

IHSA Lacrosse 2021 State Series Information

Boys and Girls Lacrosse is currently the only traditional IHSA spring sport that is currently classified as high-risk by the Illinois Department of Public Health. Currently, high risk sports are subject to travel restrictions by the IDPH All-Sports Policy that would prevent a full state tournament from being conducted.

As a result, there are two State Series options provided below. Option A is for a Sectional only, while Option B would allow for an entire state tournament to be contested.

HOSTING

Host Guarantees: No host guarantee payments will be provided by the IHSA.

Sectional Hosts: Contests will be hosted by higher seed through the Sectional.

***Super-Sectional Hosts:** The IHSA will seek neutral sites to host the Super-Sectional round.

***Semifinal & State Final Hosts:** The IHSA will seek a high school site to host the boys semifinals, third-place and state championship, and a different high school site to host the girls semifinals, third-place and state championship.

** if applicable*

OFFICIALS

Assignment: Officials will be assigned by the IHSA for all State Series contests.

Sectional Payment: Participating schools will pay the cost of officials for all Sectional contests.

Super-Sectional-State Final Payment: The IHSA will pay for officials for the Super-Sectional, Semifinal, Third-Place & State Championship contests.
