In addition, principals may nominate one at-large Commission member from their Division electronically. These nominations must be submitted electronically to the Association by September 15. The Board of Directors shall appoint a teller to verify the vote count. The two principals from each District and the two athletic administrators from each Division receiving the highest number of nominating votes shall be declared the nominees and they shall be notified immediately of their nomination by mail. In case of a tie vote in any District/Division, the tellers shall determine the winner of the tie by lot.

A principal may not be considered for nomination if the athletic administrator or activities director at his/her school is already a member of the legislative commission and whose term has not expired.

If a principal, athletic administrator or activities director from the same school are both nominated for the legislative commission, and the tellers determine they qualify as official nominees, the official representative of the principal's, athletic administrator's or activities director's school shall be contacted in order for the school to indicate which nomination will go forward on the ballot. Each ballot shall be electronically submitted to the office of the Association by October 1. The Board of Directors shall appoint a teller who shall meet not later than October 4, to verify the vote count. The teller shall then certify to the Legislative Commission the results of the balloting. At the next regular meeting of the Legislative Commission following the election, the Commission shall canvass the vote and declare the candidate(s) in each District/Division receiving the highest number of votes for each position to have been elected. In case of a tie in any District, the tellers shall determine the winner by lot.

They shall be eligible for no more than three three-year terms.

In the event that high school principals, athletic administrators or activities directors who are Legislative Commission members are removed from their District/Division because of the redistricting of the state (except as provided in Section 1.722) they shall continue to represent the District from which they were elected for the balance of the year provided they continue to serve as principal, athletic administrator or activities director of a member school in the territory which formerly comprised the District/Division from which they were elected.

The second meeting, which shall be the official legislative meeting of the Commission, may be held on the same day as the first meeting or at any time within thirty (30) days following the first meeting. The Commission shall be authorized to reword or amend a proposal, but shall obtain authorization from the principal submitting the original proposal before referring the revised or amended proposal to the Association. The Commission, with formal recommendations, shall refer to the Association for final action on all proposals except those rejected by a majority vote of the Commission members present. The report of the Commission shall be accompanied by a brief statement of the arguments for and against each proposal referred to the Association. Votes of the individual members of the Legislative Commission shall be recorded and made available to member school principals/official representatives upon written request. If, after consideration by the Legislative Commission, a proposal is not accepted for inclusion on the referendum ballot, but petitions requesting inclusion of the proposal on a referendum ballot are received from twenty percent (20) of the member school principals, the proposal shall automatically be included on the next referendum ballot without further action by the Legislative Commission.

- (a) The schools are located in the same geographical area;
- (b) All schools participating in the cooperative are Class A (in a 2-class system) or Class 1A or 2A (in a 3 or 4-class system) schools according to the IHSA Classification System; or, in the event one or more of the cooperating schools is a Class 3A or 4A public school, the cooperative team is for a sport other than Boys Football or Boys or Girls Basketball; In the event one or more of the schools involved in the cooperative is a public non-boundary school, that school's actual enrollment, not multiplied enrollment is used to determine the eligibility of the cooperative team request.

## **Illustrations for Section 2.030 of the Constitution**

The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.

- 12)** Q. According to the by-law, "conference approval" is required for each cooperative team. What constitutes "conference approval"?
- A. "Conference approval" is a formal, voted-upon action by a conference, according to its own method of voting, granting formal approval by the conference to the formation of a cooperative team involving one or more of its member schools. On the application form for IHSA approval of each cooperative team, conference presidents of involved conferences will be required to sign certification of conference approval and indicate the method of voting used by the conference in determining approval. (Constitution 1.420 & By-law 2.030)
- 13)** Q. What requirements do schools which establish cooperative agreements have to meet in respect to defining the administrative details of a cooperative team?
- A. Boards of Education must adopt an agreement with the other district(s) involved in the formation of a cooperative team in order to delineate provisions for insurance, coaching personnel and compensation, liability, facilities, equipment, etc. (By-law 2.030) This agreement may be designed like the intergovernmental agreement authorized under the provisions of Section 10-22.31(a) of the School Code of Illinois.
- 14)** Q. If a school adds a boys sport team by formation of cooperative teams, must it also add a girls sport team to its program?
- A. Simply adding a team for one gender of student by forming a cooperative does not require corresponding action to add a team for the other gender of students. However, schools are bound by the provisions of the State Sex Equity Rules, published by the State Board of Education. Questions in respect to these rules and the implications of cooperative teams in light of them should be referred to the State Board of Education. (By-law 2.030)
- 15)** Q. May cooperative teams be formed with out-of-state schools?
- A. Yes. However, cooperative teams formed with either out-of-state or other non-member schools may not compete against IHSA member schools. Therefore, if a school located along the state border forms a co-op team with a school in a neighboring state, it may compete only with schools in that state or schools which are not members of the Illinois High School Association. (By-law 2.030)
- 16)** Q. May cooperative teams be formed with non-IHSA member schools from Illinois?
- A. No. (By-law 2.030)
- 17)** Q. May a school form more than one cooperative team in the same sport?
- A. No. (By-law 2.030)
- 18)** Q. May a school form a cooperative team with one other school in football, a different cooperative team with another school in cross country and even a third cooperative team with yet another school in volleyball?
- A. Yes. The provisions of this rule permit formation of different cooperative teams with different schools on a sport-by-sport basis. However, each cooperative team formed must undergo the complete process approval by the boards of education, the conference, and the IHSA Office. (By-law 2.030)
- 19)** Q. In light of the requirement that cooperative teams may not "limit participation opportunities," must a "no-cut" policy be established for each cooperative team that is formed?
- A. No. (Constitution 1.420 & By-law 2.030)
- 20)** Q. May a school drop one sport, such as fall baseball, in order to enter a cooperative team arrangement in another sport, such as football?
- A. Yes. The decision as to which sports to offer is exclusively the prerogative of each local board of education. (By-law 2.030)
- 21)** Q. May a cooperative team agreement be formed during a sport season, in order to accommodate participation in the state tournament series that school year?
- A. No. All cooperative teams must have applied to the IHSA for approval no later than the pre-season deadlines established (Fall Sports—August 1; Winter Sports—October 1; Spring Sports—February 1). Applications received after this date will be denied or considered only for implementation no sooner than the subsequent school year. (By-law 2.030)
- 22)** Q. Must cooperative teams compete in six contests to be eligible for state series team competition under the provisions of By-law 3.054?
- A. Yes. (By-laws 2.030 & 3.054)
- 23)** Q. If two schools, whose enrollments as of September 30 in a given year are 450 and 400 respectively, form a cooperative team, what enrollment will be used to determine the classification of the cooperative team?
- A. Classification of the cooperative team will be based on the combined enrollment of the cooperating schools. In this case, 450 plus 400, or a total of 850. This figure of 850 will determine classification for the cooperative team only. The individual schools will still be classified on the basis of their individual enrollments of 450 and 400 respectively for other sports. (By-law 2.030)

- 24)** Q. If the combined enrollment of schools in a cooperative team agreement exceeds the cut-off for division between any class, in which classification will this cooperative team compete?  
A. In all sports and activities other than football and music, if a cooperative team has a combined enrollment over the dividing line between classes, the cooperative team will compete in the higher class for that sport or activity. (By-law 2.030)
- 25)** Q. In the event the situation indicated in the previous Illustration occurs in football, what will be the classification of the cooperative team?  
A. Football classification differs from that for other sports in that class designation is not determined until all teams qualifying for the State Playoffs are established. Then the number of qualifiers is divided into eight equal groups, on the basis of their official enrollments. Therefore, the coop team referred to in the previous Illustration would be classified on the basis of its 850 combined enrollment, and would almost certainly be in a different class than either school would have been in with their individual enrollments of 450 and 400. (Constitution 1.450 & By-law 2.030)
- 26)** Q. In the event the situation indicated in the previous Illustration occurs in music, what would be the classification of the cooperative program?  
A. Music classification also differs from that in other activities. Schools are classed as follows: 0-190 = Class D; 191-350 = Class C; 351-800 = Class B; 801-1600 = Class A; Over 1600 = Class AA. Therefore, the co-op program referred to in Illustration 21 would be classified as Class A in Music. (Constitution 1.450 & By-law 2.030)
- 27)** Q. If a school is in Class 2A by enrollment at the time it enters a cooperative team agreement, but then grows to Class 3A size before the end of the agreement's term (minimum of two years), may it continue in the cooperative team agreement for its duration?  
A. Yes. If a school in a cooperative team agreement grows beyond the classification dividing line and becomes Class 3A, any cooperative agreement of which it is a party will remain in effect for its duration. The cooperative team opportunity is available to both Class A and Class AA public member schools. (By-law 2.030)
- 28)** Q. If two schools form a cooperative team, may they redraft their cooperative agreement and add a third school to the cooperative at the end of one year?  
A. Yes. With the approval of all the schools involved, the conferences (if applicable), and the approval of the Executive Director, a school may be added to a cooperative team at the end of the first year. (By-law 2.030)
- 29)** Q. If two schools form a cooperative agreement, and then after the season for that sport begins, interest wanes and there are not sufficient students participating to sustain the team, what is the status of the agreement if the boards by mutual consent terminate the team's existence?  
A. Note that each cooperative agreement is for a minimum of two years. Even if the team for which the agreement is established does not compete, the schools are committed to the agreement for the two-year period. They may not terminate the agreement early, nor may they enter another cooperative agreement with another school during the lifetime of such an original agreement. Furthermore, if students from either of the schools should enter the IHSA state tournament series as individuals in the sport for which the cooperative was established, they would have to be entered under the auspices of the cooperative team, not their own individual high school. (By-law 2.030)
- 30)** Q. Can a cooperative team form for only one year?  
A. No. Cooperative team agreements are for a two year period. Consolidation or annexation of a school in a coop could allow a coop to end prior to the completion of its two year cycle. (By-law 2.030)
- 31)** Q. If two schools have established a cooperative team, and the cooperative dissolves prior to the end of its two-year agreement, may either of the schools participate as an individual school in that sport before the termination of the cooperative agreement?  
A. Yes, provided the reasons for dissolution of the cooperative team are extenuating circumstances accepted by the IHSA Board of Directors. However, a school in this situation may not enter another cooperative agreement in this sport until the end of the two-year time period of the original cooperative agreement. (By-law 2.030)
- 32)** Q. In the event two schools, each of which is a member of a different conference, form a cooperative team, how will the requirement for conference approval be administered?  
A. According to By-law 2.030, cooperative teams must be approved by the conference(s) of which the participating schools are members. They must also be approved by the conference in which the cooperative team will participate or by seven schools on the cooperative team's schedule if it will not compete in a conference. To illustrate:  
(a) If the new cooperative team will compete in the conference of which one of the cooperating schools has been a member, both that conference and the conference(s) of which other schools in the cooperative have been members will be required to approve the cooperative team.  
(b) If the new cooperative team will compete in neither of the existing conferences but in another conference altogether, then both the previous conferences and the new conference must approve formation of the cooperative team.  
(c) If the schools forming a cooperative team have been members of conferences but will compete as an independent team under their cooperative agreement, then the conferences of which they have individually been members, along with seven (7) schools from the proposed independent team's schedule, must approve formation of their cooperative team.  
(d) If one school entering a cooperative has been a member of a conference and the other school entering the cooperative has been independent, and the cooperative will compete as an independent, approval of the cooperative team must be obtained from both the conferences of the one cooperating school and from seven (7) schools on the new cooperative team's schedule.

