## The 2010 Ultimate Spartan Anglers Have Been Crowned!

In December, Junior **Luis Garcia** and Sophomore **Alexis Kosek** were crowned the 2010 Ultimate Spartan Anglers by winning the men's and women's division, respectively.

In a tightly contested [contest](#), these two anglers beat nearly 30 teammates to win the competition. At the conclusion of the event, participants had the opportunity to pick four items from the prize table. [Spitfire Automotive](#) made a generous donation to the team which helped fund prizes like fishing products from Rapala, Storm, Berkley, and others. Volunteers from [Fish Tales Fishing Club](#) helped judge the event. Read more about the event in [Omar Abdulla's](#) article on page three.

The captain of the fishing team, junior **Ben Masek**, writes about his favorite professional angler

**Luis Garcia & Alexis Kosek are the 2010 Ultimate Spartan Angler champions.**

**Kevin VanDam** and discusses why he believes KVD is the best bass angler in the world.

This issue also features information about outdoor shows that are of particular interest to high school anglers, including the [Tinley Park Fishing Show](#), [Bedford Sales Open House](#), and the [America's Outdoors Show](#).

And finally, February 15, 2011 is the due date for this years scholarship application. This years scholarships have been donated by [Happy Hyundai](#) and [Spitfire Automotive](#). More information on these scholarships can be found on page 5.

### Tip of the Month

Most forest preserve lakes in the area have drainage basins or dam walls. Focus on these features after spring rains for some hot bass action.

## Spring Tackle Box Cleaning = Help a Kid Fish

Winter is a time for most anglers to sort through their fishing gear and prepare for the 2011 fishing season. As you sort through your gear to make room for new lures, hooks and weights, rods, and reels, please consider donating your old fishing gear to the Spartan Fishing Team.

The kids on the

team are between the ages of 14-17 years old and many of these young anglers are eager to learn more about fishing but lack they lack adequate gear.

Donated gear is usually raffled during team meetings, used as prize incentives, or awarded to anglers that write articles for this newsletter.

If you have fishing gear that you would like to donate to the team, please contact **Coach Kuchyt** at

# SPECIAL REPORT: Why Kevin VanDam is the Best!

by Ben Masek (Grade 11)

“And your 2010 Bass Master classic champion is Kevin VanDam!” There some people in this world who say that KVD is not the best bass angler ever, but I argue notion and I have the facts to prove it. VanDam has 18 B.A.S.S federation wins, and he also has three Bass Master classic championships (ESPN.com). But that is not all, VanDam also has six angler of the year awards and he has earned over \$4,000,000 as a professional bass angler (KevinVanDam.com).

There are a lot of things VanDam is known for, but his biggest accomplishments are his 18 B.A.S.S federation wins; he is second on the list behind Roland Martian with 19 (ESPN.com). Kevin is one of the few anglers to have 18 first place finishes, most professional anglers have less than five. This is because in the world of professional bass fishing, you don't have a teammate or a partner on the boat with you to help you make decisions or to help you net a fish. Its all up to you to catch fish and win tournaments. Not only does VanDam have 18 wins, but he also has 85 top ten finishes and 136 top twenty finishes (KevinVanDam.com). He has proven himself in the world of bass fishing. But what about Bass Master classic championships, or angler of the year awards (A.O.Y.), well lets just say that VanDam has more than a few of these trophies displayed on his mantle as well.

It is true Kevin has six A.O.Y awards, which are not easy to come by now-a-days. In order to even win one of these awards, you have to excel in different elements of fishing and win many tournaments across the country. Not only does VanDam have six A.O.Y awards, he also has three Bass Master classic championships under his belt (ESPN.com). The Bass Master classic is the most prestigious award you can win in the world of bass fishing. Also, for eight of the last nine years, VanDam has been ranked as the #1 bass fishermen in the world. To this day, he holds that ranking (KevinVanDam.com). If you think that his accomplishments end here, your wrong. He is the only angler in history to win over \$4 million in career earnings!

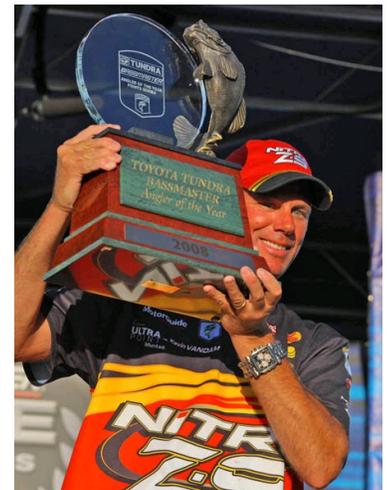

Being a professional bass fisherman is not a financially stable job. VanDam has earned over \$4 million dollars, professional baseball player Alex Rodriguez makes that in a month! Being a tournament angler is a challenge, You must pay to enter into most tournaments and your not even guaranteed to earn that money back. You are also fishing against 75-90 other people who are looking to take home the trophy and money. During the “average” tournament, VanDam will earn \$19,763, not bad for a few days work. Most other anglers only average \$5,000 (ESPN.com). Also, Kevin receives over \$300,000 in lures, line, rods, reel, boats, trucks, etc. It is for these reasons that I believe Kevin VanDam has proven himself as the best bass angler of all time.

