2) Games which are suspended prior to the end of the first half because of conditions which make it impossible to play (darkness, weather, etc.) shall be continued from the point of interruption at the next available playing time; that is, a delay may be called or a game may be suspended until the following day (except Sunday).

3) During the State Tournament, if there is a seven (7) goal differential at the start of the second half or anytime after the start of the second half, the clock shall be reduced by half of the remaining time.

4) During Regional Quarterfinals, Semifinals, and Finals, and during Sectional Semifinals and Finals, if the first half has ended, and if play cannot be continued due to conditions such as darkness, weather, etc., the game shall be terminated unless tied. If the game is tied and cannot be continued, the game shall be considered suspended and must be continued from the point of interruption at the next available playing time (except Sunday). Once the game has begun, the game officials are solely responsible for the decision.

5) If a Super-Sectional game is suspended due to conditions that make it impossible to play, the game will be rescheduled for the next day from point of suspension or if mutually agreed upon by both head coaches that the game may be considered final. **Note 2: Golden goal will end the game when scored in any overtime period**

**Resolution of Tie Games:**

The overtime used in the Illinois High School Association tournament series shall be as follows:

2 minutes-hydration break between overtime period 2 and overtime period 3

10 minutes-3rd overtime period

0 minutes-immediate changeover between overtime period 3 and overtime period 4

This process shall be repeated through as many as five (5) kickers for each team until there is a winner.

d) If the score is still tied, each team shall designate five (5) different players who did not kick under "c" above to take sudden victory tie-breaker kicks. Then the process of "c" is repeated. If the score is still tied, after these five (5) kickers from each team have taken their kicks, the process of "c" shall be repeated again, with any eligible player from the roster permitted to kick. **Note:** In any sequence of either the regular or sudden victory tie-breaker kicks no player may kick more than once in each ten (10) kick series. However, a player may kick in each ten kick series so, for

example, a player may kick three times in a tie-breaker series which is not resolved until the twenty-fourth (24th) tie-breaker kick.

e) Kicking Procedure for tie-breaker kicks in the tie-breaking system: Kicks taken for tie-breaking purposes will be taken according to the following procedure:

(1) The kicker and goalkeeper will take their positions in preparation for the kick without delay.

(2) When ready, the referee will sound a whistle.

(3) The goalkeeper must start with both feet on the line and can only move laterally when the whistle sounds.

- B. If facility allows, host schools will place team benches on the opposite side from the fans for all state series games. If it is not possible for the teams to be opposite the fans, the team benches should be 10 feet in front of the fan benches and an Administrator from the host school must be supervising the area at all times.
- C. Single-Game Time Schedule: (For example, if the game begins at 6:00 pm)  
5:30-Warm-up clock will start for 20 minute warm-up.  
5:50-When the warm-up clock strikes 0:00 teams return to benches.

Note: During the State Tournament, if there is a seven (7) goal differential at the start of the second half or anytime after the start of the second half, the clock shall be reduced by half of the remaining time.
- E. Balls for all levels of the State Tournament Series are being provided by Baden Sports, Inc. and only Baden balls may be used. The IHSA will provide three (3) Baden game balls for each Regional, Sectional, and Super-Sectional site and seven (7) Baden game balls for the State Final Tournament.

For the Class 1A, 2A and 3A Regional Quarterfinal games hosted by higher seeded teams, host schools shall obtain three licensed officials which need to be approved through the IHSA Office a minimum of 5 days before the game is to be played. The approval form can be found in this manual under Miscellaneous Forms. The host school will also need to file a Financial Report on-line for reimbursement of the officials' fees which is located in the Schools Center.

# 2011-12 SOCCER STATE ASSOCIATION ADOPTIONS

## New Adoption

1. All hard red cards received by a player and/or coach are to be tracked by the school and the IHSA. Recipients of the hard red card will have the following consequences:
  - a. 1st hard red = 1 game suspension (current practice);
  - b. 2nd hard red card = 2 game suspension for recipient;
  - c. 3rd hard red card = 3 game suspension for recipient etc.

