Terms and Conditions

In accordance with Section 1.450 of the IHSA Constitution, the Board of Directors has approved the Terms and Conditions governing the 2016-17 IHSA Girls Badminton Tournament Series.

I. SCHOOL CLASSIFICATION

Competition in the IHSA Girls Badminton Tournament Series will be held for all member schools without classification.

II. DATES AND SITES

A. Sectional meets will be held on Thursday, Friday, or Saturday, May 4, 5, or 6, 2017, at sixteen (16) sites.

B. The State Final tournament will be held at Eastern Illinois University, Charleston on May 12-13, 2017. An optional Hit-A-Round will be held on Thursday, May 11, 2017. Mr. Kevin Hussey, professor at Eastern Illinois University, shall serve as the state final manager.

III. ON-LINE ENTRIES, WITHDRAWAL PROCEDURES, ELIGIBILITY, AFFIRMATIVE ACTION, AND ON-LINE LIST OF PARTICIPANTS

The policy for Original Entry Deadlines, Late Entries, and Late Withdrawals shall be the policies and procedures regarding entry for all IHSA-sponsored sport/activities included in the 2016-17 Entry Policies and Procedures.

A. On-Line Entries: All member schools must enter their school into the state series competition through the IHSA Schools Center on the IHSA Website at (www.ihsa.org). The deadline for entry is February 1, 2017. The 2016-17 Entry Policies and Procedures outlining the online entry procedures for all IHSA-sponsored tournaments can be found in the Schools Center on the IHSA website.

B. Late Entries: Any attempt to enter a sport or activity on-line after the established deadlines will be denied. Schools that wish to enter after the deadline will be considered late. To be considered for late entry, the Principal/Official Representative must contact the IHSA administrator in charge of that sport or activity. The penalty for late entry shall be a payment of \$100.00 for that sport/activity by the school.

C. List of Participants Penalty: In order for a school to complete the entry process for girls' state badminton series, they must enter their team or individual(s) and complete the *List*

of Participants by the established deadline date. Schools who fail to complete both parts of the entry process will not be entered into the state series unless a late entry fee is paid.

D. Breach of Contract By-Law 6.041 (Withdrawal Procedure): To withdraw without penalty, the Principal must notify the IHSA Office, in writing, of the school's withdrawal from the respective sport prior to the date the seeding meeting date and/or the date the *List of Participants* is due for that sport.

If a school withdraws after the seeding meeting date/*List of Participants* due date and/or does not show up for competition, the school will be charged a \$100 penalty. If applicable, the school may be charged for any additional financial loss sustained by the offended school(s) or the Association as a result of such breach.

E. Eligibility: All member schools in good standing may not enter more than two doubles teams and two singles players under the provisions of IHSA by-law 3.054. A player may not enter both the singles and doubles events.

F. Affirmative Action: Only girls shall be permitted to participate in this state series except as provided in the IHSA Affirmative Action Policy.

G. On-Line List of Participants: Each school must complete the On-Line *List of Participants* by **Monday, May 1, 2017**. If a school does not submit the On-Line *List of Participants* by the deadline, coaches and/or participants from the school are subject to sanctions which could include, but not be limited to, coaches or players being ruled ineligible to coach or compete in the state series.

The *List of Participants* will provide the overall records of each singles player and each doubles team seeking consideration for sectional and state final seeding. Coaches whose player(s) are not requesting a consideration for a seeded position need only to complete the *List of Participants* indicating names of the players being entered into the tournament series.

The *List of Participants* is a school entry. Once the sectional seeds have been made in conjunction with the sectional draw, all positions are finalized and cannot be adjusted. There can be no substitutions or changes to the singles or doubles teams unless there is a case of injury, illness or ineligibility as certified by the principal of the player's school. Refer to "VIII. Tournament Rules" for substitutions and *List of Participants* entry information.

IV. HOST FINANCIAL ARRANGEMENTS

A. Host School and Tournament Expenses: Host school shall pay for all local expenses. In the Sectional tournament, the host school shall receive \$240.00. In addition, the school that hosts one of the four sectional complex seeding meetings will receive \$70.00. Sectional hosts shall retain 20% of net income and submit the remainder to the IHSA. In the event of a negative balance, the sectional host school shall be reimbursed the entire deficit. However, if admission is not charged, the host shall forfeit the guarantee.

