The information contained in this manual reflects plans that have been made to provide your school an outstanding State Final experience. Please remember, such things as inclement weather or on-site problems occurring during the tournament may make it necessary for the State Final Tournament Committee and/or the State Final Manager/Peoria Civic Center to adjust.

Dear Qualifying Schools,

On behalf of the Illinois High School Association Board of Directors, the IHSA staff and the IHSA member schools, it is my pleasure to congratulate you and welcome you to the IHSA state drama/group interpretation competition.

A special welcome and congratulations are extended to all the participants of this year's competition. You should be commended for your hard work, practice and dedication which enable you and your school to achieve this success. I also want to specifically welcome and congratulate the directors of all of the qualifying schools who have trained and prepared the students to reach this level of performance.

The State Tournament Committee providing leadership and expert advice on the administration of the tournament consists of:

Patricia Wozny, *Committee Manager*
Cheryl Frazier, Richton Park (Southland College Prep Charter)
Judy Klingner, Palatine (Fremd)
Tina Winings, Charleston
Tom Witting, Burbank (Reavis)
Mike Badger (Richards)
Tim Schlegel (Sterling)

The members of the state final committee work tirelessly to assure that your experience at the state series is the best possible. Of course, with any competition we do want to remind you of a few things:

1. Be organized and prompt
2. Adhere to all time requirements
3. Show respect to all
4. Adhere to the terms and conditions of the contest

Please read this manual carefully as it will address most of your questions about the facilities and the tournament. PLEASE NOTE THE VIEWING TIMES, UNLOADING, REGISTRATION AND PARKING. If you do have questions, you may certainly contact any member of the committee, Peoria Civic Center, or the IHSA.

The IHSA believes that interscholastic activities enrich the educational experience, and we trust you will carry this mission into the State Drama/Group Interpretation tournament.

See you at State!

Sincerely,

Susan M. Knoblauch
Assistant Executive Director – IHSA

DRAMA UNLOADING INSTRUCTIONS

UNLOADING: There are two 12' and 16' drive-in loading doors at stage level. Schools must follow the assigned loading schedule.

- All plays designated NUMBER ONE PLAYS should place their sets in the designated area by the loading dock door until all groups have set their lighting cues. The set-up will begin immediately after cues are finished. Each session will begin on time.
- All plays designated as NUMBER TWO PLAYS should place their sets in the designated area backstage.
- All plays designated as NUMBER THREE PLAYS should place their sets in the designated area backstage.

Truck loading, set-up, and strike should be practiced. Cooperation is needed to avoid any time restrictions. The competition is on a rigid time schedule. Organization and courtesy are crucial. Time is lost when trucks are not ready at the loading docks to load or to unload. PLEASE practice backing up your truck so that there can be two trucks ready at the loading dock.

Schools must unload at the specified time. No unloading is allowed on Thursday or Friday evenings.

SET STORAGE: All set pieces must be stored in the assigned 30' x 18' storage areas backstage. The timed set-up will begin from the designated placement of the sets in their storage areas. Sets must fit within the designated areas.

PRE-PERFORMANCE LOAD IN: Schools will have a total maximum of fifteen (15) minutes of elapsed time to unload their vehicle(s) and store their entire set in a designated storage area backstage. Scheduled time will be available to set and to record light cues during the load in times. Schools will also have usual set-up times

prior to performance to finish setting light cues.

SET-UP FOR PERFORMANCE: Schools shall have a total maximum of twenty (20) minutes elapsed time in which they must both set up and strike the staging and set for performance (e.g. If sixteen (16) minutes are used to set up, then four (4) minutes are available for striking). Set up and strike time shall include any adjustment, addition or removal of lighting instruments and focusing projections on the cyc wall. When the set up is complete, the director may call for the cyc wall to be lowered, exposed, and may focus any effect to be used on that wall. The clock will NOT be stopped during this set-up time.

SET STRIKE: At the completion of each show, the sets, props, etc. of that show must be moved quickly across the strike lines on stage. After each school's strike, the school will be allowed five (5) minutes to move the set over the line to the designated storage areas and/or through the garage door.

