We understand that any students who participate in emerging sports must be eligible under the provisions of IHSA eligibility By-laws.

We understand that emerging sports teams may participate against established interscholastic teams or registered emerging sports teams from other IHSA member schools; teams directly sponsored by schools which are not members of the IHSA or teams affiliated with schools in other states with the approval of the National Federation member high school athletic association in that state.

We understand that schools sponsoring registered emerging sports programs must file an annual report of participation with the IHSA Office on forms provided by the Association. This data will further assist the Association in determining when a new state series should be conducted.

Please see the Emerging Sports Policy in the IHSA Handbook with Illustrations for further information regarding the applicable by-laws regarding contests, travel and time limitations.