B. Contestant Expenses: Neither the State Association nor the local tournament management will assume responsibility for any kind of contestant expenses.

Girls Badminton - Does What's Right!

What Our Schools Believe

Sportsmanship is a core value and its promotion and practice are essential. All persons involved in interscholastic athletics and activities are expected to be positive role models.

Sportsmanship of School Representatives By-law

By-law 2.041

Students, school staff, boards of education, spectators and all other persons connected directly or indirectly with a member school shall practice and promote the highest principles of sportsmanship and the ethics of competition in all interscholastic relationships.

SAWA Report

Let's Recognize Good Sportsmanship!

The IHSA has a Sport A Winning Attitude (SAWA) Report form online through the School Center. Good sportsmanship should be recognized. You can do so by simply reporting to the IHSA (using the online form) an exceptional situation that occurred in a contest. IHSA will follow up on this to the school demonstrating a winning attitude.

Guidelines for IHSA Badminton Programs

Comments

Cheering at meets is a great way for players and fans to show sportsmanship, but cheering should always be positive. Players and fans should observe the following:

1. Cheers should be in celebration of a great play or in support of a team or a team member.
2. Cheering should never be an "in your face" sort of cheer that makes fun of, belittles, or otherwise puts down another player, opponent, or coach.
3. Cheers may be loud, organized, and enthusiastic, but screaming is not acceptable.
4. Be courteous and keep your cheers in good taste, at a good time and performed with a sporting attitude.

IHSA Special Report

Process to Address Questionable Behavior

First talk to the coach of the participants to whom you have a concern. Work cooperatively to resolve the issue. Use the sportsmanship guidelines to determine if there is a problem. If the guidelines are not being followed, and the issue is not fully resolved, talk to your athletic director or principal about it after the meet. Ask your administration to help. Typically both athletic directors will communicate with each other and reach a good outcome. If the school administration does not feel like there has been a good resolution, then the athletic director can file a Special Report with the IHSA. IHSA will check into the situation and assist in getting schools to collaborate. Good communication is always the best way for everyone to benefit.

How To Humidify Badminton Shuttlecocks

How to humidify a shuttlecock for the season.

Use a large garbage can (32 gal.)

Place two large sponges at the bottom

Add 1 inch of pine sol and enough water to cover the sponges

Place a wire/mesh rack over the sponges – the rack should not touch the water

Place opened tubes of shuttlecocks on top of the rack

As the season progresses, replace the water as needed

Change mixture mid-way through the season

This formula is designed to keep the shuttlecocks humidified and at the same time keep them from getting mildew or mold forming on the tips. This formula is a tradition passed on to Deb Ofcky from Lee Kennicke formerly from New Trier High School.

Managing Heat and Heat Illness

These guidelines represent minimum standards that IHSA member schools should follow for athletic competitions. Schools with more restrictive guidelines are not expected to modify any pre-existing guidelines in order to meet this policy. These guidelines will be used by managers or their designees at all IHSA state series events when the Wet Bulb Globe Temperature (WBGT) is above 80 degrees Fahrenheit. State series tournament managers will make the decisions to suspend and resume activity in accordance with these guidelines using those devices or systems usually used at the state series venue/site.

1. Thirty minutes prior to the start of an activity, and again 60 minutes after the start of the activity, temperature and humidity readings will be taken at the site of the activity. Using a Wet Bulb Globe Thermometer is recommended, although a conversion to WBGT can be made from air temperature and relative humidity using chart 2. Record the readings in writing and maintain the information in files of the tournament manager and/or host school administration. Tournament managers may designate someone other than themselves to take these readings.

Use the Table 1 (see below) with an on-site WBGT reading for appropriate exercise modifications during exercising in the heat:

Table 1

a. ≤79.9 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
 3. Ice-down towels for cooling.
 4. Watch/monitor athletes carefully for necessary action.

b. 80.0-84.5 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
 3. Provide cooling stations using methods such as ice towels.
 4. Watch/monitor athletes carefully for necessary action
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 1. Helmets and other possible equipment removed while not involved in contact.
- iii. Reduce time of outside activity. Consider postponing activity to later in the day.
- iv. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions or sooner if personnel on the field suspects potential heat stress.

c. 84.6-87.5 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
 3. Coordinate breaks with assigned contest officials.
 4. Have cooling stations for before, during, and after exercise/training/competition.
 5. Watch/monitor athletes carefully for necessary action
 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
 8. If practicing, maximum of 2 hours of training/practice while temperature is in this range.

- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

d. 87.6-89.9 degrees F

- i. All sports
 - 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 - 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
 - 3. Coordinate breaks with assigned contest officials.
 - 4. Have cooling stations for before, during, and after exercise/training/competition.
 - 5. Watch/monitor athletes carefully for necessary action
 - 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
 - 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
 - 8. If practicing, maximum of 1 hour of training/practice while temperature is in this range.
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

e. 90 degrees F

- i. All sports
 - 1. No training/competition
 - 2. Cancel and/or postpone activity to cooler time of the day

NOTE: While most attention will be given to outdoor sports in the fall and spring, indoor venues/facilities (gymnasiums, wrestling rooms, and swimming/diving facilities) that are not air conditioned should not be neglected for the purposes of this policy. Additionally, sometimes conditions will vary for different aspects of the same competition. For example, one part of a cross-country course may be hotter or more humid than other parts. The best course of action for managers is to take a WBGT reading at the place of the most severe conditions.

Table 2. Estimate WBGT from ambient temperature and relative humidity assuming full sun conditions

Cooling Methods Due to Heat Related Illness

Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death. The majority of evidence shows that early institution of body cooling is the most effective method of decreasing mortality in EHS. The following contains recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade. The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow). The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such. These guidelines should only be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity. Sports especially at risk include football with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.

It is essential that member schools and school administrators/officials:

- Establish a written plan coordinated with local EMS for emergency treatment of EHS that includes transport to a hospital and conduct drills in the implementation of the plan as practicable.
- Know how to assess environmental conditions and determine when extreme conditions exist.
- Identify a specific spot at the athletic facility that has shade.
- Have immediate access to ice and bags to contain ice.
- Have access to water, and provide water breaks as outlined in the IHSA Managing Heat and Humidity Policy.
- Know the most effective sites for application of ice to the body.
- Obtain and use, when environmental conditions are determined to be extreme, a tub or pool, filled with water and ice before activity begins, to be used in body immersion for maximal cooling, and have personnel trained in this technique.

It is desirable that member schools and school administrators/officials:

- Have a certified athletic trainer (ATC) on staff, as budget and resources allow, to develop and implement these guidelines.
- Have immediate access to water.
- Provide shade breaks.
- Provide fans when environmental conditions are determined to be extreme.
- Have close access to an air conditioned room.
- Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.

Concussion Information

Return to Play (RTP) Policy

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

Policy: In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return to play.

For the purposes of this policy, licensed health care providers consist of physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers working in conjunction with physicians licensed to practice medicine in all its branches in Illinois.

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is a component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Unmanned Aerial Vehicle (Drone) Policy

For IHSA Tournaments

Effective February 18, 2015

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

Sectional Complex Seeding Meeting: Each Sectional Complex manager will conduct a seeding meeting for the purpose of seeding **teams** for the sectionals. All four Sectional Complex Seeding meetings shall take place on Monday, May 1, 2017, beginning at 5:30 p.m. Sectional Complex managers will contact schools in their complex announcing the time and place of their meeting. The ultimate objective of Sectional Complex Seeding is to judge the **teams** and their comparative strength so accurately that the four best **teams** are sent to separate sectional tournaments within the complex. Therefore, coaches will be seeding the potential sectional participants that will represent their team in a sectional. Teams should be seeded as fairly as possible whether coaches of a team are at the meeting or not. Individuals entered in the state series will be assigned to the sectional with the least number of teams. If all sectionals have the same number of teams, individuals will be assigned based on the sectional assignment structure.

* A school's entry in singles and doubles, regardless of their position rank, should be considered for a seed.

