

2011-12 IHSA Girls Volleyball State Finals

On behalf of the Illinois High School Association Board of Directors, the Volleyball Advisory Committee, and our member schools, it is my pleasure to congratulate you for qualifying for the 2011 IHSA Girls Volleyball State Finals. It is our hope that you are able to enjoy the tournament, and we appreciate all of the work that you have put forth to be here today. No other state in the country conducts interscholastic competition for schools like we do here in Illinois, and we are thrilled that you are able to be a part of the opportunity.

A special welcome and congratulations are extended to all the participants of this year's state tournament. You should be commended for your hard work, practice and dedication which have enabled you and your school to achieve success. I also want to welcome and congratulate the coaches of all of our competing schools who have trained and prepared these students to reach this level of performance. Here students have a chance to demonstrate the fruits of their hard work and dedication. As a participant you proudly represent your families, schools and communities in a very visible forum. Thank you for exhibiting what is best in the youth of our society.

The IHSA believes that interscholastic activities enrich the educational experience. Regardless of the outcome of events we ask that you do your best and strive to display the best in sportsmanship and embrace all that can be learned through performance. You have spent many long hours preparing, and we wish you the very best and hope you enjoy your time at the IHSA Girls Volleyball State Finals. You should be able to find in this communication the information necessary to make your trip to State as smooth as possible. Feel free to call our office if you have any questions. Thank you for your support of IHSA and for being a part of the IHSA state experience.

Interview Procedures

The head coach and players from both teams have an obligation to "meet the press" in the Press Interview Room following each match. It is expected that even if a team loses a match, the head coach and players from that team will remain in Redbird Arena and carry through with their time to "meet the press" in the Press Interview Room at the scheduled time.

A member of the IHSA Publicity Staff will escort the head coach and players from each team to the Press Interview Room at the appropriate time. A member of the IHSA Publicity Staff will indicate when the coach and players from each team are to report to the Press Interview Room.

The winning team head coach and players will meet the press first.

MANAGERS' SAFETY INFORMATION

Healthy Volleyball Environment

School administrators, coaches and officials share a very important responsibility to the student-athletes that are participating in the state series matches, to provide equipment, facilities and an environment that is as free of risk as possible. The concern for the health of our high school volleyball players in our programs should be primary.

Responsibility

Crowd supervision is critical. Administrators and other supervisors should observe the crowd and react quickly and reasonably when conduct becomes negative and drops below the level of expected behavior. To ignore inappropriate behavior by any spectator will only enable a person or people to continue in the same fashion. The role of an official in this regard is with the game. The role of the host school management is outside the lines. Any act dangerous to others, is an unsafe behavior, incites participants or spectators to violent or abusive action, exhibits obscene gestures, or yells profanity and/or provocative type language toward an official, student- athlete, coach, spectator, bench and/or score table personnel is considered unsportsmanlike. Such undesirable behavior requires immediate attention by the officials and/or the host school.

Procedure

If a situation occurs outside the lines, therefore outside the jurisdiction of the rulebook, the official shall instruct the host manager to take care of the problem. If possible this should be done without stopping the match. (i.e. between a game or during a time out) If not possible, the official should stop play until the host management takes care of the situation. If the Manager, Athletic Director and/or local school Principal is not in the gym, it becomes the responsibility of the host school coach to handle if her/his team is playing. The posting of the expected behavior at the gymnasium entrance clarifies to everyone the IHSA's expectation of all participants.

Preventative

Host School: Whenever possible, the competing teams should be seated so that the crowd is not behind them. If that is not possible and fans must be seated behind a bench, that area should be carefully monitored. In situations of this kind, the IHSA suggests the first couple rows can be reserved for senior citizen, handicapped seating, press or other teams. Officials: Officials should use the pre-game conference to do preventative officiating and make sure the line judges and scorers are trained. In addition, the official should consider any negative history between schools or teams, coaches, or fans. If there is, then the officials should discuss with her/his partner and choose a plan of action. Whenever possible, cover the expectation and consequences at the pre-game conference with captains and coaches.

Drug Testing Notice

Congratulations on your school's qualification for the Girls' Volleyball State Finals, which will be held this weekend. This is a tremendous accomplishment, and one of which your school should be proud.

Please note that, in accordance with the policy adopted by the IHSA Board of Directors, performance-enhancing drug testing may take place at the state finals this weekend. Any student-athlete who competes this weekend is eligible for testing. When testing occurs during any IHSA state series competition, schools will need to provide assistance to IHSA and Drug-Free Sport staff and ensure that any student(s) from your school selected for testing reports to the test site by established time. Additional notification regarding testing will be provided to those schools whom have student-athletes selected for testing. School officials and coaches are encouraged to keep that notification confidential and not inform those selected student-athletes prior to their competition in the state finals.

As a reminder, selected individuals who fail to report for post-competition testing will be found to have violated the IHSA's Performance-Enhancing Drug Testing Policy and be subject to the appropriate penalties.
