Re.: State Final Information

Congratulations on having your school qualify for the IHSAA Boys' Football State Finals! After your Semifinal victory, your school should have been provided with a box from my office that contained some other important information. In that box, you should have received tickets and ticket information as well as Sideline and School Administrator passes.

On-line on our boys' football page, there is a link near the bottom of the page entitled "State Finals Qualifier Information". Please go there and print this pdf file. The following items are included in this packet:

- State Playoff Info from the University of Illinois
- Trainer Pass Requests - **Fax to IHSAA by November 24**
- Student Media/Video Taping Credentials – email mtroha@ihssa.org by November 25
- 2014 IHSAA State Final Football Playoff Information - **Fax to IHSAA by November 24**
- Cheerleading Info
- Band Directors Info

It is imperative that you print out copies of each – plus the IHSAA Boys' Football Manual for Schools and the Football Terms and Conditions – and review all these documents prior to coming to Champaign.

If your school has student media personnel, you will need to fax the request form with the names of the students that will need the media passes by 3:00 p.m. November 25, 2014. They will be able to pick them up at Will Call when they get to Champaign. Will Call is located at the ticket office on the NW parking lot of State Farm Center.

If your school has a certified trainer and will need a pass for your trainer, please include this information on the Media/Trainer Pass Request and the trainer's pass will be given to the coach when they get off the bus at the state finals.

A reminder that there will be a doctor on duty from Carle Hospital. This doctor will have the ultimate control over a situation on the field. I know that some teams have physicians that travel with them and I wanted to make sure that everyone understands ahead of time that the assigned doctor from Champaign will have control if we would have such an unfortunate situation develop. Additionally, the ruling on concussions of athletes will be determined by this doctor.

We would like to meet with the principal and athletic director of both schools with fifteen (15) minutes on the game clock in the south end zone – large scoreboard end.

On behalf of our office, I'd again like to congratulate your school on this accomplishment.

RE: Protocol for Spirit Participants at the IHSA Football State Final

Congratulations on qualifying for the IHSA State Final in Football. It is a great honor and privilege to be on the sidelines of an IHSA State Final and through this memo we want to remind you of a few things to make your experience at the Football State Final the best ever. I would recommend that you review the enclosed NFHS Rules Book prior to game time. State Final workers will be located throughout the stadium on game day to direct and assist you with any questions.

Bona-fide students of your school are the only participants eligible to participate on the sideline Spirit Teams. Some additional important points of emphasis in the NFHS Rules Book with IHSA interpretations to keep in mind for the state final are listed below.

- 1. Rule 2 General Risk Management- Participants must not chew gum or have candy in their mouths at any time (2-1-7).**
- 2. Rule 2 General Risk Management- Jewelry must not be worn (exception medical or religious medals taped to the body under the uniform) (2-3-1).**
- 3. Rule 2 General Risk Management-Hair must be worn in a manner to minimize risk for the participants (away from the face and eyes and off the shoulders) (2-3-3).**
- 4. Rule 2 General Risk Management- Performing surface must be suitable for stunting (2-1-4 - 2-1-5) If there is any moisture on the surface participants must not stunt.**
- 5. Rule 2 General Risk Management- School issued uniforms must be appropriate for the activity (no midribs showing and if the weather is cold no extended stunting with gloves and wet/slippy warm up slickers) Extended stunting may be done with gloves that have a non-slip substance applied to the palm-side fingers (stunt gloves). (2-3-4)**

I would also recommend that you review section 2 on sportsmanship, section 4 on spotting, section 5 on inversions and section 7 on tosses in the NFHS Spirit Rules Book.

High School Dance Teams are permitted to perform at halftime. If your Dance Team will be performing, please alert IHSA personnel at the venue in order to coordinate times.

Mascots, flags, signs and megaphone used appropriately by spirit participants are allowed in front of your fans only. Remember mascots must be bona fide students and should not be stunting.

Thank you for taking the time to review these important rules with your team. We trust that you will have a great experience and remember that the games are televised and watched by millions of viewers. Occasionally sideline spirit teams are interviewed by media so have your teams ready!

Feel free to contact the IHSA if you have any questions and have wonderful Football State Final experience.

RE: Football State Final Protocol

Congratulations on qualifying for the IHSA State Finals in football. It is a great honor and privilege to be involved with an IHSA State Final and through this memo we want to remind you of a few things to make your experience at the IHSA Football State Final game the best ever.

State Final workers will be located throughout the stadium on game day to direct and assist you with any questions.

Bona-fide students of your school in uniform are the only participants eligible to play in your band.

Appropriate sportsmanlike pep music is allowed to be played. Bands must stop playing prior to the snap of the ball (when the team comes to the line of scrimmage).

The marching band of each competing school may perform at half-time of the game in which their school is involved. Each band will be allotted a maximum of six (6) minutes for its half-time performance. The band representing the visiting team shall perform first. Should only one band perform at half-time, the time allotment shall be twelve (12) minutes.

At the state final, the National Anthem will only be played prior to the first game on Friday and the first game on Saturday.

The band is an instrumental part of the energy and excitement of a football game and we encourage you to work in conjunction with your fans and spirit teams to promote positive sportsmanship throughout your game.

Thank you for taking the time to review these important requirements. We trust that you will have a great experience at the IHSA Football State Finals and remember that the games are televised and watched by millions of viewers. So have a great day and enjoy your performances.

Feel free to contact the IHSA if you have any questions and have a wonderful State Final experience.

Medical Arrangements:

Trainers- Athletic trainers on the University of Illinois staff and local volunteer certified athletic trainers will be available prior to each game to assist in the taping of participants, and will be available for sideline duty if a school so desires. The head coach (or designee) of each competing team should make requests for help in taping and/or sideline duty from the University of Illinois training staff if desired. The enclosed "Football Playoff Medical-Equipment Request Form" must be on file with Holly Stalcup by Wednesday, November 26th.

Doctors- Licensed physicians are contracted to attend each game. Doctors will be instructed to meet the head coach prior to the game(s). In addition, they will visit the dressing room at half-time to provide any service that may be needed and again following the game. IEMS protocols are that the attending physician, from Carle Hospital, is the primary responder and decision maker for all student-athlete injuries and concussions.

Should a team bring its own licensed physician, schools may choose to issue one of its allotted Sideline Passes or provide the physician with a paid ticket for admission for a seat in the stands. Should a school choose the latter, the principal of the school is responsible for informing the usher in the doctor's seating area of the physicians location and to obtain procedure for getting the doctor to the team's player box in case of emergency.

Warm-Up:

Practice Facility (available ninety (90) minutes prior to scheduled game time)- The Irwin Indoor Football Practice Facility or the East Practice Fields are available for team warm-ups prior to the playing surface of Memorial Stadium being available. Home teams will be assigned the south half of the building or the fields for warm-up and visiting teams must use the north half of the building or fields. A large net will divide the Irwin Indoor building into halves. Kicking is prohibited in the indoor facility as well as food and any type of beverage (with the exception of water). Only team members in uniform and coaches/administrators with field access passes will be allowed in the Irwin Indoor Practice Facility or on the East Practice Fields. The playing surface in the indoor facility is FieldTurf, which is the same surface as Memorial Stadium.

*****Due to Illinois Football practice the Irwin Indoor Football Practice Facility will not be available for warm-up between 2:00 pm and 3:00 pm on Friday. During this time, teams will be instructed to use the East Practice Fields for warm-up.***

Memorial Stadium- There will be a minimum of 20 minutes warm-up practice on the artificial turf allotted to competing teams. The coin flip will take place approximately 20 minutes before the start of each game, (10 minutes into the warm-up) at midfield with the captain(s) of each competing team and game officials involved.

Coaches' Communication:

Sidelines- *Neither the IHSA nor the University of Illinois will be responsible for furnishing sideline or press box headsets or phones.* A golf cart will be available to transport items from the locker area to the sideline. Each team's pre-game warm-up area will be assigned and posted in the locker room. Please see the Map 3 for specifications.

Booths- Coaches' booths are located on Level 8 in the Press Box. Access to the Press Box is via the north service elevator located on the West Side of Memorial Stadium, through gate 10. The elevator operator will help direct coaches to the appropriate booths. 3 passes have been designated as "spotters" for the coaches serving as spotters for their team. Only these coaches will be allowed to enter the elevator and access Level 8.

Home Team-Press Box booth #8027

Visiting Team-Press Box booth #8022

Access to the Press Box- Coaches who are assigned responsibilities in the Press Box should report to the north service elevator personnel no earlier than 15 minutes before the start of the game. Proper identification (field pass) of the coaches and the school they represent must be given to the gate personnel at the elevator. Access to the north service elevator is through gate 10. Coaches who are on the playing field for warm-up/practice prior to assuming responsibilities in the Press Box may gain access through the West Great Hall of the stadium by going up Aisle 131 in the West Main Stands.

Game Video:

If a school wishes to film or videotape its own game at Memorial Stadium, the 50 yard-line TV platform in the west balcony is available for use. Each participating school is allotted a number of photo credentials to be used as determined by the principal (or designee).

Time-Out Policy:

The length of all time-outs will be at least 60 seconds. Following a score (and PAT), however, a minimum of 60 seconds will be used to put the ball in play to allow television and radio stations originating a broadcast of the contest to take commercial breaks.

Tie-Breaker Procedure:

The tie-breaker format listed in the Terms and Conditions shall be used in the event the score is tied at the end of regulation time.

Equipment:

Game Balls- Each competing team must supply two (2) legal Wilson footballs of its choice, provided the Referee of their game has approved them prior to the opening kickoff. The Referee will inspect the team's legal Wilson game balls during the pre-game warm-up period inside the stadium.

Ball Boys- One Ball Boy, provided by each school and properly identified, will be used during each contest and will be charged with the responsibility of keeping wet balls dry, keeping the proper ball(s) in play, etc. They will obtain a school's "personal" ball(s) from the head coach (or designee) prior to the opening kickoff, and will return it to the head coach (or designee) at the conclusion of the game. Credentials for the ball boys, will be included in the box delivered to the principal (or designee).

Shoes- Neither the IHSA nor the University of Illinois will be responsible to furnish this equipment. It has been found that most players prefer to use the same shoes they have competed in during other games, since no single type of shoe has been found to be superior for use on the artificial surface. All cleats, however, should be in good repair.

Towels- The University of Illinois will provide participating schools with towels for use during and after their game.

Foul Weather Gear- The University of Illinois **WILL NOT** provide any foul weather gear. Each school competing in the Championship games will be responsible for all equipment it will need, including cold weather parkas or the like.

The University of Illinois will provide two (2) salamander heaters for each sideline. Any additional heating devices to be used by competing teams and/or cheerleaders must be approved by Playoff Manager, Holly Stalcup, in advance of the scheduled starting time of the game in which the school will participate.

Valuable Personal Belongings- The IHSA and the University of Illinois will not be responsible for personal belongings or valuables.

Post-Game Meals:

Teams are **NOT** allowed to use their locker room or meeting room for a post-game meal. Tent City is available post-games for meals.

Champaign Restaurant Guide: <http://www.visitchampaigncounty.org/>

Schools that make advance reservations for a post-game meal at a restaurant in the Champaign-Urbana area, or on the way home, are responsible for all expenses incurred.

Press Conference:

Post-Game Press Interview Session- A press conference involving the head coach of each of the participating teams, as well as players from both teams who played outstanding games and/or who figured prominently in the outcome of the game, will be conducted on the 8th level of the Press Box. It is mandatory that each head coach participate in the press conference according to the following procedure:

All Interviews- The IHSA Publicity Staff member who made contact with each head coach prior to the game clarifying up-to-date information will escort the head coach and selected players to the interview room at the conclusion of the Trophy Presentation Ceremony.

Losing Team Interviews- The formal Press Conference will last no longer than ten (10) minutes. The IHSA Publicity Staff member who accompanied the head coach and players to the Press Interview Room will announce the close of the formal press conference at such time as momentum of the press conference declines. The losing team interviews will precede the winning team interviews.

NOTE: The coach and players involved in the first interview session may be asked for an interview area after the formal press conference if news media personnel desire one-on-one personalized interview for one (1) hour, after which all Press Interview Rooms will be cleared.

Winning Team Interviews- The formal Press Conference will last no longer than ten (10) minutes. An IHSA Publicity Staff member will accompany the head coach and team members to the press conference. The winning team will meet the press after the losing team.

NOTE: The coach and players involved in the interview session may remain in the area after the formal Press Conference if news media personnel desire one-on-one personalized interviews.