Sectional Seeding Meeting: Following the Sectional Complex Seeding meeting, schools at the sectional complex meeting will break into their assigned sectionals and conduct a second seeding meeting. The ultimate objective of sectional seeding is to judge the **individuals** and their comparative strength so accurately that the best singles and doubles teams are separated in the sectional draw. Singles and doubles players should be seeded as fairly as possible whether coaches of a team are at the meeting or not.

List of Participants/Playing Schedule is Mandatory: Coaches must complete the online List of Participants prior to the seeding meeting (due no later than noon on Monday, May 1, 2017). The most current List of Participants must be brought to the seeding meeting along with the school's badminton schedule. A coach can print the List of Participants from the School Center. At the Sectional Complex meeting, school/teams that wish to be considered for a 1-4 Sectional Seed, need to submit an LOP for all athletes. Coaches who do not bring both of these to the meeting will not be allowed to participate in the discussion or vote.

Seeding Factors: Coaches should use the List of Participants as a focus of their discussion. At the end of the discussion, coaches must be able to justify their votes for teams based on the following factors:

- Head-to-head victory
- Record against common opponents
- Total win-loss
- Strength of schedule
- Tonight's evaluation

Seeding in Groups: The seeding will be done in groups of four. The coaches will determine by a vote, the top four teams. The rank of these four teams and the other groups should not be announced until all the seeds have been determined. (Managers can post each group of four on the spreadsheet in alphabetical order.) This prevents the remaining teams from manipulating the assignments. Once these four teams have been determined, the next four teams (5-8) will be voted on. This will continue with 8-12, 13-16, 17-20. Each group of four will be voted on by coaches. Scores/votes will not accumulate. Most likely, the teams in the previous group not seeded will be dropped down to the next group. The sectional draw is to have the top seeds receive the bye.

Group Vote: Coaches will **NOT** vote for their own team. The actual seed vote will not take place until after the groups have been decided. Coaches will use the manager's spreadsheet distributed at the beginning of the meeting to cast their final vote. The coaches must seed within the identified group. (1-4, 5-8, etc.) The previous seeds will have new life. That is the seed's groups will be based on a clean slate. Pass on your seed where your school should fall in the four school grouping and continue to the next number.

The manager will record all the coaches' votes and post them on the overhead using the spreadsheet.

Sectional Assignments: Once the seeds have been determined, the seeds need to be placed in one of four sectionals based on the following structure:

Sectional A	1	8	9	16	17	24	25
Sectional B	2	7	10	15	18	23	26
Sectional C	3	6	11	14	19	22	
Sectional D	4	5	12	13	20	21	Individuals

Sectional Sites: The top seed in each sectional have the first opportunity to host their sectional. If the top seed is not able to host, the next highest seed in the sectional is offered the opportunity, etc. The host school must have presented a Willing to Host Form signed by the athletic director. This form ensures that the facility is available to host.

Host School Material – Awards and Shuttlecocks: Awards and shuttles will be shipped to the Sectional Complex Seeding manager. Sectional Complex Seeding managers should distribute one sectional plaque, four individual medals for singles, four individual medals for doubles players, and the shuttlecocks.

State Final Games Committee: Two coaches from each Sectional Complex meeting are to be elected to serve on the Games Committee. Members of the Games Committee will act as roving officials and rule on issues related to the code of conduct.

Forms: All forms needed to conduct or participate in the Sectional Complex Seeding meeting and/or the sectional meeting is included in the Badminton Manual for Schools and Badminton Manual for Managers.

IHSA Badminton Meeting Preparation

Step 1

1. Go to website and download the *Manager's Spreadsheet* onto your computer. You will need to have a computer and LCD projector at your meeting.
2. The rest of the Seeding Meeting Manager information is included in this manual.
3. Make a hard copy of the blank *Manager's Spreadsheet* to distribute to each coach at the meeting.
4. Download the List of Participants from the IHSA School Center and note any teams in your complex that did not complete one. They are excluded from seeding teams and are only observers. As a final resort, the school can bring a hard copy of their List of Participants for all coaches at the meeting if they are to be involved in the seeding.
5. Copies of the sectional draw are included in this manual.

Sectional Complex Meeting

Step 2

1. Project the *Manager's Spreadsheet* form
2. Handout blank spreadsheet copies of the List of Participants
3. Read *Badminton Manager's Statement*
4. Discussion for seeding
5. As a group, determine the top four teams in no rank order.
6. List the top four teams in alphabetical order on the *Manager's Spreadsheet*.
7. List the 5-8 teams in alphabetical order on the *Manager's Spreadsheet*.
8. List the 9-12 teams in alphabetical order on the *Manager's Spreadsheet*.
9. List the 13-16 teams in alphabetical order on the *Manager's Spreadsheet*.
10. List the 17-20 teams in alphabetical order on the *Manager's Spreadsheet*.
11. Coaches should copy the order of the teams from *Manager's Spreadsheet*.
12. Coaches seed teams in their group on the spreadsheet.

NOTE: In seed group 1-4, the highest seed a school can be awarded is a 1 and the lowest seed a school can receive is a 4. The top seeds are to receive the bye. Likewise in group 5-8, the highest seed the school can receive is a 5 and the lowest seed is an 8. Complete the group seeding and record those results on the *Manager's Spreadsheet*.

13. The computer will tally the votes. The manager will give the teams their final seed.
14. Select coach delegates for Games Committee. (Refer to sample pages)

Sectional Assignments

Step 3

1. Assign the teams to their sectional based on their seeds. Individuals entered in the state series will be assigned to the sectional with the least number of teams. If all sectionals have the same number of teams, individuals will be assigned based on the sectional assignment structure.
(assigned to Sectional B.)
2. Select Host Sites – should have the *Willing to Host* form with them.
3. Complete the *IHSA Badminton Sectional Assignment* form.
4. Once the hosts are selected, distribute the shuttles and awards to the sectional managers or coach of the host school and the blank tournament brackets.
5. Split into sectionals.

Sectional Managers' Seeding Meeting

Step 4

1. Sectional Managers will conduct this meeting
2. Seed individuals — 2, 4, or 6 players can be seeded
3. Seed doubles — 2, 4, or 6 teams can be seeded
4. Complete both draws
5. Coaches should have copies of this draw before they leave the meeting.
6. Coaches should have any instructions needed specific to their tournament and host site.

Badminton Sectional Complex Seeding Preliminary Worksheet for Coaches

Coaches, do your Homework during the season. Come prepared to the meeting with some idea of the seeds. Most coaches know the top 4 and bottom 4. The middle seeds are the most flexible. You will most likely change seeds at the meeting as coaches' talk but it is easier to adjust them from the worksheet. Once those groups of 4 are established, you will rank them within their group to determine the final seeds. This process protects schools from out of range seeds.

You will be seeding in groups of 4 in your complex
Coaches You Will Not Vote For Yourself

- Sectional C 3, 6, 11, 14, 19, 22
- Sectional D 4, 5, 12, 13, 20, 21,

Individuals entered in the state series will be assigned to the sectional with the least number of teams. If all sectionals have the same number of teams, individuals will be assigned based on the sectional assignment structure.

Step One

Coaches will vote on which schools should be in each group of 4. Here there were 6 schools who wanted to be considered a top 4 team. The schools that were not voted as one of the top 4 will be dropped to the next seed. All coaches will vote in each category for the teams up for consideration although coaches will not vote for themselves.

Step Two

New life vote: Every coach must seed all teams in each group. If a school is in group 1, the school can receive no lower than a 4 seed and no higher than a 1 seed. Again, coaches *will NOT vote for themselves*. *Once the manager totals the seeds, the schools are assigned to a sectional based on the Terms and Conditions. Additionally a host school will be assigned for the sectional competition.*

***(Both seeding meetings will take place on one day at one site.
Please read this statement to start your Sectional Complex Seeding Meeting.)***

The purpose of this meeting is to do four things. The first is to seed fairly all the teams in the sectional complex, whether a coach is in attendance at this meeting or not. The second is to determine what sectional your team will be assigned to. The third is to elect two coach delegates to serve on the State Final Games Committee. And finally, break into your sectional groups, and seed your singles and doubles players and complete the sectional draw.

Sectional Host Managers — when you leave this meeting, make sure you pick up your awards and shuttles. Coaches, when you leave, make sure you have a copy of your draw. They will not be posted on the IHSA web-site.

Coaches are expected to take part in the seeding process with the highest standard of integrity. One coach or one official representative from each school who has submitted the IHSA *List of Participants and their playing schedule* will be allowed to vote. Coaches, who have not submitted both of these documents, will be involved in these meetings only as **observers** and will not vote or participate in any of the discussion.

Questions regarding seeding must be resolved before you leave tonight. IHSA policy provides that coaches can be asked to justify their seeds based on the criteria and the coach in question may reconsider bringing their seed back in to range with the other seeds.

The sectional host schools will be determined based on the sectional team seeds. As a measure to prevent confusion, we ask that the coach of a school that is interested in hosting a sectional, communicate with her/his athletic director about the availability of the school's facilities, prior to the Sectional Complex/Sectional Meeting. This "Willing to Host Form" will assist in that communication.

The purpose of the Sectional Complex/Sectional Seeding Meeting is to seed all the school teams assigned to the sectional complex and distribute them to a sectional. The seeded teams will be placed in one of four sectionals, based on their seeds. The highest seeded team in a sectional will have the first opportunity to host their sectional provided there are six or more courts. The next highest seeded team in that sectional will have the next opportunity to host if turned down by the number 1 seed.

If your school has the opportunity to host a badminton sectional, will you be willing to host on one of these dates? (Please mark your preferences by 1, 2, 3 for the dates your school prefers to host.)

Please ask the coaches present at your sectional seeding meeting to elect two (2) representatives to serve on the State Final Games Committee. The state tournament is held on Friday and Saturday, May 12-13, 2017. A coach whose team or individuals advances to the state finals may serve on the Games Committee.

At the State Final Tournament, Games Committee members, selected by the IHSA, will be used for the matches both days. Interested individuals may volunteer to serve at their sectional seeding meeting. Games Committee members need to be willing and able to stay for the entire tournament, they need to remove themselves from cases involving their teams, and they will make calls for violations of these Terms and Conditions and the Code of Conduct. The Games Committee members need to familiarize themselves with the Terms and Conditions, Manager's Manual, Code of Conduct and the Badminton Case Book. If a Games Committee ruling situation arises, it should be handled immediately and penalties assessed at the time of the infraction.

After electing two coaches (from your sectional complex) to serve on the Badminton Games Committee, please complete the form below with the name of each person and fax this form to the IHSA following your meeting.

Games Committee members will be required to serve as lines people when the need arises. When Committee members hear the announcement for lines people, they are required to report to the court if they are not coaching.

Each Games Committee member will receive a lanyard that will identify them in case their Games Committee shirt is being worn under a team jacket.

16 or Less Entries

A. How to Make the Draw for 16 or Less Entries

When the number of players is a power of 2 they shall meet in even pairs in progressive elimination. When the number of players is not a power of 2 the first round will have byes for the purpose of bringing to the second round a full bracket of players. For example, with 10 players, 6 of the lines on a 16 draw sheet would be marked "bye" and the 6 players drawn opposite those lines would move right into the second round without playing a match, to be joined there by the two winners of first-round matches to make up an "even eight".

B. Where the Byes Go

They start at the extremes and work toward the middle. The first bye goes at the bottom, the second on the top, and so on in alternation. Byes are to be placed as shown on the Sample Draw Sheet for 16 or Less Entries. No seeded player may have a bye except as they occur in consequence of the prescribed pattern.

C. Seeding

Two, four or six players are to be seeded in singles and two, four, or six teams are to be seeded in doubles. The placing of the seeds shall follow the sample bracket located on page 30 of this Manual, with the only exception being teammates being placed in opposite halves of the bracket. Remember that each seeded player drawn to a spot in the top half of the draw is placed on the top line of whatever segment she draws, each player drawn into a spot on the bottom half of the draw is placed on the bottom line of whatever segment she draws. In the event that the No.3, 4, 5, or 6 seed is from the same school as the No. 1 or No. 2 seed they should be placed in the opposite half of the bracket.

D. Seeding to State

A sectional redraw shall be required by the sectional manager when there is a lineup change to a seeded player(s). A redraw will not be made for a lineup change that involves a non-seeded player. Coaches need to have discussion about seeding a doubles team with no record and all coaches need to be in agreement with that team receiving a seed or not. The sectional draw is to have the top seeds receive the bye.