- 33)** Q. How is the term “seven schools” defined with respect to requiring approval by “seven schools on its schedule” in the event the co-op team will not compete in a conference?  
 A. “Seven schools” means seven actual and different individual IHSA member high schools from seven different competitions included on the cooperative team’s proposed schedule for the succeeding school year. (Constitution 1.420 & By-law 2.030)
- 34)** Q. Assume that a school drops out of a conference where it has participated in a particular sport and then enters a cooperative team agreement to participate in that same sport in another conference. Do the schools in the original conferences have any recourse, especially if they are not able to reschedule new opponents?  
 A. Formation of cooperative teams does not automatically negate all existing contracts. In general, contracts may be dissolved or altered only by mutual consent on the part of all involved parties. (By-law 2.030) In this situation, however, approval of the formation of a cooperative team by a conference will be interpreted to indicate tacit acceptance of the dissolution of all contracts between conference members and the school(s) involved in the cooperative. Therefore, schools in a conference which approves a member leaving the conference to form a cooperative team that will compete as an independent or in another conference, may lose games they had planned on without having breach of contract recourse. On the other hand, contracts for games which are not part of a conference schedule in a conference which has approved the formation of the cooperative team will be considered as individual contracts between the two schools. They may be dissolved only by mutual consent of both schools. If the school which is party to such contract and is not entering a cooperative team agreement refuses to dissolve the contract mutually, it will leave the school entering the cooperative agreement with a potential breach of contract situation.
- 35)** Q. Will the IHSA approve a cooperative team application in the event all questions pertaining to contracts with other schools and/or officials are not mutually resolved?  
 A. It is not likely, though a judgment will be made in each individual case. (By-law 2.030)
- 36)** Q. If two schools have established a cooperative team and, during the season for that sport, one of the two cooperating schools experiences a teachers’ strike, may the cooperative team continue to participate during the strike or is it restricted under the terms of the IHSA Strike Policy?  
 A. The cooperative team will be affected by the strike policy. Therefore, if either cooperating school experiences a strike, the students from the striking school will be restricted from competition for the duration of the strike. Students from the non-striking school may continue to participate. If the non-striking school is unable, due to insufficient numbers, etc., to fulfill the terms of contracted obligations, the cooperative will be held in breach of contract. (Constitution 1.420 & By-law 2.030)
- 37)** Q. What impact on a coop is there if, during the term of a coop, one of the schools involved in a coop consolidates with another district, annexes with another district, or deactivates?  
 A. In the event of consolidation, annexation, or deactivation, a coop agreement among schools will cease to exist. In such an event, the consolidation, annexation, or deactivation will supersede the coop agreement. In such an event, the remaining school(s) would be allowed to enter into a new coop agreement with a new district, even if their former agreement had not expired. (By-law 2.030(e).
- 38)** Q. Can two districts that are not contiguous form a coop?  
 A. Yes. Public school districts must be in the same geographical area in order to form a coop within the parameters of the by-law, but the districts do not have to be contiguous. (By-law 2.030)

### 40) APPLICATION OF RULE

- Q. Do the provisions of this rule prohibit:
  - (a) school bands from marching in parades in which non-school groups perform but do not compete?
  - (b) school-sponsored ice hockey teams from competing with non-school clubs or teams?
  - (c) FFA judging groups from competing against 4H or other non-school entities?
- A. This by-law is interpreted to apply only to competitive activities. Therefore, it does not prohibit Example (a) but it does prohibit Examples (b) and (c). The key factor to consider is whether competition is involved in an activity or not. (By-law 2.050)

- 41) Q. May schools that sponsor ice hockey teams, lacrosse teams or any other interscholastic teams participate against non-school teams?
- A. No. (By-law 2.050)

### 42) ALUMNI GAMES

- Q. May a school team play a contest against a group of alumni, just for local interest?
- A. The by-laws limit member schools to compete against other schools. A school may not play an alumni contest in any sport since alumni teams are not school groups. (By-law 2.050)

### 43) FACULTY GAMES

- Q. May a school conduct a basketball game between teams of faculty members and school basketball team members to raise funds for the purchase of a new clock and scoreboard?
- A. Faculty-student games are interpreted to be intramural events. Therefore, they are not restricted by this by-law. Only members of the school's faculty and students at the school may participate. (By-law 2.050) Such contests are not counted as one of the contests to which a school team is limited by the by-laws. (By-law Section 5.000)

- 44) Q. May an approved school participate in a tournament against an IHSA member school?  
A. No. Approved schools may only participate in dual contests with IHSA member schools. (By-law 2.050 and Article 1.270)

#### 45) DISMISSAL TIME

- Q. Whose school dismissal time is used to determine the permitted time for practice or workouts at the site of a contest?  
A. The dismissal time of the school hosting the contest shall be the time from which practices may be scheduled. Therefore, if the host school is dismissed at 3:15 p.m., no visiting school may practice at the site of the contest until 3:30 p.m. or later, regardless of its own dismissal time. (By-law 2.060(i))

#### 46) LEAVING SCHOOL EARLY

- Q. May a team leave school prior to dismissal time to travel to the site of a contest?  
A. This by-law regulates only the actual start of practice at a contest site. Schools make their own determinations about leaving school to travel to the site. (By-law 2.060(a), (b), and (i))

#### 47) GOVERNMENTAL SPONSORSHIP

- Q. When a governmental agency, such as the General Assembly or Department of Tourism, provides funds for a school's use to travel to and participate in a particular event, does this constitute "governmental sponsorship" of the activity under the terms of this rule?  
A. Yes, and the school may participate under all the terms of the sanction policy. (By-law 2.060(c))

- 2.072** If a member school is unable to fill an assistant coaching position under the terms of Sections 2.070 or 2.071, with personnel acceptable to its Board of Education or governing board, it may employ to serve as an assistant coach, an individual who possesses a Substitute Teacher's Certificate.
- 2.073** If a member school is unable to fill a coaching position under the terms of Sections 2.070, 2.071 or 2.072, with personnel acceptable to its Board of Education or governing board, it may employ to serve as a coach, an individual who holds a minimum of a bachelors degree from a college or university, provided the individual has satisfactorily completed a coach training program approved by the IHSA Board of Directors.

The Board of Directors may also establish additional criteria by which it shall approve coach training programs.
- 2.076** Students in teacher-training institutions may be assigned to assist with the coaching of athletic teams in a member school as a part of their practice teaching course provided they are under the direct supervision of an individual who is qualified to coach under the provision of Sections 2.070, 2.071 or 2.072.
- 2.077** A teacher who meets the criteria of Section 2.070 at one member high school may coach a team in another high school, without being subject to the requirements of Sections 2.071-2.076, if the two schools are under the jurisdiction of the same local Board of Education.
- 2.078** A teacher who, after at least two years service in the district of a member school, has been granted leave of absence to seek additional college or university training, may be employed as an athletic coach provided such a teacher coaches in the school granting the leave of absence.
- 2.079** All remuneration for high school athletic coaching must be from the Board of Education of the member school employing the coach.

An individual approved to coach in a member school under the provisions of sub-sections 2.071-2.079 may, upon completion of one year in the approved coaching assignment, continue to coach in that position in the same member school for subsequent years without renewal of IHSA approval, provided the individual continues to meet the requirements of sections 2.071-2.079 and is reemployed annually by the local Board of Education.

**48) FULL-TIME TEACHER**

Q. How is "employed full-time" defined?

A. A "full-time" teacher is a certificated person who is on a member school's payroll and teaches at least five (5) clock hours per day in that member school. (Constitution 1.240 & By-law 2.070(b))

**49) NON-FACULTY COACHES AS NON-SCHOOL COACHES**

Q. May a non-faculty coach at a member school coach a non-school team in an independent league outside the school season?

A. By-law 3.107 restricts the amount of involvement permitted between students and their school coaching staff members in non-school athletic competition. A non-faculty coach is a member of a school's coaching staff, and is considered to be such for a period of time commencing with the date on which he/she is contracted for the coaching position by the school and extending until the beginning of the next year's season for the sport. Therefore, a non-faculty coach may coach a non-school team outside the school season only under the guidelines provided under By-law 3.107.

**50) STUDENT TEACHERS**

- 50.1** Q. May a student teacher assist with the coaching of an athletic team?  
A. Yes, provided it is part of the student teaching experience. (By-law 2.076)
- 50.2** Q. May student teachers be paid for assisting with the coaching of athletic teams?

