With two girls missing they no longer had an eligible team, but we did not want transfer everything we'd done into the 6 player sheet so we put 999 in for the missing girls and any no players. This pushed Lane (whose score reflected 3 players) out of the team rankings and it cleaned up the summary leaderboard as the girls with zero were showing up

NOTE: After you've entered the last individual competitor, type "no player" in all remaining individual cells beneath that. This will help populate your "Tee Sheet". When reviewing the "Tee Sheet", you can adjust times as needed.

She did not report a score and may not have finished the round.

"Tee Sheet" will automatically populate according to the information entered on "Team Listing Worksheet"
The "Tee Sheet" allows for more individuals than you have. Ignore any cells that do not have a player in it.
Check pairings to make sure you don't have two or more players from the same school in the same tee time.
Manually adjust names **on tee sheet only**, if there is a conflict.
Adjust start time by changing highlighted cells only.