E. The Rest of the Draw

Once you have filled in the lines to be occupied by seeded players and marked those lines that represent byes, the rest of the draw is filled in by drawing the names of all the rest of the competitors, and writing them on the remaining unoccupied lines, in the order in which they are drawn. Competitors from the same school are to be placed in opposite halves of the bracket.

State Final Badminton Draw Instructions

Making the State Final Draw

SEEDING CRITERIA IS BASED ON THE FOLLOWING FACTORS:

1. The player(s) entire season shall be the main consideration for the seeding process. Therefore, the results of a sectional win-loss record, direct/indirect victories and losses are only one factor that the committee is to consider.
2. The position played (position 1 or position 2) during the regular season is a factor to consider.
3. The player(s) record as it relates to the strength of the overall season's schedule is a factor to consider.
4. Injury is a factor.
5. Information on the List of Participants is a factor.
Note: These factors all play into determining the seeds and they cannot be ranked or prioritized.
6. Coaches who are serving on the seeding committee whose player(s) are being discussed at the state final seeding meeting shall remove his/herself from participating in the discussion.

A championship and consolation draw of 64 will be used for single and doubles competition.

Members of the IHSA Girls Badminton Seeding Committee will seed up to 16 singles and 16 doubles based on information presented from the *IHSA List of Participants* and any last minute information from coaches following the sectional competition.

Once the top singles and doubles players are selected and set aside, an anonymous vote will take place by the state seeding committee to determine the actual seed each player(s) receives. A list of potential players to be seeded will be typed and the seeding committee will have the opportunity to individually vote on each player. The highest and lowest seed each player receives will be thrown out and an average will be taken of the remaining seeds to determine the player(s) overall seed in the state tournament. This vote is final and once completed a player's seed cannot be adjusted.

The anonymous voting is to take place at the state final seeding committee meeting.

1. The committee selects the nominations for seeded players.
2. The players get bunched in rank order 1-4, 5-8, 9-12, 13-16.
3. The committee then votes on the kids 1-4, and selects their seeded positions.
4. The committee then votes on the 5-8 group on who is removed from the group and repeats the process for 9-12 and 13-16 until there are only 16 seeded players left.

The IHSA will compile data to help prepare the seeding meeting for seeding and completing the draw. Once the seeds have been determined by the seeding committee, they will proceed with the following steps:

1. Teammates from the same school will be placed in opposite halves of the draw.
2. Sectional competitors from the same sectional should be placed in a different quarter of the draw.
3. First place sectional champ does not play any seeded player in the first round.
4. All other players will be randomly placed.

VII. Assembly Instructions for IHSA State Series Trophies

(please use caution when assembling the trophies)

Upon receipt of your Trophies and Awards, please inspect them immediately so replacements can be shipped to you, if you notice a damaged trophy or figurine. If replacements need to be issued, please contact A & M Products at the number below.

We recommend the following for attaching the figures to the IHSA State Trophy:

- Unwrap each figure. If there is a hex nut on the post of the figure remove it. It should not be needed.
- Lay the trophy on its back on a flat surface and remove the hex nut from the rods from underneath the trophy.
- Push the rod through the top of the trophy and remove the ferrule (the hollow threaded tube) from the rod and attach the ferrule to the threaded post of the figure. Screw the ferrule all the way up the threaded post of the figure.
- Screw the rod back onto the ferrule until it is tight.
- Place the rod, with the figure attached, back through the top of the base and through the holes in the bottom of the base.

IMPORTANT - please be careful that the figure(s) is not supporting the weight of the trophy. **Figures can be easily broken.**

DO NOT OVER TIGHTEN THE FIGURE ONTO THE BASE THIS CAUSES THE BOLT TO BE PULLED OUT FROM UNDERNEATH THE FIGURE

Please do not pick up and carry the trophy by the side figures.

The **CHAMPION** and **RUNNER-UP** trophy receive **three** of the bigger #1 figures.

The **THIRD PLACE** and **FOURTH PLACE** trophy receive **one** of the bigger #1 figures for the top. And the **two** smaller #2 figures are the side figures.

If you have any questions please call A & M Products, (815) 875-2667
