**b. 80.0-84.5 degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
  3. Provide cooling stations using methods such as ice towels.
  4. Watch/monitor athletes carefully for necessary action
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  1. Helmets and other possible equipment removed while not involved in contact.
- iii. Reduce time of outside activity. Consider postponing activity to later in the day.
- iv. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions or sooner if personnel on the field suspects potential heat stress.

**c. 84.6-87.5 degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
  3. Coordinate breaks with assigned contest officials.
  4. Have cooling stations for before, during, and after exercise/training/competition.
  5. Watch/monitor athletes carefully for necessary action
  6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
  7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
  8. If practicing, maximum of 2 hours of training/practice while temperature is in this range.

- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

**d. 87.6-89.9 degrees F**

- i. All sports
  - 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  - 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
  - 3. Coordinate breaks with assigned contest officials.
  - 4. Have cooling stations for before, during, and after exercise/training/competition.
  - 5. Watch/monitor athletes carefully for necessary action
  - 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
  - 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
  - 8. If practicing, maximum of 1 hour of training/practice while temperature is in this range.
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

**e. 90 degrees F**

- i. All sports
  - 1. No training/competition
  - 2. Cancel and/or postpone activity to cooler time of the day

NOTE: While most attention will be given to outdoor sports in the fall and spring, indoor venues/facilities (gymnasiums, wrestling rooms, and swimming/diving facilities) that are not air conditioned should not be neglected for the purposes of this policy. Additionally, sometimes conditions will vary for different aspects of the same competition. For example, one part of a cross-country course may be hotter or more humid than other parts. The best course of action for managers is to take a WBGT reading at the place of the most severe conditions.

# Cooling Methods Due to Heat Related Illness

Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death. The majority of evidence shows that early institution of body cooling is the most effective method of decreasing mortality in EHS. The following contains recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade. The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow). The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such. These guidelines should only be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity. Sports especially at risk include football with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.

It is essential that member schools and school administrators/officials:

- Establish a written plan coordinated with local EMS for emergency treatment of EHS that includes transport to a hospital and conduct drills in the implementation of the plan as practicable.
- Know how to assess environmental conditions and determine when extreme conditions exist.
- Identify a specific spot at the athletic facility that has shade.
- Have immediate access to ice and bags to contain ice.
- Have access to water, and provide water breaks as outlined in the IHSA Managing Heat and Humidity Policy.
- Know the most effective sites for application of ice to the body.
- Obtain and use, when environmental conditions are determined to be extreme, a tub or pool, filled with water and ice before activity begins, to be used in body immersion for maximal cooling, and have personnel trained in this technique.

It is desirable that member schools and school administrators/officials:

- Have a certified athletic trainer (ATC) on staff, as budget and resources allow, to develop and implement these guidelines.
- Have immediate access to water.
- Provide shade breaks.
- Provide fans when environmental conditions are determined to be extreme.
- Have close access to an air conditioned room.
- Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.

# IHSA Severe Weather Safety Guidelines

*To be used during any IHSA state series contest*

When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Take shelter immediately.

Lightning is one of the most consistent and underrated causes of weather-related deaths or injury in the United States. Nearly all lightning-related injuries occur between the months of May and September and between the hours of 10:00 a.m. and 7:00 p.m. Therefore, the greatest concern for injuries in an outdoor contest appears to be during that time, though it can happen any time of year.

It is essential that local managers, competing schools, and contest officials establish dialogue in advance of contests or events to ensure that all involved are aware of what the plan will be in determining whether or when to suspend play. Local managers are encouraged to share their plan with competing schools and assigned contest officials *prior to the start of the tournament/event*.

## Advance Planning:

Local Managers should have a documented plan in place, designated people who are responsible for monitoring the weather and a qualified person (typically a trained manager and/or officials) to make the decision to suspend play. In state series competitions, the local tournament manager or official(s), if assigned, can make the decision to suspend play.

## Monitoring Weather:

Local Managers during the contest should be aware of any potential thunderstorms that may form during the competition; if an evacuation is needed, managers should also know how long it would take teams to get to their safest location. Monitoring the weather with a weather alert radio, or with lightning detection systems, or any other available means, is recommended.

If competing schools have portable devices they will be bringing to a contest/event and/or have specific policy or directions from their administration that they must follow, the school must communicate those to the tournament manager. Tournament managers must know the policies of each school assigned to their tournament or event prior to its start.

## Lightning Awareness

Generally speaking, it is felt that anytime a cloud-to-ground strike of lightning can be seen, or thunder heard, risk is already present. It is time to seek shelter.

## Criteria for Suspending Play

If the local management does not have commercial weather warning equipment at the site or an efficient method of making an accurate, timely decision on location, listening for thunder is the best way to mitigate the danger. If thunder is heard, or lightning is seen hitting the ground, the thunderstorm is close enough to strike in your location. According to the National Weather Service, lightning can strike 10 miles away from the parent thunderstorm. When thunder roars, go indoors! It is important that local manager monitor not only how far away the lightning is but also how fast it is approaching. Thunderstorms can form and move quickly and danger can arrive quickly.

Either tournament/event management or assigned contest officials have the authority to suspend or cancel interscholastic contests. It is recommended that those groups work together in making such determination and use any and all available information in doing so. Participating schools with concerns at particular events should direct those to tournament/event management or assigned contest officials.

