

HIGH SCHOOL ELITE EXPERIENCE

Dear Illinois High School Anglers,

Something really special is going to happen for the high school bass fishermen of Illinois, on Saturday September 22nd. That's the week that B.A.S.S. makes its first ever visit to the Decatur area for Bassmaster Toyota Trucks All-Stars week.

Along with the four day competition, there will be plenty of B.A.S.S. related events going on including special seminars on crankbaits, soft plastics, finesse tactics and more, presented by Bassmaster Elite Pro's, strictly for high school anglers.

We know that there's lots of interest from Illinois youngsters, for the sport, and this will give you a great opportunity to meet the Pros, and learn from these great bass fishermen.

Here's hoping that every part of B.A.S.S. is represented at this function as I truly believe it will be a time that all of us will remember.

See you in Decatur!
Jerry McKinnis
