VII. ADVANCEMENT OF WINNERS

A. Advancements:

1) Sectional: A maximum of three (3) boats from each sectional will advance to the state finals. The three advancing boats will be those boats with the most amount of total weight of caught fish. If fewer than three (3) boats catch fish in a sectional tournament, only those boats that catch fish will be able to advance to the state finals.

VIII. TOURNAMENT RULES

A. Fishing is defined as having a lure attached to a line and a rod and reel with the rod in hand. All bass must be caught alive in a conventional sporting manner. All lures must adhere to state regulations. All bass must be caught on artificial bait by casting only. Only one fishing rod may be used at a time. All fishing must be conducted from the boat.

B. All sectionals will be set for at least 5 hours of fishing and cannot exceed 8 hours on the water. A sectional tournament is considered to be complete if half of the minimum possible scheduled tournament time has been fished (2.5 hours). If the tournament is postponed until the next Monday, no fish will count towards the next day weigh-ins.

C. If weather shuts down the Sectional once it has been rescheduled for Monday, the winner will be determined by the fish caught during the time allotted for that sectional on the second day.

D. State final will consist of two days of fishing with a maximum of eight (8) hours of fishing each day, when possible.

E. If weather shuts down either day of the state final once it has started, that day's weight will be determined by the fish caught during the time allotted for that day.

F. In the state final, if one of the days is completed and the other day is not able to be fished because of weather, the winner(s) will be determined by the one-day weigh-in.

G. All participants must be back in for weigh-in by their designated time at both the sectional and state final tournaments. This would vary only if a weather alert has been issued which might shorten that day's tournament. It is the participant(s) responsibility to make sure the boat is back to the weigh-in site by the designated time.

H. At the state finals, the state finals manager can allow boats to exit the water at a location other than the pre-determined return site in the event severe weather occurs/may occur that may shorten a day of the state finals. The state finals manager will notify schools if he/she invokes this option. If used, a boat may only leave the water when tournament personnel are present and have checked the boat's live well. Once a boat has left the water, it may not re-enter the water to fish any more for that day and must report to the weigh-in area for weigh-ins. Any fish caught and brought to weigh-ins will not be weighed until the established start time for weigh-ins. The state finals manager will be responsible for identifying any other exit locations for the state finals lake and notifying schools of those in advance of the state finals.

I. There will be a one pound deduction for every minute a participant is late getting back for weigh-ins up to 15 minutes. After 15 minutes, no weight will be allowed for that day. It is the participant's responsibility to notify the tournament manager in advance of the designated return/ closing time of any problems that may have occurred.

J. There will be a five fish limit per boat. Fish may be culled if a participant(s) has five fish (5) in the live well. No more than five (5) fish can be in the live well at any time.

K. Ties will be broken, if the poundage is equal, in the following manner: First criteria will be the largest fish caught; the second criteria will be the number of fish caught.

L. All participants must wear a coast guard approved life jacket the entire time they are on the water. If they do not, disqualification will occur.

M. Participants must only use the gear that is in the boat when the boat leaves the dock at the start of the day. They may use their own gear or the gear of the captain in the boat.

If an alternate is used in the tournament, the gear of the alternate must be secured in an area and can be added once the alternate is picked up.

N. Every boat must have an adult captain for driving purposes, and only that captain can drive when the outboard motor is in use.

O. Coaching: The captain/coach of the boat may make suggestions but may not fish in any respect, including tying lures, netting fish, and handling fish or gear. However, if a team has only one participant on the boat, the captain/coach may net the fish if asked by the participant. The captain/coach or team participants can operate the electric motor. A boat captain must be an employee of the district or be a board-approved bass fishing captain.

P. All fish will be released immediately after weigh-in. All fish that are put in the live well must be kept alive. Dead fish will have a ½ pound deduction and cannot count as the large fish for that boat. Dead fish may not be culled.

Q. There will be a speed limit enforced at all sectional and state final tournaments. The speed limit will be no faster than 35 mph, or the lake requirement will be enforced if slower than 35 mph.

R. Teams of up to four participants per boat may be entered by each school. A student may only be listed on one roster for the state series. A school may enter up to two boats where only two of the four students entered for that boat may fish at any one time on that boat. This means only 2 students in the boat. The total weight for each of the five (5) fish limited to that boat will count for the team total of that tournament.

S. The total weight for each of the five (5) fish limited to that boat will count for the team total of that tournament. Individual weight will also be recorded for the top fish designated by each boat. The largest fish award will be given at each tournament to all participants of the boat that weighs in the largest fish of that tournament.

T. No live bait or trolling is allowed in the sectional or state final.

U. Participants must stay completely in the boat unless they are using an authorized rest room facility, are back at the dock switching participants, or due to some other emergency or malfunction. If an emergency or malfunction occurs, the boat must contact the local manager or his/her designee prior to leaving the boat.

V. Any transfer of fish from one live well to a different live well in another boat due to malfunction must be made in the presence of the local manager or his/her designee.

W. On the day of competition at either the sectional or state finals tournaments, schools will be limited to putting into the water the number of boats entered, or, in the case of the state finals, the number of boats the school qualified. No additional boats containing coaches or other competitors from a school can be put into the water on days of competition. On the pre-fish day for the state finals, schools can only put into the water boats that are captained by a district employee or board-approved coach/captain. **For the pre-fish day at the state finals, schools can put a maximum of 1 boat for each qualified roster on the water.** Contestants may not obtain fishing patterns or locations from non-competitors, follow a non-competitor's boat or participate in the practice of "hole sitting", a practice wherein a non-competitor sits on a fishing spot, holding it for a contestant. In addition, non-competitors may not place markers for contestants. All of these acts are prohibited and will result in the immediate disqualification of the boat. Three days prior to the official practice date for the state finals tournament, no coaches, boat captains, or team members of any qualifying school may be on the water at the state finals site.

X. School uniforms must be worn during competition. School uniforms can only have the school name and/or logo and the student's name on them. Any sponsorship the school has secured cannot be displayed on the uniforms or on the coach/driver of the boat. Sponsorship logos may be displayed on the boats that are in the tournament.

Y. Each tournament manager shall appoint (in addition to him/herself) a tournament committee of at least three (3) participating coaches or school administrators. Competing schools can only bring to the tournament committee potential violations of these Terms and Conditions for consideration. Potential violations must be reported prior to the conclusion of weigh-ins on the day in question and must be made in writing. The decision(s) of the tournament committee shall be final in matters pertaining to the IHSA Bass Fishing Terms and Conditions. Neither the IHSA Office nor the Board of Directors will review tournament committee decisions, whether alleged errors are due to faulty judgment or misinterpretation of the rules.

Z. **Unsportsmanlike Conduct:**
Managers and officials have the strictest instructions to disqualify any participant, coach and/or other person guilty of profane or indecent language or of gross unsportsmanlike

conduct. IHSA By-laws 2.040, 3.141, 6.011 and 6.012 give the Board of Directors complete authority to penalize a school for any unsportsmanlike conduct on the part of the principal, the coach, athletes, or any member of the faculty or Board of Education or any other official representative of any participating school. This authority will definitely be exercised by the Board of Directors.
