IHSA Compliance Checklist

Scenario 2.080- It's game night. Your JV volleyball team is just finishing pre-game warm-ups, fans are in the stands and the visiting team is ready to play. However, the IHSA licensed officials have not arrived. You run to your office and call the contact number listed on the contract and no one answers.

IHSA Compliance Checklist

Scenario - IHSA By-law 2.080 pg. 35. With mutual consent by both competing schools; coaches or staff can officiate the non-varsity level contest.

2.080 SELECTION AND USE OF LICENSED OFFICIALS

All major officials for athletic contests must be licensed with the IHSA in the sport the individual is to officiate, except that in the event contracted officials do not appear for a contest below varsity level, and with mutual consent by all competing schools, members of the coaching staff, faculty, and/or administrative staff of any of the competing schools may officiate the contest. The Board of Directors shall be responsible to establish policies and procedures governing the licensing process.

The names of game officials for each interscholastic athletic contest must be submitted by the host school to the visiting school not later than five school days before such contest and must be mutually agreed upon not later than the night preceding the contest.

IHSA Compliance Checklist

Scenario 3.106: You are informed by your boys track & field coach that five days after the first track & field practice, one of his track & field athletes competed with his non-school track & field club, The Racing Rockets, in a non-interscholastic meet that was not sanctioned by any state or national governing body. In addition, this athlete receives private, one on one, instruction from his non-school club coach (the legend himself, Coach Blaze McDuffy) both during the IHSA track and field season and outside of the IHSA track and field season. Coach McDuffy is not a coach at a member school.

Do these situations constitute an IHSA violation? If yes, what would your next step be?

IHSA Compliance Checklist

Scenario 3.106 Answer: According to IHSA By-laws 3.106 and 3.112.2 neither of these situations constitute a violation. Although participating in non-school competitions while that IHSA sport is in season is a violation, IHSA By-law 3.106 provides a window of seven days to cease non-school participation after the athlete's school conducts its first tryout or practice in that sport.

Additionally, 3.112.2 allows for students to attend coaching schools, camps, or clinics during any time of the calendar year as long as no person who is a coach at the student's school is involved in any respect.

9/17 Projected boys' basketball sites for 1st 2-year Classification Cycle are available for viewing

Greetings. The projected regional and sectional sites for the 2020 and 2021 seasons are now available for viewing in the IHSA Schools Center. (After logging in, you can find the sites by class by selecting the "F" tab for 'Forms & Other Resources'.)

The spreadsheets represent the schools that will be initially considered to host IHSA boys' basketball state series tournaments during the first two-year Classification Cycle. If schools are unable to host in their intended year, a replacement will be found. In those cases, a school initially listed for year two of the cycle (2021) may be asked to fill the void created if a school asked to host this year is unable to do so. It is expected that emails requesting schools to host will be going out within the next week.

Individuals with questions can contact Kurt Gibson at the IHSA Office.

Request for Non-school Competition

Non-School Competition Participation Requests

[submit NSCP request](#)

This form is provided to request approval for participation in a non-school competition while on a school team in the sport in question.

IHSA By-law 3.101 prohibits a student from participating on a non-school team or in non-school competition in the sport or any skill of a sport at the time the student is a member of a school team in that same sport. During the school term, special permission may be granted to permit a student to compete in a non-school event during the school season in competitions which are directly sanctioned by the national governing body for the sport or its official Illinois affiliate. No student may participate in more than three (3) approved non-school competitions during a sports season.

This form is to be completed and submitted online no later than ten (10) days prior to the date of any competition for which a student seeks an exception to the restriction of By-law 3.101. It must be accompanied by the required written verification from the National Governing Body for that sport or its official Illinois affiliate indicating it is directly sanctioning the event.