The hard red card(s) count accumulated during the regular will continue through the state series.

## Current Adoptions

1. By State Association Adoption, players may wear soft and yielding caps during inclement weather. Caps must be alike in color. Rule 4-2, article 1, exception (3)
2. If tape is worn on the outside of the sock it must be clear or match the color of the socks.
3. Officials must meet with ball holders prior to the start of each game.
  1. Runners should be at least of Junior High age.
  2. Be consistent, be active and pay attention.
  3. Keep up with play.
  4. Don't coach or cheer for your team, remain neutral.
  5. Hand the ball to the player or place on ground then retrieve the other ball.
4. During regular and post season contests when the warm-up clock runs to 0:00 ( 5 minutes before posted start time), officials, coaches and players meet for the equipment check, sportsmanship talk and coin flip. If an announcer is present, introductions begin. If no announcer, game begins immediately.

Warm-up should begin at a minimum 20 minutes prior to the scheduled game time. When the warm up clock runs to 0:00 there is enough time for officials to meet and conduct their pre game responsibilities. This allows all athletes to warm up uninterrupted to prepare for the game.

5. During Regular Season and State Series Contests:

In the event a game is suspended due to conditions that make it impossible to play, the head referee shall declare it an official game if one complete half or more of the game has been played.

If less than one-half of the game has been played, the game may be continued from the point of interruption at the next available playing time; that is, a delay may be called or a game suspended until rescheduled.

6. During **Class 1A/2A/3A Super-Sectionals Only:**

In the event a game is suspended due to conditions that make it impossible to play the game will be rescheduled for the next day from point of suspension or if mutually agreed upon by both head coaches the game may be considered final.

If the game cannot be played or completed by the end of Thursday night prior to the State Semifinals, the team with the lead will be declared the winner.

If the teams are tied and the game cannot be completed on Thursday then a coin toss shall determine which team will qualify for the State Finals.

If less than one-half of the game has been played, the game will be continued from the point of interruption at the next available playing time; that is, a delay may be called or a game suspended until rescheduled.

## **Soccer State Association Adoptions, continued**

7. Yellow cards received during regular season or tournament competition must be counted. Once a coach or player has accumulated five yellow cards, they are suspended for the next game. Once the coach or player accumulates three additional yellow cards, they are suspended for the next two games, three more; they are suspended three games, etc. These are minimum penalties.
  - a. All yellow cards must be reported by the official to the IHSA and the member school as currently practiced with all ejection reports. Schools are responsible to keep track of all yellow cards issued to their coaches and players. A yellow/red card form is available online through the IHSA Schools Center and the IHSA soccer webpage for schools to download during the season. Coaches are encouraged to complete the form and submit it to their Athletic Director after each game.
  - b. At the start of the IHSA tournament series, a coach or player will begin the tournament with a clean slate if they have accumulated four or fewer yellow cards during the regular season.
  - c. If a coach or player enters the tournament series having accumulated five or more yellow cards during the season, their yellow card count continues. Once the individual accumulates eight total cards (regular season and IHSA tournament series) they are suspended for two games, eleven yellows they are suspended for three games, etc.
  - d. Officials who submit a yellow card report or an ejection report through the officials center do not need to send a separate report to the school. Schools are able to immediately see the yellow card or ejection report on their Schools Center.
  - e. Officials who submit a yellow card report or an ejection report via fax to the IHSA need to send a separate report to the school.

**Note:** Once the game restarts cards cannot be rescinded after being issued, therefore all yellow and red cards MUST be reported to the school and the IHSA.