KVD hoists the bass the helped him win the tournament

## Fishing Rod Rentals Now Available at Oak Lawn Public Library

The Spartan Fishing Team has brought the “Access to Fishing” program to the Oak Lawn Public Library! Access to Fishing is a rod and reel loaner program where community members with an Oak Lawn Public Library Card can visit the library and “check out” a fishing rod just as they would a book. This offers a unique opportunity for children and adults who are interested in going fishing to do so without having to purchase equipment to try the sport. When a child or community member checks out a rod and reel, tackle packet (containing hooks, sinkers, a bobber, etc.) and instructional fishing literature are given to the patron at no cost!

The program was established in Illinois by the Department of Natural Resources in 1997 and has since been supported through federal and state grants.

Currently, there are over 160 “Access to Fishing” fishing pole [loaner sites](#) in Illinois. The Spartan Fishing Team brought the program to Oak Lawn and the team will maintain the rods and reels to ensure that they are in great shape for people to enjoy. The rods are Zebco Rhino and the reels are Zebco 20/20 spincast reels. Through this program, the team hopes to get more kids in Oak Lawn involved in fishing and the outdoors.

There are many fishing opportunities located with a few miles of Oak Lawn, including the Stoney Creek Pond (103rd & Central) and the many [Cook County Forest Preserve Lakes](#). Some of the best fishing of the year can be done shortly after the ice melts. Start planning now to check out a rod from the library and take a kid fishing this spring!

# Ultimate Spartan Angler Challenge Competition by Omar Abdulla (Grade 11)

On December 28th, the Spartan Fishing Team held its second annual Ultimate Spartan Angler Challenge. The competition focused on three separate elements: the written portion, knot tying, and casting ability. The challenge spanned two days; day one was on November 22 and we took the written portion. Day two was on December 28th. Members of [Fish Tales Fishing Club](#) came by the high school and judged the casting and knot tying portion of the challenge.

The written part of the test was a multiple choice tests that made up of three parts. First, there was a slide show of fish native to Illinois which we had to identify. The time limit to identify the fish was about six seconds, making it a hard challenge. The second part of the test consisted of our familiarity with the state rules and regulation booklet, and the last part was 20 questions on the best ways to catch bass. It also had questions about how to catch other fish. **Mike Hentgen** and **Luis Garcia** tied for first in this challenge. The guys from Fish Tales offered the tie breaking question “what is the limit on trout from Lake Michigan?” Mike Hentgen answer correctly and won this part of the competition (the answer is two).

Day two focused on the physical challenges of fishing. We started off competing in the knot tying competition. The three knots we had to tie were the Palomar, the improved clinch, and the Albright knots. We were timed and then the guys from Fish Tales check to see if we tied them correctly. **Carlos Patino** dominated this event as he had the best time for all three of these knots.

The last challenge tested our casting ability. **Ben Masek** took first in the casting distance event with a cast of over 173 feet. **David Bialas** won the “bozo bucket” event by using his telescoping rod. One of the most difficult challenges was the side casting. **Luis Garcia** was the only competitor who managed to cast a lure into a bucket laying on it side on a table from a distance of about twenty feet. The last challenge was the casting accuracy competition. In this challenge, you had to cast as close as you could into a bucket that was about 50 feet away. Luis Garcia was the closest and therefore, he won that competition.

While Coach Kuchyt was tallying up the [results](#), we enjoyed pizza from [Grassland's Pizza](#) and a pop. The pizza was delicious! While we ate pizza, we talked to the guys from Fish Tales and they offered us tips and they shared with us the locations of some of their favorite fishing holes in the area. We would like to send a special thanks to the following Fish Tales members: **Casey Orłowski, Jerry Flaherty, Tom Lauritis, Tim Jacob, and Chuck Cook.**

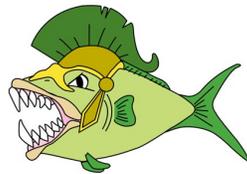

At the end of the day, when the [results](#) were posted, Luis Garcia finished first, Carlos Patino took second, and Ben Masek took third. Coach Kuchyt also had another surprise for us. Based on how many points we scored in the challenge, we were allowed to pick from a prize table. Through a generous donation from [Spitfire Automotive](#), team members had the opportunity to pick from a prize table that was loaded with products from Rapala, Storm, Berkley, and more. We had a fun time and we hope to attend next year's Ultimate Spartan Angler Challenge.