- 50.3** Q. May student teachers continue coaching their student teaching assignments after the regular student teaching period ends?  
A. Yes, provided their college or university authorizes the continuation. (By-law 2.076)

**51) VOLUNTEER COACHES**

- Q. May a person volunteer to coach without pay at a member school?  
A. Yes. However, whether a person is paid to coach or is a non-paid volunteer, the person must meet the qualification requirements of By-law 2.070 and its sub-sections. (By-law 2.070)

**52) PRIORITY TO CERTIFIED PERSONNEL**

- Q. Must certified teachers be given priority for coaching assignments at a member school?  
A. Yes. If a school is then unable to fill a coaching position with a person acceptable to the school's Board of Education or governing board, non-certified persons who have completed an IHSA-approved coach training program may be used as coaches. (By-law 2.071)

**53) BY-LAW COVERAGE**

- Q. Does By-law 2.070 require music directors, speech coaches and other activity sponsors or coaches to be certified teachers and have one of the specified employment relationships with a school?  
A. No. This by-law applies only to coaches of athletic teams. (By-law 2.070)

**54) MINIMUM AGE OF NON-FACULTY COACHES**

- Q. Is there an age minimum for non-faculty and/or non-certified personnel who coach?  
A. The Board of Directors interprets the provisions of this By-law to require non-faculty and/or non-certified coaches to be at least nineteen (19) years of age. (By-law 2.070 and Constitution 1.420)

**55) RETIRED TEACHERS**

- 55.1)** Q. To whom does the provision for coaching by retired teachers refer?  
A. This provision refers only to persons retired from teaching or administrative positions in IHSA member school(s). (By-law 2.070(f))
- 55.2)** Q. Does the provision for coaching by retired teachers refer only to persons immediately retired from teaching, or to retired teachers regardless of the date of their retirement?  
A. The by-law simply states "...a retired teacher from an IHSA member high school." This statement is interpreted literally. It permits a school to utilize any retired teacher from an IHSA member school as a coach, without needing approval of the person as a non-faculty coach, provided the person remains certified to teach in the schools of Illinois. (By-law 2.070(f))
- 55.3)** Q. If a retired individual has been teaching at a school other than the school at which he/she has been coaching, may the individual continue coaching in the same position under this provision?  
A. Yes. An individual retiring from teaching at any member school may coach at any member school. (By-law 2.070(f))
- 55.4)** Q. If a member school wishes to utilize a retired teacher as a coach, must the coaching position be advertised to other faculty prior to employment of the retired teacher?  
A. No. This provision permits the use of a retired teacher from any member high school as a primary option. (By-law 2.070(f))

**56) PRACTICE WITH COLLEGE STUDENT OR ALUMNUS**

- Q. May a college student or other alumnus participate in a school team practice?  
A. No. A person who is not a student at the school and is not qualified and approved by the school as a coach under the provisions of this by-law may not participate in any respect in a school team practice.

## 2.080 SELECTION AND USE OF LICENSED OFFICIALS

All major officials for athletic contests must be licensed with the IHSA in the sport the individual is to officiate, except that in the event contracted officials do not appear for a contest below varsity level, and with mutual consent by all competing schools, members of the coaching staff, faculty, and/or administrative staff of any of the competing schools may officiate the contest. The Board of Directors shall be responsible to establish policies and procedures governing the licensing process.

The names of game officials for each interscholastic athletic contest must be submitted by the host school to the visiting school not later than five school days before such contest and must be mutually agreed upon not later than the night preceding the contest.

#### **57) REPLACING CONTRACTED OFFICIALS**

- Q. If two schools have approved officials for a contest and the host school has contracted the officials, may either the host or the visiting school cancel the contract of one or more of the officials prior to the contest?
- A. The Board of Directors, under the authority granted in Constitution 1.420, has adopted the following guidelines for such situations:
- (1) Prior to contract negotiations with an official, the host school should receive approval of the visiting school before employing the services of a designated official. The IHSA recommends that approval be in writing as provided on the game contract.
  - (2) Having contracted an approved official as listed in (1), only the host school can release or replace an official from contractual commitments.
  - (3) The visiting school has the privilege of requesting that a previously approved official be replaced. If this occurs, only the host school, as the contracting agent, becomes involved with the official. Usually, it will defer to the visiting school's wishes if an acceptable replacement that is mutually agreeable to both schools can be found. However, this is not mandatory if (1) has been followed.
  - (4) Whenever the host school cancels a legal contract because of the visiting school's request, only the host school negotiates with the official in resolving the terms of the contract. The host school makes the payment for the contractual fee.
  - (5) If the official is cancelled because of the visiting school's request, the visiting school must reimburse the host school for the contracted fee. The host school will then reimburse the official.
  - (6) If By-law 2.080 is not complied with by the host school, then all obligations in contractual matters must be assumed by the host school.
  - (7) The contract must be valid in all aspects and both parties must comply with all of its provisions.

#### **58) MAJOR OFFICIALS**

- Q. Who are "major officials" as identified in this by-law?
- A. The Board of Directors interprets "major officials" to be officials who are required to be licensed with the Association in order to receive remuneration for their services. They include: (By-law 2.080)
- Basketball—Referee, Umpire
  - Soccer—Referee
  - Swimming—Referee, Starter, Diving Referee
  - Track & Field—Referee, Starter, Referee-Starter

  - Boys Gymnastics—Judge
  - Boys Wrestling—Referee, Assistant Referee
  - Girls Gymnastics—Judge
  - Girls Softball—Umpire
  - Volleyball—Referee, Umpire

#### **59) NOTIFYING OPPONENT OF OFFICIALS HIRED**

- Q. According to this By-law, the names of officials for a contest must be provided to visiting schools at least five days prior to the contest. How is this notice to be provided?
- A. Space is provided for this purpose on IHSA game contract forms. A host school may also notify the visiting school by letter or fax, and receive a letter or fax in response giving approval by the visiting school. Acceptance of a contract containing names of officials, or failure to reject officials in writing, shall constitute approval of officials. (By-law 2.080)

#### **60) CONTRACTED OFFICIALS NOT APPEARING FOR THE CONTEST**

- Q. What should schools do if the licensed officials who are contracted for a contest do not appear?
- A. A varsity contest may be played only if licensed officials can be obtained. However, for a below-varsity level contest, members of the coaching staff, faculty and/or administrative staff from any of the competing schools may officiate the contest.

## 2.090 SEASON LIMITATION IN ATHLETIC ACTIVITIES

No school belonging to this Association shall organize its teams, practice, scrimmage or participate in any interscholastic sport outside of the season limitations as prescribed in Section 5.000 of these By-Laws; nor shall any person who coaches any sport at a member school, coach or supervise a non-school team in any interscholastic sport composed of students from that school, except within the guidelines promulgated by the IHSA Board of Directors.

Exception: For each sport, a school may hold one informational meeting prior to the start of its season to provide information regarding tryouts, procedures and forms that need to be on file. Coaches or school personnel may not use this meeting to organize out of season programs (example: fall, winter or spring leagues).

#### **61) SCRIMMAGE AS CONTEST**

- Q. Is a scrimmage considered to be a practice or an interscholastic contest?
- A. If a scrimmage involves exclusively students from one high school, it is considered to be practice. If a scrimmage involves students from more than one high school, it is viewed to be an interscholastic contest and is subject to all rules pertaining thereto. (Constitution 1.420 & By-law 2.090)

#### **62) PRIVATE LESSONS FROM HIGH SCHOOL COACH**

- Q. May a student receive private instruction from his/her high school coach outside the school season?
- A. Taking a private lesson from a faculty member or coach at a member school, outside the season, in the sport in which the student participates, is permitted only if the coach gives private lessons to clients other than students from his/her school. If the lesson program is limited to students from the instructor's school, it is viewed as a form of organizing and practicing the school team. (By-law 2.090)

#### **63) USE OF SCHOOL EQUIPMENT, PAYMENT OF FEES, ETC.**

- Q. May school facilities and/or athletic equipment be used for non-school athletic programs during the school year?
- A. Schools may not underwrite any part of the cost of participation by students in non-school athletic programs. This means that schools may not pay entry fees, provide uniforms, etc. However, if a school has an established policy governing use of school facilities and/or equipment by non-school groups, schools may permit the use of their facilities and/or equipment by non-school athletic teams under such a policy. (Constitution 1.420)

#### **64) COACH PLAYING ON TEAM**

- Q. May a school coach play on a non-school team with students from the same school at which he/she coaches?
- A. Yes, under the following conditions: a) during the school year, only if the number of players on the non-school team's roster who attend the school where the coach coaches does not exceed one half the number of players required to comprise the starting line-up for the sport; b) during the summer, between the close of school and Saturday of Week 4 in the IHSA Standardized Calendar, each day on which such participation occurs is considered to be a contact day for both the coach and students from his/her school. (Constitution 1.420)

#### **65) TRANSPORTATION TO NON-SCHOOL COMPETITION AND COACHING SCHOOLS**

- Q. May a coach at a member school transport students from his/her school to the site of practice or competition for non-school activities and coaching schools?
- A. During the school year, this would constitute a form of "organizing a school team" and is not permitted. (By-law 2.090) During the contact day period in the summer, it is permitted. (By-law 3.154)

#### **66) EX-COACHES**

- Q. May an individual who has been coaching in a member school but whose coaching contract has been terminated for the ensuing year now coach a team in non-school competition, composed totally of students from the school at which he/she has been coaching?
- A. Yes. This individual is no longer a member of the school's coaching staff. However, if the termination of coaching services is not confirmed officially in writing and is merely a verbal understanding or an action which is anticipated, the individual is still considered to be a coaching staff member and may not coach such a team. (By-law 2.070 & 2.090)

## **TEAMS ORGANIZING AND PARTICIPATION IN CONTESTS DURING THE SUMMER AND DURING THE SCHOOL TERM**

- 67)** Q. May a school hold a meeting in the spring for students at the school to distribute information regarding summer programs?

- 68)** Q. May a school hold a meeting during the school term for students at the school to distribute information regarding non-school programs also held during the school term?  
A. No. (By-law 2.090)
- 69)** Q. May a school conduct pre-season conditioning for a team prior to the starting date for any sport as outlined in Section 5.000 of the IHSA By-laws?

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### **70) SCHOOL OFFICIAL DEFINED**

- Q. How is the term “school official” defined in the context of this rule?  
A. A “school official” is considered to be “any person who meets the coach qualification provisions of By-law 2.070 and who is employed by a school and/or school district.” No individual so situated may assist in any respect with any all-star competition during the school year unless it is approved by the IHSA. (By-law 2.100)

#### **71) ALL-STAR COACH**

- Q. May a coach from a member high school accept an invitation to coach at an all-star game?  
A. If the sponsor of the contest secures approval from the IHSA Office, the individual may coach. (By-law 2.100)

## **2.110 OFFICIALS’ ATTENDANCE AT RULES INTERPRETATION MEETINGS**

Attendance at the annual Association sponsored sport rules interpretation meetings shall be required for all registered athletic officials, provided rules meetings are conducted in the sport. Failure to comply with this requirement may be penalized by probation, restriction on assignments or suspension of the official’s registration.