  - f. Schools or coaches who do not receive a special report electronically or by fax within 48 hours of the contest must send the officials name and id number to the IHSA office for follow up. Officials who do not submit yellow/red cards will be contacted by the IHSA and may face sanctions.
8. During the regular season, if any game ends in a tie and overtime or penalty kicks are not used to determine a winner then the game is marked as a tie. If any game ends in a tie and overtime and/or penalty kicks are used to determine a winner then a win or a loss is attributed to each team.
9. Once a regular season game begins and overtime was not discussed or agreed upon prior to the game (be cognizant of standing conference rules) there is no opportunity to play overtime or go to PK's to determine a winner.
10. During the regular season and State series games, if there is a 7 goal differential at the start of the second half or anytime after the start of the second half, the clock shall be reduced by half of the remaining time. At this time there are no other acceptable "mercy rule" variations.
11. During regular and post season contests, and per NFHS rules, a designated coach's box must be marked for each game. By State Association Adoption, if one box or both boxes are not designated then coaching staff from each team must remain seated throughout the game.

## Boys/Girls Soccer Post Season Tie-Breaker Procedure

**(Note: Golden goal will end the game when scored in any overtime period)**

Resolution of Tie Games:

The overtime used in the Illinois High School Association tournament series shall be as follows:

Play the regulation game and, if a tie exists;

5 minute break between regulation and 1<sup>st</sup> overtime

10 minutes-1st overtime period

0 minutes-immediate changeover between overtime period 1 and overtime period 2

10 minutes-2nd overtime period

2 minutes-hydration break between overtime period 2 and overtime period 3

10 minutes-3rd overtime period

0 minutes-immediate changeover between overtime period 3 and overtime period 4

10 minutes-4th overtime period; and if a tie exists:

a) A coin toss occurs before: the first Overtime; the first 5 kicks and the second set of 5 kicks. The visiting captain shall call the toss.

b) Each coach shall select five (5) players from the team roster to take tie-breaker kicks. The team winning the coin toss shall have the choice of shooting first or second. The goalkeeper for each team shall be any eligible team member determined by the coach. The teams will then each take five (5) tie-breaker kicks, alternating kickers. The team scoring on the greater number of these five (5) kicks shall be the winner.

c) If the score is still tied, a series of sudden victory tie-breaker kicks shall be taken. Each team shall designate five (5) different players to kick. Players shall kick alternately. If the first kicker from Team A scores and the first kicker from Team B does not score, the game is ended and Team A is the winner. If both first kickers score, the second kickers from each team take tie-breaker kicks and, if one scores but the other does not, the game is ended and the team of the scoring kicker is the winner. This process shall be repeated through as many as five (5) kickers for each team until there is a winner.

d) If the score is still tied, each team shall designate five (5) different players who did not kick under "c" above to take sudden victory tie-breaker kicks. Then the process of "c" is repeated. If the score is still tied, after these five (5) kickers from each team have taken their kicks, the process of "c" shall be repeated again, with any eligible player from the roster permitted to kick. Note: In any sequence of either the regular or sudden victory tie-breaker kicks no player may kick more than once in each ten (10) kick series. However, a player may kick in each ten kick series so, for example, a player may kick three times in a tie-breaker series which is not resolved until the twenty-fourth (24th) tie-breaker kick.

e) Kicking Procedure for tie-breaker kicks in the tie-breaking system: Kicks taken for tie-breaking purposes will be taken according to the following procedure:

(1) The kicker and goalkeeper will take their positions in preparation for the kick without delay.

(2) When ready, the referee will sound a whistle.

(3) The goalkeeper must start with both feet on the line and can only move laterally when the whistle sounds.

(4) The kicker will be permitted only one touch on the ball in taking the kick.

# Prevention of Heat Illness Guidelines

Athletes participating outdoors in hot, humid weather or indoors, in non-air conditioned or poorly ventilated gyms are susceptible to heat related illness. While it is the responsibility of each school participating in an IHSA contest to allow adequate acclimatization to the heat prior to the contest, it is the authority of the local manager to adjust or alter a contest based on the environment. Managers should check the environment one-hour before the scheduled contest.

If a high risk is present, the manager has the authority to alter game conditions. Athletes should drink one to two cups of water in the hour preceding competition and continue drinking during the activity every 15-20 minutes. If conditions become severe the manager may suspend or alter the contest. Altering the contest may include stoppage of play for a mandatory drink period, stopping play for a rest period where gear and clothing may be loosened to allow heat loss, stopping play to allow for removal of outer clothing, socks and or shoes or even postponing the contest.