SET LOAD-OUT: All set pieces should be through the garage door within 5 minutes. The truck is then removed from the dock to the Fulton Street parking lot before the start of the next show. The next truck should move into the dock area to be ready to receive its sets. FAILURE TO COMPLY WITH THIS PROCEDURE IS THE MAJOR REASON FOR DELAYS.

If a school violates times, judges will be advised that your shows load out has caused the next show to be late. Judges will be informed of the cause of any show's delays and can take that into consideration for rankings.

DIRECTORS' MEETING

Drama Director Meeting: There will be a mandatory director's meeting with contest personnel and stage managers (stage right) prior to each session.

SAFETY CHECK

THE PEORIA CIVIC CENTER THEATRE
STAFF AND STAGE MANAGERS
RESERVE THE RIGHT TO STOP A SET-UP
OR TEAR DOWN AT ANY TIME FOR
DAMAGING SITUATIONS OR DANGEROUS
PRACTICES.

Each school may call for a safety check after its set is up. However, this check should be made only if there is a possibility of a failure in the power source or if there is the possibility of danger to the general welfare of the cast, crew or audience. This check may only be called by the director of the show or by the Peoria Civic Center Theatre personnel.

The safety check cannot be used to move props, readjust lights or sound levels, or do anything that relates to the set-up of the play. If a power failure occurs or a dangerous situation arises, the IHSA State Final Committee members and PCC Theatre Technical Director will decide the necessary course of action.

Following this non-timed check, the set-up timing watches will be started again to permit the stage crew to make further adjustments within the time limit.

Practice set-up, striking and re-packing trucks under timed conditions. A great deal of damage can be done to the stage floor by groups scooting set pieces offstage. You may want to consider castors or wagons to move set pieces safely, quickly, and efficiently.

STAGE DIMENSIONS

Measurements taken from the upstage of the fire curtain:

- Proscenium opening is 50' wide and 26' 3"
- Upstage wall is 45' to back wall, apron edge is 5' 6"
- Stage Left is 42' 2," Stage Right is 64'

STAGE REGULATIONS

No major set building or painting will be allowed in the theatre or on stage.

Items cannot be nailed, taped, glued, pinned or attached in any way to any curtain, floor, wall, orchestra shell or ceiling. Glitter that does not readily adhere on the face, hair, costume or body is not allowed. Glitter may only be used if laminated or sealed. Sequins not firmly attached to costumes are expressly forbidden.

Scenery and properties must be fireproofed before they are brought into the theatre. Open flames will not be permitted. Scenery must pass the open-match test, as set forth in the Chicago Fire Code.

DRAMA POINTS OF EMPHASIS

1. One state tournament committee member will always be backstage to assist.
2. Unloading times will be strictly followed. If a school is not present to unload its set at its scheduled time, the next school will unload, and the tardy school will have to wait until the end of that unloading period.
3. The pit area will be lowered and is NOT available as an acting area (*Orchestra Pit is 50' wide and 20' deep with levels at stage, seating and orchestra heights and the Orchestra shell is 50' wide and 40' deep*).
4. All costumes and make-up should be taken to the assigned dressing room areas during the scheduled unloading period. There is access to these rooms during performances.
5. One person should be left to supervise any costumes and personal items left in the dressing rooms.
6. Each school is responsible to clean up their assigned dressing rooms after performing.

7. When a show is in progress, directors are responsible for maintaining QUIET in the dressing rooms.
8. Keep all areas clean and be polite and professional throughout the entire competition.
9. There is no public videotaping, photography, or recording allowed.
10. Fire Policy: No flames, fireworks, or pyrotechnics may be used. No scenery, props or platforms can cross the fire curtain line to prevent its full operation.

DRAMA RULES AND LIMITATIONS

1. The competition shall be run under the terms and conditions of the IHSA. Please refer to your IHSA speech manual for specific competition rules.
<http://www.ihsa.org/documents/dgi/2018-19/school-manual.pdf>
2. Contest plays shall have a maximum of twenty minutes elapsed time in which to both set-up and to strike their staging and set. Set-up and strike time shall include any adjustment to, any addition to or removal of lighting instruments. Any group exceeding this time limit shall automatically be dropped one rank for each 30 seconds of overtime.
3. The director must notify the onstage timers when the set-ups and strikes begin and end.
4. RUNNING is prohibited during set-up or strike. Appropriate shoes must be worn at all times.
5. Additional PCC Theatre equipment may not be used unless otherwise noted on the technical information pages.
6. The grand drape will only be used for masking. All masking, including positioning of the grand drape, will take place once set-up is complete.

