All materials should be sent ELECTRONICALLY to Kayode Adegoke by December 19, 2014.*

Selected pep bands from member schools will be extended the invitation to perform on one of the four days of the 2013-2014 Girls State Final Basketball Tournaments, one of four days of the 2014-2015 Boys State Final Basketball Tournaments, or one-half day of two days of the 2015-2016 Girls State Final Volleyball Tournament. A maximum number of 60 (Redbird Arena) or 40 (Civic Center), including band members and conductor(s), will be allowed for reimbursement and admission.

Space for the performing pep bands will be provided at the Civic Center and Redbird Arena. Performers will be admitted to the Civic Center and Redbird Arena as a group at no charge only for those sessions at which they are scheduled to perform. Pep band members will not be ad-

mitted to any other sessions of any tournament without a paid ticket for admission as a spectator.

Each participating pep band will be asked to be in position and begin performing no later than 30 minutes before the start of each session (session times listed above). Bands are to play during time-outs, between quarters, at halftime, and following the conclusion of each game.

The performing bands will be chosen by the IHSA Office with assistance from selected music educators. **ONLY PEP BANDS WILL BE CONSIDERED FOR SELECTION.** Please do not submit a audio recording from your jazz band, stage band, concert band, or any group other than the one that would play, if selected. Audio recordings should include samples of music that is lively and has crowd involvement. Record only brief segments of several different selections (30 seconds per selection maximum). Also include examples of "cheering fanfares" your group may use in assisting your own school's cheerleaders to excite a home crowd. Please do not include formal concert numbers, or your rendition of the national anthem or entire selections. In addition, instructors are not to play any instruments in the selections submitted on the audition recording.

Here are some suggestions from our judging panel for a successful recording:

1. Make sure the recording volume is set at the proper level as to get the best sound. If the level is too high, the sound will be distorted and too low will make it difficult to hear.
2. Be aware of the percussion sound.
3. Make sure the parts are being covered. Too many groups get eliminated due to wrong notes.
4. Check pitch and balance. Those that play with the best quality of sound get selected.
5. Listen to the recording before you send it in. Make sure the quality of the recording equals the quality of your ensemble.

If you are interested in having your pep band considered for selection, download and complete the application form and send it along with specified materials listed above to:

Considered priority for selection will be given to bands from their class schools for the appropriate class tournaments.

Deadline for submitting recordings is December 19, 2014