Local Managers should refer to the Heat Index Table below if the host school does not have a plan or means to assess both the temperature and humidity prior to the contest. This heat index can be used to define caution, extreme caution, danger and extreme danger risk conditions. Additional heat and hydration information can be found by accessing the Sports Medicine link on the IHSA web site at [www.ihsa.org](http://www.ihsa.org).

# IHSA Severe Weather Safety Guidelines

*To be used during any IHSA state series contest*

When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Take shelter immediately.

Lightning is one of the most consistent and underrated causes of weather-related deaths or injury in the United States. Nearly all lightning-related injuries occur between the months of May and September and between the hours of 10:00 a.m. and 7:00 p.m. Therefore, the greatest concern for injuries in an outdoor contest appears to be during that time, though it can happen any time of year.

It is essential that local managers, competing schools, and contest officials establish dialogue in advance of contests or events to ensure that all involved are aware of what the plan will be in determining whether or when to suspend play. Local managers are encouraged to share their plan with competing schools and assigned contest officials *prior to the start of the tournament/event*.

## Advance Planning:

Local Managers should have a documented plan in place, designated people who are responsible for monitoring the weather and a qualified person (typically a trained manager and/or officials) to make the decision to suspend play. In state series competitions, the **local tournament manager** or official(s), if assigned, can make the decision to suspend play.

## Monitoring Weather:

Local Managers during the contest should be aware of any potential thunderstorms that may form during the competition; if an evacuation is needed, managers should also know how long it would take teams to get to their safest location. Monitoring the weather with a weather alert radio, or with lightning detection systems, or any other available means, is recommended.

If competing schools have portable devices they will be bringing to a contest/event and/or have specific policy or directions from their administration that they must follow, the school must communicate those to the tournament manager. Tournament managers must know the policies of each school assigned to their tournament or event prior to its start.

## Lightning Awareness

Generally speaking, it is felt that anytime a cloud-to-ground strike of lightning can be seen, or thunder heard, risk is already present. It is time to seek shelter.

## Criteria for Suspending Play

If the local management does not have commercial weather warning equipment at the site or an efficient method of making an accurate, timely decision on location, listening for thunder is the best way to mitigate the danger. If thunder is heard, or lightning is seen hitting the ground, the thunderstorm is close enough to strike in your location. According to the National Weather Service, lightning can strike 10 miles away from the parent thunderstorm. When thunder roars, go indoors! It is important that local manager monitor not only how far away the lightning is but also how fast it is approaching. Thunderstorms can form and move quickly and danger can arrive quickly.

Either tournament/event management or assigned contest officials have the authority to suspend or cancel interscholastic contests. It is recommended that those groups work together in making such determination and use any and all available information in doing so. Participating schools with concerns at particular events should direct those to tournament/event management or assigned contest officials.

The following guidelines should be followed in determining when to suspend an event:

1. Anytime a cloud-to-ground strike of lightning can be seen, or thunder heard, risk is present, and a contest should be suspended. At that point, the 30 minute rule for resumption should go into effect.  
*NOTE: Due to the layout of some outdoor facilities, contest officials or tournament managers may not be able to see lightning actually "strike the ground." However, whenever lightning is seen moving out of clouds towards the ground, it can be assumed that the lightning is, in fact, striking the ground somewhere, and, as a result, the contest should be suspended.*
2. If lightning or thunder is not present but the weather is starting to become ominous, tournament management and/or contest officials should use all available information to determine if and when a contest should be suspended. Care for both participants and spectators should be taken into account at this point. If in doubt, contest officials or tournament managers are encouraged to exercise caution and suspend play. At such a point, tournament officials should be ready to implement their emergency plans. However, competing schools who pull their teams or athletes off a field of competition prior to a contest or event's suspension do so at the risk of forfeiture or disqualification from the game or event.
3. Suspended contests or events should be resumed at a time when the weather and/or field conditions allow for resumption.

