All track competitors in a given running event must report to the staging area/clerks tent at south end of track when their track event is called unless the athlete has made arrangements with the referee in charge of conflicts. No coaches are allowed in the staging area. Field event competitors must report directly to the field event competition area when their field event is called.

For long jump, high jump, triple jump, and pole vault contestants will access these events through the southeast gate. Contestants must be wearing their bib number and uniform to enter.

Clerk's Tent Access: Only competitors dressed in their uniform wearing their number will be given access to the Clerk's tent/staging area on the South End of the Track. Contestant numbers must be pinned at all four corners on the FRONT of the track uniform shirt/jersey, unless instructed to do otherwise by the Clerk of Course.

Hip Numbers: Contestants will wear lane numbers on both sides of their hips for the F.A.T. timing device. The Clerk of Course will distribute the numbers.

Relays: Reminder that the four (4) designated runners must be from among the no more than eight (8) competitors listed on the online Sectional List of Participants completed prior to the Sectional Seed Meeting. No changes or additions of names may be made from those listed for the relay submitted at the Sectional meet. If your relay team runs in the finals be sure to give the proper running order to the clerk of the course when requested. This is to insure proper credit is given to your relay runners on the official results and by the public-address announcer at the stadium.

Relay Batons: In the relay events, relay teams must use the batons furnished by the IHSA. Please make sure these IHSA batons are returned to the Relay Clerks at the finish line immediately following the relay.

Uniform: Contestants wearing caps, hats, beads in braids, body appliques or other adornments will not be permitted to compete. Narrow headbands to keep the hair from interfering with a contestant's vision will be permitted. Competitors must follow the instructions of the officials.

- **The jersey shall not be knotted.** The National Federation and Illinois High School Association interpretation is simply, "Anything other than smooth (no knots) alterations of the uniform are illegal." The straps may be taped no more than two (2) layers of tape. It is not legal for shorts to be rolled at the waistband.
- **Tights/Leotards/Visible Undergarments:** If a competitor wears any visible undergarments, they must be worn underneath the track shorts and/or track jersey. If two or more competitors on a relay team wear visible undergarments under the track shorts and/or track jersey, the visible undergarments must be similar in color and design, but not necessarily the same length.
- **Spikes:** All spikes must be presented and will be checked in the Clerks tent (Running Events)/venue (Field Events). Athletes will not be allowed to compete without having their spikes checked. Any athletes competing with illegal spikes will be disqualified. ¼" Pyramid Spikes on contestant shoes are the only acceptable spikes allowed in All venues of O'Brien Field/Lantz Fieldhouse. Competitors will not be permitted to wear spikes in the hallways of Lantz building. Spikes may be worn only in the field house track area.
