

2012-2013 Girls Swimming Qualifying Standards

The Qualifying Standards for each individual swimming event will be calculated by averaging the 30th place time from all sectionals. Then that average time will be used to obtain an average of the last FOUR years average times in each event. In relay events the same process will be implemented but the average of the 24th sectional place time will be used to make the calculations. Any time calculated to be slower than the existing qualifying time would not be used in that event. The existing time would remain. Using this process, the proposed qualifying standards for the 12-13 seasons are:

200 Medley Relay	1:50.40
200 Free	1:55.71