## Evacuation Plan

**Safe Areas:** All personnel, athletes and spectators should be clearly informed of available safe structures or shelters in the event a thunderstorm approaches. A safe structure is any fully enclosed building frequently used by people. In absence of that – athletes and spectators should go to any vehicle with a hard metal roof. Roll up the windows and do not touch the sides of the vehicle. If no safe structure or vehicle is available, find a thick grove of small trees surrounded by taller trees or a dry ditch. Assume a crouched position on the ground with only the balls of your feet touching the ground. Wrap your arms around your knees and lower your head. Minimize contact to the ground since lightning often travels through the ground.

**Avoid:** Tall trees or objects like light poles or flagpoles, individual trees, standing pools of water and open fields. Also avoid being the highest object on the field. Do not take shelter under trees. Avoid bathrooms if another building is available, and do not use a land-line telephone. A cellular phone or portable phone is a safe alternative if in a secure shelter or vehicle.

## Resuming Activity

The NSSL (National Severe Storms Laboratory) recommends that everyone should wait at least 30 minutes after the last flash of lightning or sound of thunder before returning to the field or activity.

## **Return to Play (RTP) Policy**

**Background:** With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

**Policy:** In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return to play.

For the purposes of this policy, licensed health care providers consist of physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers working in conjunction with physicians licensed to practice medicine in all its branches in Illinois.

## IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

**“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”**

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

**NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.**

### Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

### Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

### Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete can not be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to the IHSA’s Return to Play (RTP) Policy before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

# ScoreZone Reporting Procedures for 2011-12

Managers: Please read the following page carefully. If you have any questions, please call Scott Johnson at the IHSA Office (309-663-6377).

## How to Submit ScoreZone Final Scores

1. Log on to the IHSA Schools Center using your 4-digit school ID and password ([www.ihsa.org](http://www.ihsa.org)).
2. Look for the "Tournament Management" chart. Click on the "ScoreZone" link. You will be shown a list of state series contests hosted by your school.
3. Find the game you want and click on "Edit".
4. Fill out the score and other appropriate information and click the button labeled "FINAL" to submit.

Please note: Your score must be submitted online. It will appear on the ScoreZone page moments after you submit it.

The screenshot shows the IHSA Schools Center interface for submitting a ScoreZone report. At the top, there is a navigation bar with 'Log out', '0101 Abingdon', and 'Main menu'. The main header reads 'IHSA Schools Center'. Below this is the 'ScoreZone Report' form. The form is divided into several sections: 'Competing Teams' with input fields for 'Urbana (H.S.)' and 'Danville (H.S.)'; 'Score' and 'Status' fields; 'Time remaining' and 'Period' dropdown menus; a 'Highlights' section with a text area for high goal scorers; and an 'Unusual Circumstances' section with radio buttons for various delay reasons. At the bottom, there are buttons for 'Score is NOT final' and 'FINAL Score', along with a note: 'Your update will appear in the IHSA ScoreZone area within 60 seconds.'

A sample of the page in the IHSA Schools Center where you will submit Soccer scores.

## It is the responsibility of each tournament manager to:

- Submit the final score of each contest you host.
- Submit the final score as soon as possible after the conclusion of each contest.