The following guidelines should be followed in determining when to suspend an event:

1. Anytime a cloud-to-ground strike of lightning can be seen, or thunder heard, risk is present, and a contest should be suspended. At that point, the 30 minute rule for resumption should go into effect.  
*NOTE: Due to the layout of some outdoor facilities, contest officials or tournament managers may not be able to see lightning actually "strike the ground." However, whenever lightning is seen moving out of clouds towards the ground, it can be assumed that the lightning is, in fact, striking the ground somewhere, and, as a result, the contest should be suspended.*
2. If lightning or thunder is not present but the weather is starting to become ominous, tournament management and/or contest officials should use all available information to determine if and when a contest should be suspended. Care for both participants and spectators should be taken into account at this point. If in doubt, contest officials or tournament managers are encouraged to exercise caution and suspend play. At such a point, tournament officials should be ready to implement their emergency plans. However, competing schools who pull their teams or athletes off a field of competition prior to a contest or event's suspension do so at the risk of forfeiture or disqualification from the game or event.
3. Suspended contests or events should be resumed at a time when the weather and/or field conditions allow for resumption.

## Evacuation Plan

**Safe Areas:** All personnel, athletes and spectators should be clearly informed of available safe structures or shelters in the event a thunderstorm approaches. A safe structure is any fully enclosed building frequently used by people. In absence of that – athletes and spectators should go to any vehicle with a hard metal roof. Roll up the windows and do not touch the sides of the vehicle. If no safe structure or vehicle is available, find a thick grove of small trees surrounded by taller trees or a dry ditch. Assume a crouched position on the ground with only the balls of your feet touching the ground. Wrap your arms around your knees and lower your head. Minimize contact to the ground since lightning often travels through the ground.

**Avoid:** Tall trees or objects like light poles or flagpoles, individual trees, standing pools of water and open fields. Also avoid being the highest object on the field. Do not take shelter under trees. Avoid bathrooms if another building is available, and do not use a land-line telephone. A cellular phone or portable phone is a safe alternative if in a secure shelter or vehicle.

## Resuming Activity

The NSSL (National Severe Storms Laboratory) recommends that everyone should wait at least 30 minutes after the last flash of lightning or sound of thunder before returning to the field or activity.

## **Bad Weather Policy**

*(Approved by the IHSA Board of Directors)*

The games committee and meet manager will determine any hazardous condition of the course due to bad weather. The coaches shall be alerted to pending bad weather conditions. At a pre-race meeting with coaches, they should be informed of the bad weather guidelines and recommended procedures should a race be interrupted due to hazardous weather conditions. Coaches will be asked to follow these guidelines. (Please refer to the IHSA Lightning Policy.)

If a race is in progress an air horn shall be used to notify runners and coaches.

Coaches should get runners off the course and into a safe area. If there is lightning, seek shelter in the bus, vehicle or nearby shelter. Do not go under a tree or under tents with metal poles.

If the race is stopped with the lead runner *less than half way* through the course, then there will be a one-hour rest period before restarting the race.

If the race is stopped with the lead runner *more than half way* through the course, then there will be a two-hour rest period before restarting the race.

If the last runners do not affect the results of the top teams or individual qualifiers that advance, then the results stand.

If the race cannot be completed on the scheduled day, then the race will be run on the first Monday following the canceled race.

**Note:** Every effort to complete the race should be made for the benefit of the conduct of the series. The State Finals will not be rescheduled.

## **Unmanned Aerial Vehicle (Drone) Policy**

**For IHSA Tournaments**

**Effective February 18, 2015**

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

## **Awards Delivery Information**

To Managers of All IHSA Tournaments:

In an effort to better serve our tournament sites and the suppliers of our awards, we would like to have you read this bulletin carefully and then do what you can to expedite the instructions:

1. Be advised that at **Regional and Sectional Tournaments**, medals and plaques may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medals **CAN** be in plaque boxes. **NOTE:** There are no medals given at Regional and/or Sectional Levels in the team sports of baseball, basketball, competitive cheerleading, football, soccer, softball and volleyball, and in the activities of Drama/Group Interpretation and scholastic bowl.

Our awards supplier, A and M Products of Princeton, IL, often ships Regional and/or Sectional medals in the box with the plaque. **PLEASE CHECK THE PLAQUE BOXES CAREFULLY AND DO NOT DISCARD THEM UNTIL YOU HAVE DETERMINED THE MEDALS ARE NOT THERE!!**

**At State Final Tournaments**, medallions and trophies may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medallions can be in trophy boxes.

2. Awards will be shipped to the school sites directly from A & M Products via United Parcel Service.
3. Please inform whoever receives your United Parcel deliveries to expect awards to arrive up to two weeks prior to the tournament, and ask them to deliver the packages directly to you when they arrive.
4. It is very likely that some awards (particularly trophies) will arrive in two or more boxes and will need to be assembled. **They may not arrive on the same day, but should be opened as they arrive.**
5. Please check all trophies, plaques, etc., to see that they are in good condition and not damaged in any way. You should note that they are engraved with the proper sport, tournament level, year, etc.

If, after doing all of this, a problem develops, please contact Cheryl Lowery at the IHSA office at (309) 663-6377.

Thank you very much for your cooperation.
