

## 2010-11 IHSA Banned Substances

### **The IHSA bans the following classes of substances:**

- a. Stimulants
- b. Anabolic Agents
- c. Diuretics and Other Masking Agents
- d. Peptide Hormones and Analogues

### **Note: Any substance chemically related to these classes is also banned.**

The member school and the student-athlete shall be held accountable for all substances within the banned substance class regardless of whether they have been specifically identified.

### **Substances and Procedures Subject to Restrictions:**

- a. Manipulation of Urine Samples.
- b. Caffeine if concentrations in urine exceed 15 micrograms/ml.

### **IHSA Nutritional/Dietary Supplements Warning:**

- **Before consuming any nutritional/dietary supplement product, review the product and its label with your athletics department staff!**
- Dietary supplements are not well regulated and may cause a positive substance test result.
- In other programs that test for the same substances as the IHSA's programs, student-athletes have tested positive and lost their eligibility using dietary supplements.
- Many dietary supplements are contaminated with banned substances not listed on the label.
- Any product containing a dietary supplement ingredient is taken at your own risk.

**It is your responsibility to check with athletics staff  
before using any substance.**

## **Some Examples of IHSA Banned Substances in each class**

### **NOTE: There is no complete list of banned substance examples!!**