***For more information, check out the ScoreZone page at [www.ihsa.org/scores](http://www.ihsa.org/scores)***

## ***Interactive ScoreZone means live updates!***

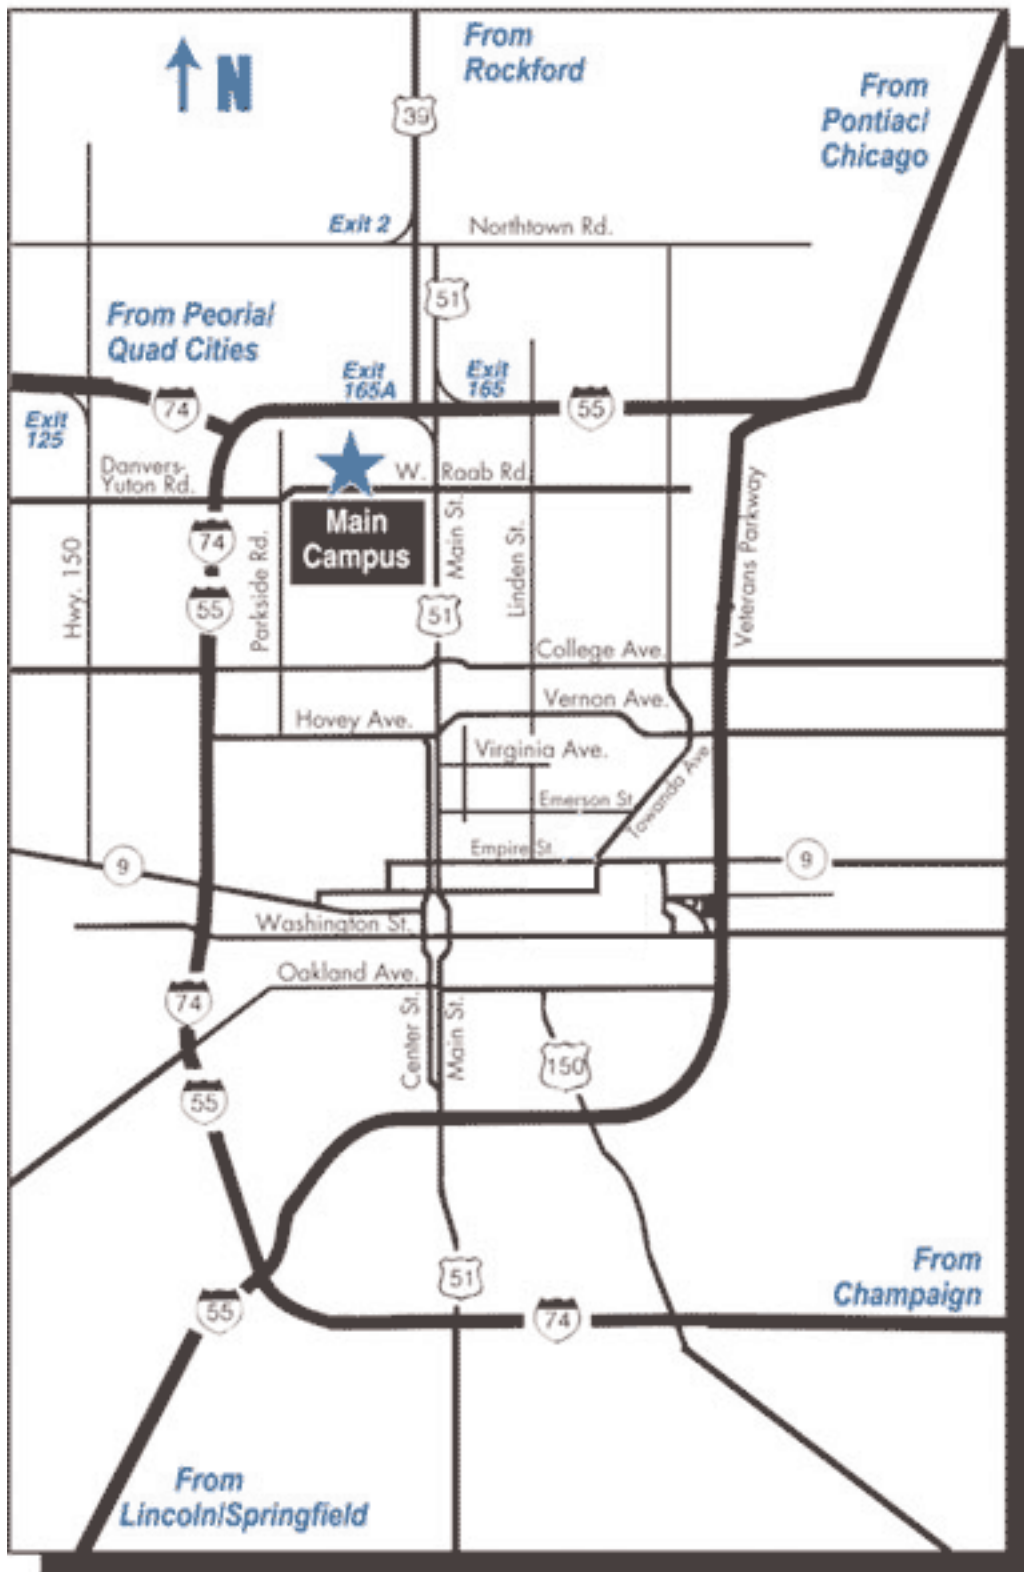

Submitting scores online means being able to submit scores during the contest. Imagine being able to track scores from dozens of hot games around the state — as they happen. The technology is here. All we need now is your help.

## ***How to Submit "Live Updates"***

1. Log on to the IHSA Schools Center and find the contest you want to report (as outlined above).
2. Submit the score and the status of the contest (the inning, or the time remaining in the quarter or the half).
3. Submit the score as often as you like (including, of course, the final score).

Think it's a great idea, but need help? Remember, you can give the ScoreZone password to a trusted student or adult. The ScoreZone password gives access only to the ScoreZone area of the Schools Center. Live updates can be posted from the site of the contest, or even from home while listening to the radio.

No obligation: You are not required to submit "live updates" — but you just might want to!

### STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha ([mtroha@ihsa.org](mailto:mtroha@ihsa.org)) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick-up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

### VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Passes for videographers shooting highlight videos, documentaries, etc. should be included in student media application reference above. Additional passes for videotaping purposes will need to come from the allotment of state final passes given to school/head coach at or prior to the state final event.

To apply for a credential to shoot video, please have your Athletic Director email Matt Troha ([mtroha@ihsa.org](mailto:mtroha@ihsa.org)) at the IHSA with the name of the individual who will be taping and whether they are an adult or a student.

*Please contact Matt Troha (309-663-6377) at the IHSA for any questions related to this document.*

IHSA Tournament Managers/Hosts,