---

### ***Illustrations for Section 2.110 of the Constitution***

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### **72) PENALTY FOR NOT ATTENDING**

- Q. What is the penalty for officials who do not attend rules interpretation meetings as required?  
A. Violations of this by-law will be addressed on a sport-by-sport basis as follows:  
a) An official who does not attend an IHSA rules meeting in a sport shall be placed on probation in that sport for one year. An official on probation may officiate regular season contests, but is not be eligible for assignment to the state tournament series and is not be eligible for promotion in the sport during the probation period. (By-law 2.110)  
b) An official who does not attend an IHSA rules meeting in a sport for two (2) consecutive years shall be suspended for one year in that sport. Suspension causes the official to lose his/her license in that sport for the suspension period and to lose all ratings in that sport. After the year’s suspension, an official may reapply for a license in that sport. (By-law 2.110)

## 2.120 COACHES' ATTENDANCE AT RULES INTERPRETATION MEETINGS

Each member school shall be represented by a member of its coaching staff for the sport/activity at an annual rules interpretation meeting sponsored by the Association in each sport or activity it offers, provided rules interpretation meetings are conducted in that sport or activity. ### **Illustrations for Section 2.120 of the Constitution**

*The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### **73) PENALTY FOR NOT ATTENDING**

- Q. What is the penalty if a coaching staff representative does not attend a rules interpretation meeting in a sport?
- A. Penalties are assessed at the discretion of the Board of Directors. The Board considers non-attendance to be a school violation and regularly penalizes the first violation by placing the school team in the sport on probation for one year. The Board regularly penalizes the second consecutive violation by a school in a sport by suspending the school from participation in the state series in that sport. (By-laws 2.120 and 6.010)

#### **74) SCHOOL REPRESENTATION AT RULES MEETINGS**

- Q. If a school has both a boys and a girls team in a sport, may the school send only one coach to the rules meeting to represent both programs?
- A. Boys and girls teams are considered to represent different sports. Therefore both a boys coach and a girls coach are required to attend the rules meeting. This is true even if the boys and girls sports are in the same season and follow the same playing rules. (By-laws 2.120 and 6.010)

#### **75) SCHOOLS NOT PARTICIPATING FOR TEAM HONORS**

- Q. If a school does not enter a team in the state series which is eligible for team honors under By-law 3.054, must it comply with the requirement for a coaching staff member to attend the rules meeting for the sport?
- A. The by-law requires only that a "member of the coaching staff for the sport" attend the rules meeting. Therefore, a school which has neither a school team per se nor a "coaching staff" and will only enter individual competitors in the state series, is not subject to the rules meeting attendance requirement in that sport. (By-law 2.120)

#### **76) INDIVIDUALS PARTICIPATING DURING THE SEASON**

- Q. If a school does not enter a team for team honors in state series competition, but does enter individuals in regular season contests in the sport, must it comply with the requirement for a coaching staff member to attend the rules meeting for the sport?
- A. Yes, because it has maintained a program of competition in that sport during the season. (By-law 2.120)

#### **77) PRINCIPAL/ATHLETIC DIRECTOR ATTENDANCE**

- Q. May a principal or athletic director attend a sport rules meeting as the school's representative?
- A. Yes, but only in emergency situations. The requirement of the by-law is that coaches attend the rules meetings. If a principal or athletic director attends in an emergency, the IHSA must be notified by the school in writing immediately following the rules meeting so credit for attendance by a school representative can be recorded. (By-law 2.120)

---

## 2.130 PRINCIPALS' ATTENDANCE AT MEETINGS

Each member school principal or his/her designee shall be in attendance at an annual principals rules meeting/town meeting. Failure to comply with this requirement may be penalized by the Board of Directors.

---

*The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### **78) PENALTY FOR NOT ATTENDING**

- Q. What is the penalty if a principal/principal's representative does not attend a rules interpretation meeting in a sport?
- A. Penalties are assessed at the discretion of the Board of Directors. The Board considers non-attendance by a principal/principal's representative a violation and regularly penalizes the first violation by placing the school on probation for one year. The Board regularly penalizes the second consecutive violation by a school by suspending the school from participation in the state series for a period of one year beginning on January 1 following the school's second consecutive noncompliance with the by-law. (By-laws 2.130 and 6.010)

## 2.140 PARTICIPATION LIMITATIONS DURING STRIKE

No team or other entity representing a member school may participate in an interscholastic contest or activity during the time the member school is not in session due to a strike by teachers or other school personnel. A member school shall not be considered to be in legal session on any school day if it does not have fifty-one (51%) of the students in the district in attendance and cannot offer the minimum program required by state law and ISBE Circular Series A160 on a daily basis.

- 2.140.1** This limitation shall not pertain to time designated by the member school's governing board as school holidays or vacation, including the days designated by the Illinois School Code as emergency days, provided school is in full operation on the school day preceding the school holiday, vacation or emergency day.
- 2.140.2** Practice sessions of normal length and frequency may be held during the period when school is not fully operating, provided the following conditions are met:
- (1) They must be approved by the school's governing board and administration;
  - (2) They must be conducted by personnel who meet the provisions of By-law 2.070;
  - (3) They must be conducted in a manner which assures the health and safety of the participants; and
  - (4) Students from a school on strike may not participate with a team from a school which is not on strike.
- 2.140.3** A school which has a football game scheduled with a school which is on strike on the Monday preceding the scheduled game shall have the option to cancel the game with the striking school and schedule a game with another school provided it has a pending alternative contract. If this option is exercised, the striking school shall forfeit the scheduled contest and receive a forfeit loss. The non-striking school shall receive a forfeit win and may play the alternate contest, which shall not count as a win or loss for the non-striking school.

## 2.150 PHYSICAL EXAMINATION

- 2.150** A school shall have on file for each student who participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 365 days preceding any date of participation in any such practice, contest or activity.

*The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

**79) CHIROPRACTOR**

- Q. Is a physical examination administered by a chiropractor acceptable for athletic purposes?  
A. The athletic physical examination must be administered by a licensed physician. Consistent with the interpretation of the State Board of Education, the Board of Directors interprets a "licensed physician" to be one who is licensed to practice medicine in all its branches. A chiropractor's physical examination is acceptable only if the chiropractor is licensed to practice medicine in all its branches. (Constitution 1.420 and By-law 2.150)

**80) PHYSICIAN'S ASSISTANT**

- Q. May a physician's assistant perform the physical examination the by-laws require?  
A. Yes. (By-law 2.150)

**81) RECORD OF EXAMINATION**

- Q. Must the form provided by the IHSA be used for physical examinations?  
A. No. The IHSA provides a form only as a service. Its use is optional. However, some form of written physical examination certificate must be used. (By-law 2.150)

---

## 2.160 CLASSIFICATION

- 2.160** Guidelines and regulations for classification of non-boundaried schools are applied to all non-boundaried schools. ## 2.170 DISTRIBUTION OF STEROIDS AND PERFORMANCE ENHANCING DRUGS

2.171 No coach, administrator, school official or employee, or booster club/support group member may sell, distribute, or promote the use of any anabolic steroids or performance-enhancing dietary supplements to students at member schools.

2.172 A coach, administrator, school official or employee, or booster club/support group member may provide only permissible nutritional supplements to students at any time for the purpose of providing additional calories and electrolytes, provided they do not contain any dietary supplements banned by the Association. Permissible nutritional supplements are identified according to the following classes: Carbohydrate/electrolyte drinks, energy bars, carbohydrate boosters and vitamins and minerals.

- 82)** Q. Has the IHSA established banned drug classes for its performance-enhancing drug testing program?  
A. Yes. The IHSA Board of Directors has approved the banned drug classes for which it will test as a part of its performance-enhancing drug testing program. The banned drug classes can be accessed on the IHSA's Sports Medicine Advisory Committee's Special Topics Page. (By-laws 2.171 and 2.172)

### **3.010 ATTENDANCE**

- 3.011** A student must attend a member school and may only represent in interscholastic competition the member school the student attends. For purposes of this by-law, the term "attend" shall mean that the student is enrolled at the member school, and is taking at, or under arrangements approved by the member school, a minimum of twenty (20) credit hours of work for which credit toward high school graduation will be granted by the member school upon the student's completing and passing the courses. The school which enrolls the student shall be exclusively responsible to verify the student's compliance with all of the eligibility requirements of all IHSA by-laws.

The Board of Directors shall have the discretion to waive the requirement of this by-law for the Illinois schools for the deaf or blind. In unit systems having a 6-3-3 or 6-4-2 type of organization, ninth grade students may participate on senior high school athletic teams at the member high school in the district designated by the Board of Education, provided:

- (a) such participation is approved by the district's superintendent of schools;
- (b) the senior high school principal shall certify that the ninth grade students:
  - (1) are eligible under the requirements of these By-laws,
  - (2) are students at a junior high school located in the district which supports the senior high school, and
  - (3) are not members of a grade or junior high school team in the same sport; and,
- (c) the senior high school principal assumes full responsibility for the conduct of these students during all athletic contests in which they represent the senior high school.

**3.012** They shall have been enrolled and in attendance not later than the beginning of the eleventh school day of the semester. Exception may be considered only if written verification that delay in enrollment or attendance is caused by illness of the students or their immediate family or by other circumstances deemed acceptable by the Board of Directors which are submitted to the Executive Director for presentation to the Board of Directors.

**3.013** Including a student's name on school attendance records for a period of ten (10) or more school days during any given semester, beginning with the date of the student's first physical attendance and ending with the date of the student's official withdrawal from school, shall constitute a semester of attendance for the student.

**3.014** If a student does not attend school for ten (10) days in a semester, as defined in Section 3.013, but participates in any interscholastic athletic activity, the student shall be considered to have completed a semester of attendance, unless withdrawal from school occurs prior to completion of ten (10) days attendance and is necessitated by disabling illness or injury which is certified by a physician.

**3.015** They shall not have any lapse of school connection during any given semester of greater than ten consecutive school days. Lapse of school connection for greater than ten consecutive school days shall render them ineligible for the remainder of the entire semester. Exceptions may be considered only if written verification that lapse in school connection is caused by illness of the students or their immediate family or by other circumstances deemed acceptable to the Board of Directors which are submitted to the Executive Director for presentation to the Board of Directors.

**3.016** Absence of students required by military service to state or nation in the time of any state of national emergency shall not affect students' eligibility.

**83) DAY OF GAME SICKNESS**

- Q. If a student is ill and does not attend school on the day of an interscholastic contest, may the student play in a contest on that day?
- A. IHSA by-laws do not contain any requirement stating that a student must attend school on the day of an interscholastic activity in order to be eligible for the contest. Member schools may have local policies of this sort, but they are not required to do so by the Association. (By-law 3.010)

**84) HOME SCHOOL STUDENT ELIGIBILITY**

- Q. May a student who is home schooled, participate on a high school team?
- A. Yes, provided the student is enrolled at the member high school, the student is taking a minimum of twenty credit hours of work at the member school or in a program approved by the member school, and, the student must be granted credit for the work taken either at the member school or in a program it approved. (By-law 3.011)

**85) JUNIOR HIGH PLAYERS ON HIGH SCHOOL TEAMS**

- Q. May students who are not yet in high school practice or participate on high school teams?
- A. No. (By-laws 3.011, 3.051, 3.053 and 3.132)

- 3.023** They shall not have graduated from any four-year high school or its equivalent.
- 3.024** Passing work shall be defined as work of such a grade that if on any given date a student would transfer to another school, passing grades for the course would immediately be certified on the student's transcript to the school to which the student transfers.
- 3.025** Work taken in junior college, college, university, or by correspondence may be accepted toward meeting the requirements of this Section provided it is granted credit toward graduation from high school by the local Board of Education.

*The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### **87) BECOMING ELIGIBLE AFTER PERIOD OF INELIGIBILITY**

- Q. If a student who has been scholastically ineligible for the current semester passes twenty (20) hours for the current semester which ends on Friday, January 19, when is the student eligible to play?
- A. A student who is ineligible for a semester is ineligible until the day the high school certifies the semester grades for all students in the school. (By-law 3.022)

#### **88) HOMEBOUND INSTRUCTION**

- Q. If a student is placed on homebound instruction, does the work taken count toward scholastic eligibility requirements?
- A. This work can count if the student receives credit toward graduation for the work taken under homebound instruction. (By-law 3.022)

#### **89) PASSING 20 CREDIT HOURS**

- Q. In a school where .5 credit is the basic credit allocation for an academic course, a student took five (5) subjects and passed four (4), including Physical Education, last semester. The student passed three (3) subjects earning one-half (.5) credit each, plus Physical Education which added another .25 credit. What is the student's eligibility status for the succeeding semester?
- A. The student is not scholastically eligible. The student did pass four classes, but they only provided 1.75 credits or 17.5 credit hours counted toward graduation under the school's credit system. The student is ineligible for the succeeding semester. (By-law 3.022)
- Note also that the term "credit hours" as used in By-laws 3.021 and 3.022 relates to the quantity of credit assigned to the student's work rather than to clock hours of class attendance.

#### **90) CREDIT FOR PHYSICAL EDUCATION**

- Q. May a school count physical education classes toward academic eligibility requirements?
- A. If the school grants the same credit for one semester of physical education as it grants for one semester in a standard academic subject, then physical education may be counted toward eligibility like any other subject. If physical education receives less than the standard academic credit, it may be counted toward eligibility only in proportion to the amount of credit it is granted. If, for example, one-fourth (.25) credit per semester is granted for physical education, it may be counted as 2.5 credit hours of high school work toward scholastic eligibility and not as 5.0 credit hours like the standard academic course. (By-law 3.022)

#### **91) WITHDRAWN "PASSING"**

- Q. If a student withdraws from school after 65 days of attendance in the fall semester with passing grades at that point, and does not attend school again until the first day of the succeeding spring semester, is the student scholastically eligible for the second semester?
- A. Probably not. Attending school for more than ten days in the fall semester causes that semester to be counted as a semester of attendance. The student must pass twenty (20) credit hours of high school work for that semester in order to be scholastically eligible in the next semester. "Withdrawn passing" is not considered to be passing work for the semester. This student will be ineligible for the spring semester unless the record shows that he/she passed and received credit toward graduation for at least twenty (20) hours of high school in the fall semester. (By-laws 3.022 and 3.024)

**92) COLLEGE WORK**

- Q. May a student take a college or junior college class and receive high school credit for this work which may be counted toward scholastic eligibility?
- A. Such a class may be counted for scholastic eligibility, provided the student's high school accepts it and grants it credit toward high school graduation. (By-law 3.025)

**93) SUMMER SCHOOL LIMITATIONS**

- Q. How many credit hours may a student earn in summer school for the purpose of counting toward determination of scholastic eligibility for the next semester?
- A. There is no specific limitation. Summer school work may be counted toward scholastic eligibility for the ensuing fall semester provided it is completed by the time the fall semester begins and is granted credit toward graduation by the student's high school. (By-law 3.022)

**94) BLOCK SCHEDULING**

- Q. If a school utilizes a block 4 schedule, how many classes must a student pass to meet the scholastic eligibility requirements of the by-laws?
- A. Regardless of the schedule utilized by the school, students must be passing enough courses on both a weekly and semester basis to earn two full credits. In a block 4 schedule where each class is worth one credit per semester, a student must be passing at least two of the four classes to be considered to be passing twenty credit hours as By-laws 3.021 and 3.022 require. (By-laws 3.021 and 3.022)

**95) ACADEMIC ELIGIBILITY OF OUT-OF-STATE TRANSFER**

- 95.1)** Q. When a student who lives in another state and is eligible according to the academic standards of that state transfers to Illinois, but does not meet the IHSA's eligibility standards by the work taken in the previous state, what is the student's academic eligibility status?
  - A. In such a case, the student would be granted eligibility upon enrollment at a member school if eligible under the standards in the state from which the transfer has occurred. However, the student would have to begin immediately meeting the IHSA requirements to retain eligibility. (By-laws 3.021 and 3.022)
- 95.2)** Q. When a student transfers from one state to a member school and is scholastically ineligible according to that state's academic standards, what is the student's academic eligibility status?
  - A. In such a case, the student would be ineligible for the duration of the term of ineligibility imposed at the school from which he/she transferred. The student would then have to comply with IHSA academic eligibility standards before becoming eligible. (By-laws 3.021, 3.022 and 3.047)

---

Except as provided in Section 6.010 of these by-laws, a student who does not comply with the applicable provisions of Sections 3.031-3.034 of these by-laws shall be ineligible for a period not to exceed 365 days. - 3.031.1** They reside full time with their parents, custodial parent or guardian appointed by a judge of a court having proper jurisdiction, or they currently and for at least the last two years prior to the student's enrolling in high school, have lived with another family member or relative who has provided full support and adult supervision for the student, as though they were the guardian, within the boundaries of the attendance area of the high school they attend; or

  - (1) their residence is in the district in which the member school they attend is located; and
  - (2) they attended that member school the previous school term.
  - (3) if a freshman, they attended both seventh and eighth grade in the district.

- 3.031.4** In the cases where ISBE has granted a legislative waiver for children of faculty members to attend the school tuition-free, the students shall have eligibility at the school where the parent teaches.
- 3.031.5** In all other cases, students shall not participate until a ruling on their eligibility is made by the Executive Director.
- 3.032** Private School Students: Students attending private member schools shall be eligible at the private high school in which they enroll, provided:
- 3.032.1** They reside full time with their parents, custodial parent or guardian appointed by a judge of a court having proper jurisdiction, or they currently and for at least the last two years prior to the student's enrolling in high school, have lived with another family member or relative who has provided full support and adult supervision for the student, as though they were the guardian, within the boundaries of the public high school district in which the private high school they attend is located; or
- 3.032.2** They reside full time with their parents, custodial parent or guardian appointed by a judge of a court having proper jurisdiction, and have attended private schools on a continuous basis for the last two consecutive school years before entering high school or for a total of not less than four school years from kindergarten through eighth grade; or
- 3.032.3** They reside full time with their parents, custodial parent or guardian appointed by a judge of a court having proper jurisdiction, and attend the private member school attended by one or both of their parents; or
- 3.032.4** They reside full time with their parents, custodial parent or guardian appointed by a judge of a court having proper jurisdiction, in a residence located within a thirty (30) mile radius of the private member school they attend.

### **Illustrations for Section 3.030 of the By-laws**

*The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

**96) FUNDAMENTAL PRINCIPLE**

- Q. What is the “fundamental principle” underlying the residence by-laws?
- A. High school sports are best controlled and conducted fairly when students reside full time with their parents and attend high school in the district in which they reside with their parents. Departure from this basic premise requires circumstances which are within the parameters established within Article 1.460 of the IHSA Constitution, which do not conflict with the overall purpose and scope of the by-laws. (By-law 3.031.1)

**97) ELIGIBILITY WHEN PARENTS MOVE**

- Q. If, prior to a student entering high school for the first time, the student and his/her parents move into a district in which there is both a public and private member school where may the student attend and be eligible?
- A. If the family move occurs prior to the beginning of the school term, the student may attend either the public or private school in the school district into which the student and parents have moved and be eligible in regard to residence. (By-law 3.031.1) If the family move occurs after the beginning of the school term, and the student has not participated in a sport during that school term prior to the transfer, the student may attend either the public or private school in the school district into which the student and parents have moved, but the student will be ineligible for a period of thirty (30) days. If the student in this situation has participated, by trying out for, practicing or competing as a member of a team in a sport during the school term prior to the transfer, the student will be ineligible for the remainder of the school year in that sport and will be ineligible for a period of thirty (30) days from the date of the transfer in all other sports.

- 98)** Q. If, after the beginning of a school term a student who is not a senior or is a senior who has not attended the same high school all four years, (A) parents move to a new school district and the student does not move with them but lives with family friends or relatives in the district and continues attending the same school, (B) parents move to a new school district and the student continues to reside with his or her parents and continues attending the same school, is the student eligible or ineligible?  
A. (A) Ineligible. (By-law 3.031.1) (B) A ruling by the Executive Director is required. (By-laws 3.031.4, 3.032.5 and 3.033.5)
- 99)** Q. In multiple high school districts, may a student attend a district wide academy or attendance center within the school district, but outside of their attendance area, and retain athletic eligibility? (special education program, gifted program, vocational program, ROTC, etc)  
A. Yes. However, a student must enter the special center as an incoming freshman or as a transfer student enrolling in the district for the first time. Any subsequent transfer to a high school within the district may result in a period of ineligibility not to exceed 365 days. (By-law 3.031.1)
- 100)** Q. In multiple high school districts, is an incoming freshman eligible if he/she attends the high school where his/her sibling currently attends, even if high school is outside of their attendance area?  
A. Yes. However, any subsequent transfer to a high school within the district may result in a period of ineligibility not to exceed 365 days. (By-law 3.031.1)
- 101)** Q. Does By-law 3.031.1 apply to students enrolled in multiple high school districts prior to the 2010-11 school term?  
A. No. By-law 3.031.1 takes effect for incoming freshmen and transfer students beginning with the 2010-11 school term. (By-law 3.031.1)
- 102)** Q. Are students who enroll as incoming freshmen in a high school outside of their attendance area as a result of court ordered plan eligible?  
A. Yes. However, any subsequent transfer to a high school within the district may result in a period of ineligibility not to exceed 365 days. (By-law 3.031.1)
- 103)** Q. In the same situation as the previous illustration, may the student become eligible for a subsequent term if he/she never transfers to a school in the district into which the parents have moved?  
A. No. (By-law 3.034.2)
- 104)** Q. Where is a student eligible if the parents are maintaining residences in two or more school districts?  
A. A student is eligible in regard to residence in only one school district. This is the school district where the student actually lives with both parents on a full-time basis or the school district where the student lives with one birth or adoptive parent without assignment of custody or legal guardianship by the court. In the second situation, the student must continue to reside in the district where he/she attended school the previous school term. (By-law 3.031.3)
- 105) LEGAL GUARDIANSHIP**
- Q. What is legal guardianship, and how must it be documented when requesting an eligibility ruling?  
A. Legal guardianship entails issuance of Letters of Guardianship of a student's person or person and estate by a court. It must be an order signed by a judge and/or the clerk of the court as the judge's representative. A file stamped copy of the Letters of Guardianship court order, along with a copy of the petition filed with the court at the hearing seeking that order and other evidence the court had to determine appointment of the guardianship, must be attached to each request for an eligibility ruling involving a change in legal guardianship. (By-laws 3.030 and its sub-sections and 3.040 and its sub-sections)
- 106) TUITION PAYMENT AND ELIGIBILITY**
- Q. If a student's parents do not reside in the district and the student is a tuition paying nonresident at the high school he/she attends, is the student eligible?  
A. Such a student may only be eligible when the student lives full time with his/her parents and has attended a public grade school in the same high school district for at least the 7th and 8th grades as a tuition-paying nonresident student; otherwise the student is ineligible for a period not to exceed 365 days. (By-law 3.031.2)
- 107) ELIGIBILITY OF SHARED-TIME STUDENT**
- Q. What is the eligibility status of a student who takes part in a shared-time instructional program at two or more schools?  
A. Such student will be eligible at his/her home high school, provided he/she is enrolled there, all credit earned at other attendance centers is recorded toward graduation from the home high school, and the student is meeting all of the IHSA academic and other eligibility requirements. (By-laws 3.011 & 3.031.1)

## 108) SPECIAL EDUCATION STUDENT PARTICIPATION

- Q. May a special education student, who is enrolled at a member high school but participates in a special education program at an area cooperative center or school location assigned by the Special Education Cooperative, make an annual choice of the school at which he/she will be a participant in interscholastic athletics?
- A. Yes. Students from member high schools assigned to special education centers or other locations may be eligible to participate either at the school housing the student's classes or at their home high school. At the beginning of each school term, such students must determine the site at which they wish to participate during that year. They are then eligible, in regard to residence and attendance, for that year only at the school chosen, and any change constitutes a transfer subject to compliance with all by-laws. (By-laws 3.011 & 3.031.1)

## 3.040 TRANSFER

The eligibility of a student who transfers attendance from one high school to another high school is subject to the following Sections 3.041-3.047 and their sub-sections. Such student must additionally be in compliance with the applicable residency provisions of By-laws 3.031-3.034 and their respective sub-sections after the transfer. Except as provided in Section 6.010 of these by-laws, a student who does not comply with the applicable provisions of Sections 3.041-3.047 of these by-laws and their sub-sections shall be ineligible for a period not to exceed 365 days.

**3.041** In all transfer cases, both the principal of the school from which the student transfers and the school to which the student transfers must approve of the transfer and execute a form provided by the IHSA Office. This form is to be initiated and signed by the principal of the school to which the student transfers and provided to the principal of the school from which the student transfers for signature by that principal. The concurrence of the principals accepting a transfer shall not be determinative of eligibility or binding on the Executive Director and/or the Board of Directors who shall have the discretion to investigate the accuracy of such conclusion and to override the acceptance of a transfer if evidence of violation or avoidance of non compliance with any by-law, or recruiting in connection with the transfer is found. A student is not eligible to participate in an interscholastic contest until the transfer form, fully executed by both principals, is on file in the offices of the school to which the student transfers.

**3.042** Once classes begin in a school for the current school year, if a student changes attendance from that high school to another high school, the student shall be ineligible for the remainder of the school year in any sport in which he/she participated or was participating in a practice or interscholastic contest in the current school year at the school from which the transfer occurs; or

Once classes begin in a school for the current school year, if a student changes attendance from that high school to another high school, the student shall be ineligible for a period of thirty days, commencing on the first day of attendance at the new high school, in any sport in which he/she was not participating or had not participated during the current school year at the school from which the student transferred.

**3.043** In addition, a student who transfers attendance from one high school to another high school pursuant to these by-laws, shall be ineligible unless:

**3.043.1** The student transfers attendance in conjunction with a change in residence by both the student and his or her parents, custodial parent, surviving parent (in the case of a student with one deceased parent), or guardian from one public high school district to a different public high school district; or

**3.043.2** The student transfers attendance from one public high school in a school district which supports two (2) or more public high schools to another public high school in that school district, and the transfer is in conjunction with a change in residence by both the student and his or her parents, custodial parent, surviving parent, or guardian to a residence within the boundaries established by the governing board of the school district for the high school to which the student transfers; or

**3.043.3** The student changes attendance from a private school or a public school with no boundaries to a public high school located in the school district in which the student resides full time with his or her parents, custodial parent, surviving parent, or guardian; the student is enrolling for the first time in a public member high school with boundaries; and the principals of both of the high schools involved accept the transfer, concurring that there is no evidence of a) any violation or avoidance of, or noncompliance with, any by-law, b) any recruiting in connection with the transfer; or

**3.043.4** The student transfers attendance from one private school to a different private school which is located within a 30 mile radius of his or her residence; the student resides full time with his or her parents, custodial parent, surviving parent, or guardian; the student is changing high school attendance for the first time; and the principals of both private high schools involved accept the transfer, concurring that there is no evidence of a) any violation of, or noncompliance with, any by-law, or b) any recruiting in connection with the transfer; or

- 3.043.5** The student, who is a child of divorced or legally separated parents, transfers attendance from one high school to another in conjunction with a change in legal custody between the parents by action of a judge of a court of proper jurisdiction, and a change in the student's residence from the former custodial parent to the parent to whom custody has been awarded by the court, provided that a copy of the petition and the court order so changing custody is on file with the principal of the high school to which the student transfers.
- 3.044** The student, who (a) is an orphan; (b) is a child of divorced, legally separated, or unmarried parents with respect to whom there has not been a change in custody ordered by a court of proper jurisdiction; or (c) is a ward of the state who transfers attendance from one high school to another high school, shall be subject to the eligibility provisions of Sections 3.043.1-3.043.4 as if the student resided with his/her parent(s), provided that following the transfer, the student continues to reside with the same family, foster family, group home or other unit or entity after the transfer as prior to and at the time of the transfer.
- 3.045** In the case of a student who transfers attendance from one high school to another in conjunction with the adoption of the student after the student has entered high school for the first time, or a change in guardianship of the student by order of a court of proper jurisdiction, the student shall be ineligible pending a ruling by the Executive Director. In such cases, the Executive Director may grant eligibility only if it is determined, after investigation, that the circumstances giving rise to the change of guardianship or adoption and the transfer were completely beyond the control of all of the following:
- (1) the student
  - (2) the student's parent(s)/guardian(s)
  - (3) the schools to and from which the student transferred.

Any action, inaction, or voluntary or self-initiated decision of the student, parent/guardian or the school to or from which the student transfers, or any one or more of them, which results in, affects, causes or pertains to the transfer shall not be considered to be "circumstances completely beyond the control." The student may practice, but shall not participate in an interscholastic athletic contest until a ruling on the student's eligibility has been made by the Executive Director.

- 3.046** In all other circumstances involving a transfer, the student shall be ineligible pending a ruling by the Executive Director. In such cases, the Executive Director may grant eligibility if it is determined after investigation that the circumstances giving rise to the transfer were completely beyond the control of all of the following:
- (1) the student
  - (2) the student's parent(s)/guardian(s)
  - (3) the schools to and from which the student transferred.

Any action, inaction, or decision of the student, parent/guardian or the school to or from which the student transfers, or any one or more of them, which results in, affects, causes or pertains to the transfer shall not be considered to be "circumstances completely beyond the control." The student may practice, but shall not participate in an interscholastic athletic contest until a ruling on the student's eligibility has been made by the Executive Director.

- 3.047** The member school to which a student transfers shall enforce any period of ineligibility imposed or that would have been imposed upon the student by the school from which the student is transferring, even if the student is otherwise eligible under these by-laws. The period of ineligibility at the school to which the student transfers shall be the remaining duration of the period of ineligibility imposed or that would have been imposed had the student not transferred, but not longer than 365 days after the date of the transfer, whichever is less.

- 123.6)** Q. How is a double dual or a doubleheader counted under the terms of the participation limitations and the six-contest requirements of By-law 3.054?  
A. A doubleheader will be counted as two (2) contests. A double dual in which the participants compete only once will be counted as one (1) date (for the school) and two contests (for an individual). - 123.7)** Q. If a girls team competes against boys teams from other schools, may such contests be counted toward the six contest requirement for the girls team in that sport?

A. In most sports, the school identifies a team it defines as "varsity" at the start of the season and that team fulfills a schedule of contests arranged for the "varsity" team. This team is considered to be the team which comprises the most skilled competitors in the sport and is the team which is the school's representative at its highest level of competition, including the state series. (Constitution 1.420)
- 123.11)** Q. What determines whether a contest is a varsity contest?  
A. The level of competition for a contest is regularly specified on the contract which schools enter into for a given contest. It is the Board of Directors' interpretation that unless otherwise mutually agreed upon by the principals/official representatives of all competing schools prior to the contest, the level of competition specified on the contract designates the level of the competition. (Constitution 1.420)

**3.072** It shall be a violation of this rule for any student athlete to receive or be offered any remunerations of any kind or to receive or be offered any special inducement of any kind which is not made available to all applicants who enroll in the school or apply to the school.

Special inducement shall include, but not be limited to:

- (1) Offer or acceptance of money or other valuable consideration such as free or reduced tuition during the regular year or summer school by anyone connected with the school. **3.073** It shall also be a violation of this rule to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics even when special remuneration or inducement is not given.

Schools are not prohibited from conducting academic recruitment programs, programs which may include information concerning the school's extracurricular offerings. However, such recruitment programs must be designed to provide an overview of the academic and extracurricular programs offered by a school and are not to be used as a subterfuge for recruiting students for athletic purposes. Such general recruitment programs permissible under this rule shall be carried out under the following guidelines:

- With the exception of an open house conducted at a member school, no member of a school's coaching staff may present or distribute the school's information to students not yet in high school unless they are representing all phases of the entire high school program at official junior high functions such as high school nights, fairs, days or visits.
- Any information presented or distributed shall be limited to the academic and extracurricular offerings provided by the school. The information may include a description of the athletic facilities available at the school.
- Any information presented or distributed shall not imply, in any manner, that the member school's athletic program is better or more accomplished than any other member school's athletic program.
- Any information presented or distributed shall not imply, in any manner, that it would be more advantageous for a prospective student athlete to attend a member school over any other school because of its extracurricular programs.
- Information may be presented or distributed only at an open house conducted at a member school or at a school housing grades below the ninth from which the member school can normally expect enrollment.

#### **Introduction**

*IHSA By-law 3.070 and its sub-sections focus attention on the solicitation or inducement of young people to attend a particular high school in connection with participation in interscholastic athletics. It is important to note that these rules do not prohibit legitimate high school public relations, promotion or marketing. Rather, these rules prohibit capitalization upon a school's athletic program and/or a young person's athletic interest, potential or proficiency as a factor in determining school attendance.*

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

#### 171) NUMBER OF PRIZES PERMITTED

- Q. Is there a limit on the number of different prizes an athlete may win in any given contest or awards an athlete may receive on any given occasion?  
A. Yes. An athlete may receive no more than one (1) prize of \$75 fair market value per sponsor per athletic contest. (By-law 3.083)

#### 172) REWARDS REVIEWED

- 172.1) Q. If a student participates in a road race sponsored by (1) a member school; (2) a local business; or (3) a private running club, may the student receive a T-shirt instead of a medal or trophy for winning or placing in the race?  
A. In all three of these instances the student may accept a T-shirt or other merchandise reward, if the fair market value of the award is less than \$75. (By-law 3.083)
- 172.2) Q. May a contestant pay an entry fee to be in the race if part of that fee is used to purchase a shirt or other memento?  
A. Yes, if the item does not exceed \$75 fair market value. (By-law 3.083)
- 172.3) Q. May a student accept a meal at a restaurant and a plaque in recognition of being chosen "player of the week" or for a similar honor?  
A. The food prize is acceptable as long as it is physically consumed by the student personally. The plaque is acceptable if its cost did not exceed \$75 fair market value. (By-laws 3.081 and 3.083)
- 172.4) Q. May a student accept a trophy valued at \$125 for winning a non-school competition?  
A. Yes. (By-law 3.081)
- 172.5) Q. May a student accept a trophy valued at \$50 for shooting a hole-in-one during a golf tournament in the summer?

A. No. (By-law 3.083)
- 172.7) Q. How is the term "wearing apparel" defined in the context of this rule?  
A. "Wearing apparel" is defined to mean uniform shirts or jerseys, uniform shorts or pants, warm-up clothing such as sweat suits, and playing shoes for the particular sport in question. (By-law 3.083)

**173) WHAT CAN BE PROVIDED TO CHAMPIONS?**

- 173.1)** Q. In recognition of a team's accomplishments, may team members receive items such as gift certificates for dinners, jackets, sweaters, watches, etc.?  
A. Gifts such as these are permitted only if no individual item exceeds \$75 in "fair market value" and items totalling no more than \$75 in fair market value are provided by any one sponsor. (By-law 3.083)
- 173.2)** Q. Is it acceptable if, by virtue of a student's performance in an athletic contest, the student is awarded:  
(a) \$1,000 in the form of a college scholarship?  
(b) \$1,000 donated to the scholarship fund of the college of his choice?  
(c) \$1,000 donated in the student's name to charity?  
(d) \$1,000 donated in the student's name to the athletic program at high school?  
A. IHSA By-laws prohibit a student from receiving any amount of cash for participating in an athletic contest. This is true even if the reward is delayed for presentation following the student's graduation from high school. Consequently, example (a) is not permitted, but examples (b), (c) and (d) are acceptable, since the student personally does not and will not receive any cash or merchandise. (By-law 3.083)  
Note: While a student may not directly receive a scholarship, a scholarship may be given to a college or university and the student may receive the benefits of the scholarship fund if he/she attends that university. Failure to attend the school designated by the students forfeits the student's opportunity to receive any and all benefits of the scholarship. In such an event, the student may not receive any portion of the scholarship in cash. (By-law 3.083)

**174) TEAM CASH**

- Q. If a student plays on a community sports team, and that team wins \$500 cash in a tournament, is the student in violation of the amateur by-laws?  
A. No. The rules prohibit the student from receiving cash and restrict the value of merchandise. Since the student does not receive cash or merchandise personally, there is no violation of the amateur rules in this case. (By-law 3.083)

**175) STATUS OF "THONS"**

- Q. May a student participate in a "jog-a-thon," "swim-a-thon," or other "-thon" activity and receive cash or merchandise prizes for his fund-raising effort?  
A. Yes, but the prizes are acceptable only if they are presented exclusively on the basis of the student's fund-raising achievements. (By-law 3.083)

**176) ATHLETE AS A MODEL**

- Q. If a student-athlete who is selected by audition is paid \$250 to appear in a TV commercial for athletic equipment, is the student in violation of the amateur rules?  
A. No. (By-law 3.083) This is not a reward for participation in an athletic contest; rather, it is payment for specific services rendered.

**177) COMPETE WITH PRO**

- Q. May a student participate as a team member with a professional?  
A. Yes, provided the student does not receive cash of any amount or merchandise prizes which exceed \$75 in "fair market value". (By-law 3.083)

**178) COMPETE AGAINST PRO**

- Q. May a student participate in a contest against a professional?  
A. Yes. (By-law 3.083)

**179) DESIGNATION OF WINNINGS TO OTHERS**

- Q. May a student participate as a substitute in a non-school sports program with the person for whom the student substitutes receiving cash or merchandise prizes as a result of (1) the student's substitute performance, or (2) the performance of the team to which the substitute student contributed?  
A. In (1), the student will be considered to have received cash or illegal merchandise in violation of the by-laws, even though actual possession of the reward was granted to another individual. Designation of cash or merchandise won by a student in competition to an individual is viewed to be acceptance of the award by the student and may be in violation of the provisions of IHSA amateur rules. (By-law 3.083)  
In (2), a student's score may contribute to a team score by which other members of the team may win a cash, gift certificate or merchandise reward, provided the student personally receives nothing other than a medal, cup or trophy. If a team on which a student is a substitute wins a cash or merchandise prize that is divided among team members, the student is not in violation if the individual substituted accepts a share of the team prize. The student simply cannot accept or designate to someone else a share of the prize for his/her own performance with the team. (By-law 3.083)

**180) EXPENSE REIMBURSEMENT**

- Q. Does acceptance of reimbursement of expenses for non-school competition constitute an amateur rule violation?

For example, since "running any distance on a track" is a skill essential to the sport of track and field, a discus thrower, whose specific track and field event may not utilize the skill of running, is still prohibited from engaging in non-school running competition during the school track and field season, because "running" is a skill of his/her sport. Beginning on that date, any student from the school who subsequently practices or competes outside the school in the sport, will violate this by-law. (By-law 3.101)
- 191)** Q. May a high school student-athlete be randomly selected from the crowd at a sports event to shoot from half-court and win a prize if the shot is made?

- 193)** Q. May a tryout be conducted in more than one session over one or more days?

- 197)** Q. May a student who attends a school which does not maintain a school team in a given sport participate in practice sessions at a neighboring school which does maintain a school team in that sport?  
A. No. (By-law 3.104)
- 198)** Q. May a student in a school which does not maintain a school team in a given sport participate in a scrimmage in the sport at a neighboring school?  
A. No. (By-law 3.104)
- 199)** Q. May a school which does not maintain a school team in a given sport enter one or more of its students in competition against a neighboring school during the regular season for the sport?

#### **BOYS AND GIRLS BASKETBALL**

##### **269) PLAY BEFORE OPENING DATE**

- Q. If a school begins basketball practice on Monday of Week 19 and has its first varsity game scheduled for Tuesday, of Week 21, one day after the legal date for the first game, may it play a controlled scrimmage against a neighboring school on Friday of Week 18.

#### **BOYS FOOTBALL**

##### **270) FOOTBALL SCRIMMAGES**

- Q. May a school play a controlled scrimmage against another school on Saturday of Week 8, if it began football practice on Monday, Week 7, and has its first varsity game scheduled for Friday of Week 9?
- A. No. A scrimmage against another school in any sport is viewed to be an interscholastic contest. Therefore, it must be counted as one of the contests a school is permitted to play during the season, and is restricted as to the dates for playing contests. (By-law 5.062)

## BOYS AND GIRLS SWIMMING & DIVING

### 271) SPLITTING SWIMMING AND DIVING DATES

- Q. In the event a school participates in a meet where the diving event is not conducted due to insufficient pool depth, may the divers from that school compete in a different diving competition on a different date without having the school charged with an additional contest under the contest limitations?

## BOYS AND GIRLS TRACK AND FIELD

### 272) INDIVIDUALS COMPETING IN HONOR ROLL OR CLASSIC MEETS

If a school conducts a track meet to which member schools are invited to send only individual participants who have achieved outstanding record(s) or time(s), may schools send students to participate in this meet without the meet being counted as a team date within their limitation on dates of competition? (The meet is considered a "classic" event for individual competition only. No team scores are kept.)
- A. In such a case, if the meet is truly for individual athletes only and no team scores are kept, the event will not be counted as a team meet for participating schools. It will, however, be counted in the number of dates (maximum 21) on which the individual athletes may participate. (By-laws 5.152 and 5.153)

## SCHOLASTIC BOWL

- 273) Q. What is considered to be a contest?
- A. An event in which teams of five (5) students representing two (2) schools compete with or against each other in academic quizzing, utilizing a format and rules comparable to the IHSA series, is considered a scholastic bowl contest. (By-law 5.341)

## COMPETITIVE CHEERLEADING

- 274) Q. What constitutes a "competitive cheerleading" meet?
- A. A "competitive cheerleading" meet:
- Is a standalone competition, and is not a support or ancillary activity to another event such as a boys basketball tournament.
  - Is judged according to rules for competition endorsed by a governing body.
- 275) Q. Does a cheerleading competition held in conjunction with a basketball tournament, in which cheerleaders are judged on the basis of their sideline performance, fall under the category of competitive cheerleading?
- A. No. This is not considered "competitive cheerleading".
- 276) Q. When may a school hold tryouts and practice for its cheerleading squad?
- A. Tryouts may be held in the summer or tryouts may be held in the spring for the following school year. Tryouts may include incoming freshmen from feeder schools.
- 277) Q. May a student compete in competitive cheerleading for a school he or she does not attend?
- A. No. The only exception is public schools may form cooperative competitive cheerleading teams as outlined in IHSA By-law 2.030.
- 278) Q. After seven days of tryouts/practice during the IHSA competitive season, may a member of the competitive squad practice or compete with an independent team (for example, an All-Star squad)?
- A. No, students involved in competitive cheerleading must cease non-school practice and competition after five days of tryouts/practice during the IHSA competitive season. (By-law 3.106 and 5.750).
- 279) Q. What eligibility rules apply to competitive cheerleaders?
- A. The sport eligibility by-laws (Section 3.000).
- 280) Q. What eligibility rules apply to sideline cheerleaders?
- A. The activity eligibility by-laws (Section 4.000), but only if the team does not engage in interscholastic competition.
- 281) Q. If tryouts are held in the spring or in the summer before classes have begun, will a student who takes part in tryouts be ineligible for competitive cheerleading with respect to transfer if he or she enrolls in a new school? What if he or she is an incoming ninth-grader?
- A. No in both cases. (By-law 3.042)
- 282) Q. If tryouts are held after classes have begun, will a student who takes part in tryouts be ineligible for competitive cheerleading with respect to transfer if he or she enrolls in a new school during the school term?

A. Yes, provided there is no instruction related to the theories and strategies of competitive cheer.
- 285)** Q. Does the twenty-five day contact limit apply to competitive cheer in the summer?  
A. Yes. (By-law 3.153)
- 286)** Q. May a competitive cheer squad attend a cheerleading camp after Saturday of Week No. 4 in the standardized calendar?

- 287)** Q. Are students who try out for cheerleading squads in the spring eligible to compete with outside teams after the try-out date?  
A. Yes. By-law 3.106 says that "students must cease non-school practice and competition in that sport no later than seven days after the date on which the school team engages in its first practice or tryout." By board interpretation, students involved in competitive cheerleading must cease non-school practice and competition after seven days of tryouts/practice during the IHSA competitive season. (By-laws 3.106 and 5.750)
- 288)** Q. May a school's wrestling cheer squad participate in cheer competitions?  
A. Yes. By-law 5.753 says that "no individual shall be permitted to participate on a member school's Competitive Cheerleading team unless he/she is a rostered participant on the member school's winter (basketball) sideline cheerleading team." Since the competitive squad at some schools is the wrestling squad rather than the basketball squad, the parenthetical comment in the by-law is interpreted merely as an example of a winter squad, rather than as a requirement that the competitive squad must perform at basketball games. (By-law 5.753)
- 289)** Q. What is a "rostered participant"?  
A. A rostered participant is a student who is both on the roster and who participates on a sideline cheerleading squad. (By-law 5.753)

A. Yes. Game officials are not responsible for enforcing By-laws 6.011 or 6.012. The ejection from the first game should be reported as required. Note: all ejections for unsportsmanlike conduct must be reported in writing to the IHSA and the member school(s) involved by officials within 48 hours of the incident. (By-law 6.011)
- 296)** Q. In some sports players and coaches may be ejected from a contest for reasons other than unsportsmanlike conduct. Do By-laws 6.011 and 6.012 still apply?

- 297)** Q. What if a school fails to enforce By-laws 6.011 or 6.012?  
A. Schools will be required to forfeit any contest(s) (including an IHSA state series contest) when a player or coach is allowed to participate when he/she is ineligible due to an ejection for unsportsmanlike conduct. Schools are to set up administrative procedures to insure proper enforcement of By-laws 6.011 and 6.012.
- 298)** Q. May a school schedule a contest after a player or coach has been ejected for unsportsmanlike conduct to fulfill the requirements of by-laws 6.011 or 6.012?  
A. No. Coaches or players ejected for unsportsmanlike conduct must miss the next regularly scheduled contest. Contests that are rescheduled prior to an ejection because of inclement weather, etc., will be treated like a regularly scheduled contest.
- 299)** Q. If a player or coach receives two yellow cards or a soft red card in the same game, is he/she eligible for the next contest at that level?  
A. No. (By-laws 6.011 and 6.012)
- 300)** Q. If a player is ejected from the last game of the season, when is he/she eligible to participate?  
A. A player ejected from the last game of the season must sit out the next contest in which he/she would normally participate. (By-law 6.011)

- The ineligible participant may be suspended from further competition in that activity, as determined by the Executive Director.
  - The specific sport during which the ineligible player was used will be placed on probation status for one (1) calendar year.
  - Forfeiture of the contest.

If the Executive Director or the Board of Directors determines that the facts, findings or other information demonstrates that the ineligible student has provided the school false information upon which the student was certified to have been eligible, a penalty may be set aside or modified.

- 6.022** If an ineligible student participates in any interscholastic contest(s), pursuant to and in accordance with a restraining order, injunction, or other court order entered against the IHSA or a member school, and the restraining order, injunction or other court order expires without final determination or is subsequently vacated (whether voluntarily or otherwise), stayed, reversed or otherwise modified or found to have been entered in error, the contest(s) in which such student has participated shall be subject to forfeiture pursuant to By-law 6.021.
- 6.023** If a student or member school, while in violation of or noncompliance with any provision(s) of the IHSA Constitution and/or By-laws, Terms and Conditions, IHSA Policies and Guidelines, and/or other rules of the Association, participates in any interscholastic contest(s), pursuant to and in accordance with a restraining order, injunction, or other court order entered against the IHSA or a member school, and the restraining order, injunction or other court order expires without final determination or is subsequently vacated (whether voluntarily or otherwise), stayed, reversed or otherwise modified or found to have been entered in error, such member school and/or student shall be subject to penalty for such violations pursuant to By-law 6.010.

## 6.030 PROTEST PROCEDURE

Should the Board of Directors decide against the school making the protest, the deposit shall become a part of the funds of the Association.

- 6.033** The decisions of game officials shall be final; protests against the decision of a game official shall not be reviewed by the Board of Directors.
- 6.034** Principals should file with the Executive Director, on forms provided by the IHSA Office, reports of unsatisfactory performance on the part of game officials, which may be due to alleged lack of knowledge of the rules, errors in judgment, or improper conduct.

## **6.040 BREACH OF CONTRACT BETWEEN MEMBER SCHOOLS**

In case of breach of contract between member schools, either in total or in part, the Board of Directors shall have authority to assess as a penalty against the offending school a sum not to exceed \$100, in addition to the financial loss which, in the judgment of the Board of Directors, is sustained by the offended school as a result of such breach.

6.041 In case of breach of contract between member schools and the Association in IHSA State Series Tournaments and Contests, the Board of Directors shall have the authority to assess as a penalty against the offending school an amount not to exceed \$100, in addition to the financial loss which, in the judgment of the Board of Directors, is sustained by the offended school(s) or the Association as a result of such breach.

6.042 The entire assessment shall be paid to the Association. That part of the assessment levied to cover the financial loss shall be remitted to the offended school, with the remainder to become part of the funds of the Association.

6.043 In the event a contest is not played due to an emergency, strike or boycott, every effort should be made by both parties to resolve the matter by mutual consent. If, in an emergency or boycott situation, an agreement cannot be reached, the school which created the breach shall be responsible to fulfill the terms of the contract or be liable to terms of this section. If a contest is not played because a member school complies with the prohibitions of By-law 2.140 pertaining to a strike, no financial penalty or assessment shall be imposed against the offending school for breach of contract.

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.*

**304) BREACH OF CONTRACT RESOLUTION**

- Q. When schools face a potential breach of contract situation, what steps should be followed to resolve the matter?  
 A. Every effort should be made by both schools involved to find mutual resolution before the breach actually occurs. Even after the contract is breached, it is preferable for the two schools to resolve the matter by mutual consent. As a last resort, the matter may be referred to the Board of Directors for settlement. (By-law 6.040)

**305)** Q. When a member school cannot participate in a scheduled contest because it is not in legal session as defined by the Illinois School Code and State Board of Education Policy, due to a strike, may the contest be rescheduled or must it be canceled and forfeited?

- A. A contest which is not played because of a strike may be rescheduled within the provisions of the season and participation limitations of these by-laws and by mutual consent of both schools. If the contest is not rescheduled and played, the school which could not participate because of a strike must forfeit the contest.

**306)** Q. When a contest is not played because of a strike, how are game officials contracts resolved?

- A. Game officials are contracted by the host school for the contest. It is the position of the IHSA that the host school is obligated to pay officials for contracted games, whether the game is played or not, unless other resolution is mutually consented to by both the school and the official(s). In the event a game is not played because one of the schools to play in the game cannot play because of a strike, the striking school must either pay the game officials according to the terms of their contracts if it is the host school, or the striking school must reimburse the host school for the terms of the officials contracts if it is the visitor.

- 307)** Q. Is a school which cannot play a contest because of a strike obligated to make financial settlement for unrealized revenue with the host school for the contest?  
 A. No. The provisions of By-law 6.043 relieve a striking school of such obligations if it complies with By-law 2.130 which prohibits the playing of contests during a strike.
- 308) COACH TAKES TEAM OFF FLOOR**  
 Q. If a coach orders his/her team off the floor or playing field before the contest is concluded, is it a breach of contract?  
 A. Yes. (Constitution 1.420 and By-law 6.040)
- 309) EMERGENCY SITUATION**  
 Q. Is a school justified in canceling a contest if it finds that several of its students are unable to take part because of an emergency?  
 A. Such cases would have to be decided individually by the Executive Director. If the school has a sufficient number of students to participate, it should fulfill its part of the contract even though the contest could be one-sided. If the contest cannot be held, the school should seek cancellation or postponement by mutual consent as early as possible. (Constitution 1.460 and By-law 6.040)
- 310) STRIKE OR BOYCOTT**  
 Q. How is this Section interpreted in the case of a strike, boycott or other emergency?  
 A. Every effort shall be made by both parties to resolve the breach of contract by mutual agreement. (By-law 6.040). However, if an agreement cannot be reached, the matter shall be reviewed by the Board of Directors under the terms of By-laws 6.040 and 6.043.

## **6.050 BREACH OF CONTRACT BETWEEN SCHOOL AND OFFICIAL**

In case of breach of contract between a member school and official, either in total or in part, the Board of Directors shall have authority to assess as a penalty against the offending party the sum of \$10, in addition to the forfeit named in the contract.

- 6.051** All contracts between schools and officials shall be written on the Contract for Officials form supplied by the Board of Directors through the IHSA Office. The Terms and Conditions of these contracts should be scrupulously observed.
- 6.052** If, in the judgment of the Board of Directors, the contract has been broken by the school and no forfeit has been named in the contract, the penalty shall consist of an amount not to be in excess of the contractual sum to be paid the official, plus a breach fee of \$10.
- 6.053** If, in the judgment of the Board of Directors, the contract has been broken by the official, the penalty shall consist of an amount not to exceed the entire cost of employing a substitute official, plus a breach fee of \$10.
- 6.054** If, in the judgment of the school or official, there are extenuating conditions, a hearing may be held. Written request for such hearing must be submitted to the Executive Director, who shall be responsible for conducting an investigation and hearing.
- 6.055** If an official's contract is made during a given school year for a contest to be played during the next school year and if, in the meantime, there is a change in the school principalship, the contract is valid only if and when the incoming principal has been notified of the existing contract and has sanctioned it or has failed to inform the official of cancellation within one week after the notification.