7. Each school is responsible for the clean-up of its own areas (set storage areas, stage, and dressing rooms). Brooms can be provided.
8. Be courteous and polite to all working staff. It takes many hands to assist with a competition of this magnitude and we understand that competition can create a sense of nervousness for all, however we ask that all IHSA member schools show the PCC and all volunteers and workers that we appreciate the opportunity to perform in the PCC Theatre.
9. To allow the Drama State Champion an opportunity to perform at awards, the first place award winning show will set up at approximately 1:30 p.m. on Saturday behind the grand drape. The performance shall begin immediately after the Group Interpretation State Champion performance and then be followed by the IHSA Awards Ceremony.
10. Each school is responsible for the security of its own property. PCC, IHSA, or any personnel involved with the management and operation of the competition may not be held responsible for lost or stolen items.

GROUP INTERPRETATION UNLOADING INSTRUCTIONS

UNLOADING: Sets should be unloaded at the loading dock off Kumpf Boulevard before the start of the performance sessions. **Sets may be unloaded from 6:00 p.m. – 7:00 p.m. on Thursday, March 21, or from 6:30 a.m. - 7:30 a.m. on Friday morning.** Any school arriving later than the published loading time must check with tournament staff for a time to unload. Set pieces will go from the loading dock to a large service elevator up to the 400 level of the Peoria Civic Center (PCC) Ballroom. All set pieces should be able to fit through a standard door (30' x 83'). Trucks must be moved immediately after sets are unloaded.

SET STORAGE: All set pieces, including carpets, must be stored in the school's assigned 6' x 18' storage area at the 400 level. No painting, construction, etc. may be done in the storage or performance space. Set storage areas are assigned according to performance order.

PRE-PERFORMANCE SET MOVING: All Group Interp. sets will be moved twice before the actual performance. These moves will be organized to keep the flow of sets smooth and to keep the competition running on time.

The **first set move** is from the set storage area in the center 400 Ballroom to the assigned GI performing spaces in 403 and 405. Cast/crew must report to the 400 level Ballroom approximately one show prior to their scheduled performance to prepare for the set move.

The **next set move** will be to the area behind the strike line in the assigned GI performing spaces 403 and 405.

Groups will have (5) five minutes to move pieces from the offstage area to the strike area. Pieces may be moved around the perimeter; all pieces must remain behind the strike line.

SET-UP FOR PERFORMANCE: Timing for the actual set-up will begin once all set pieces are behind the strike line & upon a signal from the director. The clock may not be stopped during set-up or strike time unless the room chair sees a safety issue. The set-up time stops when the performance space is clear of all cast and crew. No acoustic checks can be done outside the set-up time. Directors will give the two timers opening and closing cues for their shows after set-up.

SET STRIKE: ALL CREW/CAST SHOULD REMAIN IN THE GI PERFORMANCE SPACE AFTER THE PERFORMANCE TO STRIKE THE SET IMMEDIATELY AFTER THE CONCLUSION OF THE SHOW. All audience, friends, and family should exit immediately to allow for a quick strike. Set strike will begin upon a signal of the director. All set pieces must be moved behind the strike line before strike timing stops.

SET LOAD-OUT: The load out to the 400 level Ballroom should begin immediately after strike.

DIRECTOR'S MEETING

GROUP INTERPRETATION DIRECTOR MEETING: A brief (5 min.) mandatory directors' meeting for all performances will be held prior to each group/session. A director from each show MUST attend this meeting, which will be conducted by a member of the State GI Committee. Directors should bring five copies of the Group Interp. Cast Plot Sheet (showing performers' CLOSING positions and names) to this meeting. The

Cast Plot Sheet form is available in this manual and on the Drama/GI menu page at IHSA.org. At this meeting the Cast Plot Sheets will be turned in to the Room Chair/State Committee Member, and the State Committee Member will go over any updated information needed, as well as answer directors' questions. **The meeting will take place in the 400 level Ballroom – just outside the performance space.**

**Session 1 - Group A & Group B
DIRECTORS MEETING will be held at 8:00
a.m. on Friday, March 22, 2019**

**Session 2 – Group A & Group B
DIRECTORS MEETING will be held at
12:30 p.m. on Friday, March 22,**

NOTE: THERE IS NO DIRECTORS' MEETING ON SATURDAY MORNING PRIOR TO THE FINAL ROUND OF GI COMPETITION.

GI POINTS OF EMPHASIS

1. One state tournament committee member will always be available to assist with questions.
2. Tournament staff is not responsible for items left in homerooms.
3. Each school is responsible to clean up their assigned homeroom after performing.
4. Keep all areas clean and be polite and professional throughout the entire competition.
5. There is no public videotaping, photography, or recording allowed.

GI RULES AND LIMITATIONS

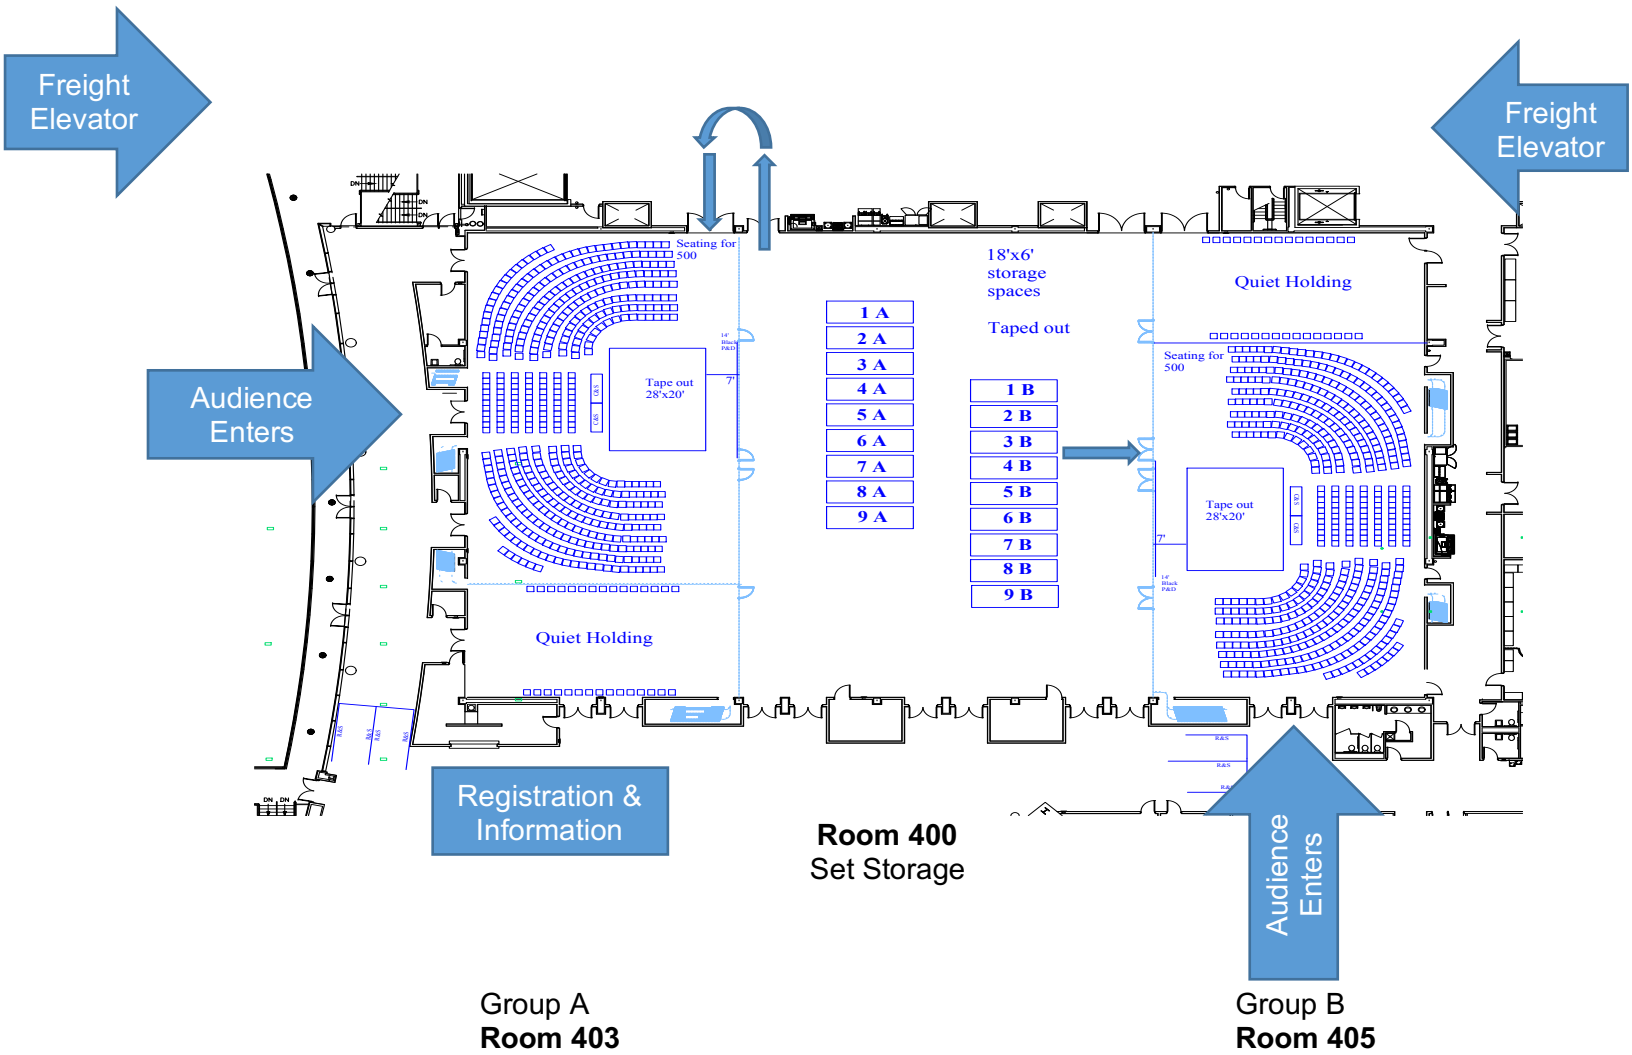

1. The competition shall be run under the terms and conditions of the IHSA. Please

refer to your IHSA speech manual for specific competition rules.

<http://www.ihsa.org/documents/dgi/2018-19/school-manual.pdf>

2. GI's will be allowed five (5) minutes to move set pieces from the backstage area to the strike line.
3. The time limit for GI's set & strike is a total combined five (5) minutes.
4. RUNNING is prohibited during set-up or strike. Appropriate shoes must be worn at all times.
5. Additional PCC equipment may not be used unless otherwise noted.
6. Each school is responsible for the clean-up of its own areas (set storage areas and homerooms).
7. Explicit sets are prohibited; Uniformed dress is permitted. Costuming is not allowed. Character makeup is prohibited. On-stage focus should be used sparingly and with purpose although mixed focus (a combination of off-stage and onstage focus) is allowed.
8. Be courteous and polite to all working staff. It takes many hands to assist with a competition of this magnitude and we understand that competition can create a sense of nervousness for all, however we ask that all IHSA member schools show the PCC and all volunteers and workers that we appreciate the opportunity to perform in the PCC.
9. To allow the GI State Champion an opportunity to perform at awards, the first place award winning show will set up at approximately 1:30 p.m. on Saturday on the PCC Theatre to perform prior to the IHSA Awards Ceremony.
10. Each school is responsible for the security of its own property. PCC, IHSA, or any personnel involved with the management and operation of the competition may not be held responsible for lost or stolen items.

GROUP INTERPRETATION – PCC BALLROOM GROUND PLAN

400 Level Ballroom is located at the top of the Grand Hall Escalator.