The advent of greater broadcasting technology over the past few years has brought about many new potential broadcasters and many new broadcasting platforms and mediums, especially as it pertains to broadcasting video over on the internet. It is important to remember that most internet video streams of IHSA State Series (Regionals, Sectionals, Super-Sectionals, Football Playoffs) events will require that a broadcast rights fee be paid by the broadcasting individual/company. A new internet video broadcasting fee schedule has been developed and is located below, but first please read these reminders on how to determine if a fee is necessary should you be approached about a video webcast of the State Series event you are hosting. If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please call Matt Troha at the IHSA office (309-663-6377).

## **BROADCAST RIGHTS FEE PAYMENT REQUIRED**

There is an IHSA broadcast rights fee required with the broadcast if any one of the options below is applicable...

- 1) The internet video webcast is originated and accessible to viewers on any third-party website (i.e. media website, IHigh, UStream, High School Cube, fan site, etc.).
- 2) If the crew producing the internet video webcast is not affiliated with the high school or not composed entirely of high school students and/or high school personnel.

## **BROADCAST RIGHTS FEE PAYMENT NOT REQUIRED**

There is no IHSA broadcast rights fee required if both guidelines below are met...

- 1) The internet video webcast is produced and the crew populated entirely by high school students and high school personnel as a part of a high school tv station, AV Club, etc.  
*and*
- 2) The internet video webcast is originated on and accessed by viewers on the high school website, the website of the city or on the school's IHSA.tv website ([www.IHSA.tv/schoolname](http://www.IHSA.tv/schoolname)).

## ***Internet Video Broadcast Rights Fee Schedule***

Prior to the 2011-12 school year, internet video webcasts fell under the same broadcast rights fee schedule as television. Because of the growing number of internet broadcasting entities, the IHSA Media Advisory Committee felt like it was in the best interest of the medium to develop more affordable broadcast rights fees for video internet broadcasts. The rights fee schedule below was adopted beginning in the fall of 2011 for streaming video:
