2.030 COOPERATIVE TEAM SPONSORSHIP

The Board of Directors shall have the authority to approve the formation of cooperative athletic teams or activity programs by two or more member schools under the following conditions:

- (a) The schools are located in the same geographical area;
- (b) All schools participating in the cooperative are Class A (in a 2-class system) or Class 1A or 2A (in a 3 or 4-class system) schools according to the IHSA Classification System; or, in the event one or more of the cooperating schools is a Class 3A or 4A public school, the cooperative team is for a sport other than Boys Football or Boys or Girls Basketball; In the event one or more of the schools involved in the cooperative is a public non-boundary school, that school's actual enrollment, not multiplied enrollment is used to determine the eligibility of the cooperative team request.
- (c) Only private schools with non multiplied enrollments of 200 or less are eligible to form cooperative teams.
- (d) The combined enrollments of all schools involved in the cooperative team, calculated according to the IHSA Classification System, is utilized to determine the classification for the cooperative team;
- (e) The cooperative sponsorship agreement is established for a period of two consecutive school years;
- (f) The governing boards of all schools participating in the cooperative team agreement jointly make the application to the IHSA Board of Directors for approval of the cooperative team agreement;
- (g) The joint application includes:
 - (1) Written approval from the conference(s) of which the cooperating schools are members, and/or in which the cooperative team will participate, or, in the event the cooperative team will not be affiliated with a conference, written approval from a minimum of seven schools included in the cooperative team's schedule of competition;
 - (2) A statement signed by the principals of all cooperating schools designating the name under which the cooperative team will compete;
 - (3) A report of the number of students from each of the cooperative schools expected to participate on the cooperative team;
 - (4) A report of the number of students, if any, from each of the cooperating schools who have been participating in the sport involved, in programs offered on a non-cooperative basis by their own schools;
 - (5) A statement expressing the reasons for the formation of a cooperative team;
 - (6) Written assurance that the cooperative team will not limit participation opportunities for students in any of the cooperating schools.

When a cooperative team completes two years of approved operation and the boards of education involved wish to renew the agreement for another two-year period, the involved school(s) shall submit to the IHSA, by the established date, notification that they wish to continue the cooperative with no changes and written approval from the conference.

Illustrations for Section 2.030 of the Constitution

The illustrations and situations it contains are for purposes of assisting in understanding the application of the particular by-law to which they pertain. In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.

- 12) Q. According to the by-law, "conference approval" is required for each cooperative team. What constitutes "conference approval"?
A. "Conference approval" is a formal, voted-upon action by a conference, according to its own method of voting, granting formal approval by the conference to the formation of a cooperative team involving one or more of its member schools. On the application form for IHSA approval of each cooperative team, conference presidents of involved conferences will be required to sign certification of conference approval and indicate the method of voting used by the conference in determining approval. (Constitution 1.420 & By-law 2.030)
- 13) Q. What requirements do schools which establish cooperative agreements have to meet in respect to defining the administrative details of a cooperative team?
A. Boards of Education must adopt an agreement with the other district(s) involved in the formation of a cooperative team in order to delineate provisions for insurance, coaching personnel and compensation, liability, facilities, equipment, etc. (By-law 2.030) This agreement may be designed like the intergovernmental agreement authorized under the provisions of Section 10-22.31(a) of the School Code of Illinois.
- 14) Q. If a school adds a boys sport team by formation of cooperative teams, must it also add a girls sport team to its program?
A. Simply adding a team for one gender of student by forming a cooperative does not require corresponding action to add a team for the other gender of students. However, schools are bound by the provisions of the State Sex Equity Rules, published by the State Board of Education. Questions in respect to these rules and the implications of cooperative teams in light of them should be referred to the State Board of Education. (By-law 2.030)
- 15) Q. May cooperative teams be formed with out-of-state schools?
A. Yes. However, cooperative teams formed with either out-of-state or other non-member schools may not compete against IHSA member schools. Therefore, if a school located along the state border forms a co-op team with a school in a neighboring state, it may compete only with schools in that state or schools which are not members of the Illinois High School Association. (By-law 2.030)

- 16)** Q. May cooperative teams be formed with non-IHSA member schools from Illinois?
A. No. (By-law 2.030)
- 17)** Q. May a school form more than one cooperative team in the same sport?
A. No. (By-law 2.030)
- 18)** Q. May a school form a cooperative team with one other school in football, a different cooperative team with another school in cross country and even a third cooperative team with yet another school in volleyball?
A. Yes. The provisions of this rule permit formation of different cooperative teams with different schools on a sport-by-sport basis. However, each cooperative team formed must undergo the complete process approval by the boards of education, the conference, and the IHSA Office. (By-law 2.030)
- 19)** Q. In light of the requirement that cooperative teams may not “limit participation opportunities,” must a “no-cut” policy be established for each cooperative team that is formed?
A. No. (Constitution 1.420 & By-law 2.030)
- 20)** Q. May a school drop one sport, such as fall baseball, in order to enter a cooperative team arrangement in another sport, such as football?
A. Yes. The decision as to which sports to offer is exclusively the prerogative of each local board of education. (By-law 2.030)
- 21)** Q. May a cooperative team agreement be formed during a sport season, in order to accommodate participation in the state tournament series that school year?
A. No. All cooperative teams must have applied to the IHSA for approval no later than the pre-season deadlines established (Fall Sports—August 1; Winter Sports—October 1; Spring Sports—February 1). Applications received after this date will be denied or considered only for implementation no sooner than the subsequent school year. (By-law 2.030)
- 22)** Q. Must cooperative teams compete in six contests to be eligible for state series team competition under the provisions of By-law 3.054?
A. Yes. (By-laws 2.030 & 3.054)
- 23)** Q. If two schools, whose enrollments as of September 30 in a given year are 450 and 400 respectively, form a cooperative team, what enrollment will be used to determine the classification of the cooperative team?
A. Classification of the cooperative team will be based on the combined enrollment of the cooperating schools. In this case, 450 plus 400, or a total of 850. This figure of 850 will determine classification for the cooperative team only. The individual schools will still be classified on the basis of their individual enrollments of 450 and 400 respectively for other sports. (By-law 2.030)
- 24)** Q. If the combined enrollment of schools in a cooperative team agreement exceeds the cut-off for division between any class, in which classification will this cooperative team compete?
A. In all sports and activities other than football and music, if a cooperative team has a combined enrollment over the dividing line between classes, the cooperative team will compete in the higher class for that sport or activity. (By-law 2.030)
- 25)** Q. In the event the situation indicated in the previous Illustration occurs in football, what will be the classification of the cooperative team?
A. Football classification differs from that for other sports in that class designation is not determined until all teams qualifying for the State Playoffs are established. Then the number of qualifiers is divided into eight equal groups, on the basis of their official enrollments. Therefore, the coop team referred to in the previous Illustration would be classified on the basis of its 850 combined enrollment, and would almost certainly be in a different class than either school would have been in with their individual enrollments of 450 and 400. (Constitution 1.450 & By-law 2.030)
- 26)** Q. In the event the situation indicated in the previous Illustration occurs in music, what would be the classification of the cooperative program?
A. Music classification also differs from that in other activities. Schools are classed as follows: 0-190 = Class D; 191-350 = Class C; 351-800 = Class B; 801-1600 = Class A; Over 1600 = Class AA. Therefore, the co-op program referred to in Illustration 21 would be classified as Class A in Music. (Constitution 1.450 & By-law 2.030)
- 27)** Q. If a school is in Class 2A by enrollment at the time it enters a cooperative team agreement, but then grows to Class 3A size before the end of the agreement’s term (minimum of two years), may it continue in the cooperative team agreement for its duration?
A. Yes. If a school in a cooperative team agreement grows beyond the classification dividing line and becomes Class 3A, any cooperative agreement of which it is a party will remain in effect for its duration. (By-law 2.030)
- 28)** Q. If two schools form a cooperative team, may they redraft their cooperative agreement and add a third school to the cooperative at the end of one year?
A. Yes. With the approval of all the schools involved, the conferences (if applicable), and the approval of the Executive Director, a school may be added to a cooperative team at the end of the first year. (By-law 2.030)

- 29)** Q. If two schools form a cooperative agreement, and then after the season for that sport begins, interest wanes and there are not sufficient students participating to sustain the team, what is the status of the agreement if the boards by mutual consent terminate the team's existence?
- A. Note that each cooperative agreement is for a minimum of two years. Even if the team for which the agreement is established does not compete, the schools are committed to the agreement for the two-year period. They may not terminate the agreement early, nor may they enter another cooperative agreement with another school during the lifetime of such an original agreement. Furthermore, if students from either of the schools should enter the IHSA state tournament series as individuals in the sport for which the cooperative was established, they would have to be entered under the auspices of the cooperative team, not their own individual high school. (By-law 2.030)
- 30)** Q. Can a cooperative team form for only one year?
- A. No. Cooperative team agreements are for a two year period. Consolidation or annexation of a school in a coop could allow a coop to end prior to the completion of its two year cycle. (By-law 2.030)
- 31)** Q. If two schools have established a cooperative team, and the cooperative dissolves prior to the end of its two-year agreement, may either of the schools participate as an individual school in that sport before the termination of the cooperative agreement?
- A. Yes, provided the reasons for dissolution of the cooperative team are extenuating circumstances accepted by the IHSA Board of Directors. However, a school in this situation may not enter another cooperative agreement in this sport until the end of the two-year time period of the original cooperative agreement. (By-law 2.030)
- 32)** Q. In the event two schools, each of which is a member of a different conference, form a cooperative team, how will the requirement for conference approval be administered?
- A. According to By-law 2.030, cooperative teams must be approved by the conference(s) of which the participating schools are members. They must also be approved by the conference in which the cooperative team will participate or by seven schools on the cooperative team's schedule if it will not compete in a conference. To illustrate:
- (a) If the new cooperative team will compete in the conference of which one of the cooperating schools has been a member, both that conference and the conference(s) of which other schools in the cooperative have been members will be required to approve the cooperative team.
- (b) If the new cooperative team will compete in neither of the existing conferences but in another conference altogether, then both the previous conferences and the new conference must approve formation of the cooperative team.
- (c) If the schools forming a cooperative team have been members of conferences but will compete as an independent team under their cooperative agreement, then the conferences of which they have individually been members, along with seven (7) schools from the proposed independent team's schedule, must approve formation of their cooperative team.
- (d) If one school entering a cooperative has been a member of a conference and the other school entering the cooperative has been independent, and the cooperative will compete as an independent, approval of the cooperative team must be obtained from both the conferences of the one cooperating school and from seven (7) schools on the new cooperative team's schedule.
- 33)** Q. How is the term "seven schools" defined with respect to requiring approval by "seven schools on its schedule" in the event the co-op team will not compete in a conference?
- A. "Seven schools" means seven actual and different individual IHSA member high schools from seven different competitions included on the cooperative team's proposed schedule for the succeeding school year. (Constitution 1.420 & By-law 2.030)
- 34)** Q. Assume that a school drops out of a conference where it has participated in a particular sport and then enters a cooperative team agreement to participate in that same sport in another conference. Do the schools in the original conferences have any recourse, especially if they are not able to reschedule new opponents?
- A. Formation of cooperative teams does not automatically negate all existing contracts. In general, contracts may be dissolved or altered only by mutual consent on the part of all involved parties. (By-law 2.030) In this situation, however, approval of the formation of a cooperative team by a conference will be interpreted to indicate tacit acceptance of the dissolution of all contracts between conference members and the school(s) involved in the cooperative. Therefore, schools in a conference which approves a member leaving the conference to form a cooperative team that will compete as an independent or in another conference, may lose games they had planned on without having breach of contract recourse. On the other hand, contracts for games which are not part of a conference schedule in a conference which has approved the formation of the cooperative team will be considered as individual contracts between the two schools. They may be dissolved only by mutual consent of both schools. If the school which is party to such contract and is not entering a cooperative team agreement refuses to dissolve the contract mutually, it will leave the school entering the cooperative agreement with a potential breach of contract situation.
- 35)** Q. Will the IHSA approve a cooperative team application in the event all questions pertaining to contracts with other schools and/or officials are not mutually resolved?
- A. It is not likely, though a judgment will be made in each individual case. (By-law 2.030)
- 36)** Q. If two schools have established a cooperative team and, during the season for that sport, one of the two cooperating schools experiences a teachers' strike, may the cooperative team continue to participate during the strike or is it restricted under the terms of the IHSA Strike Policy?
- A. The cooperative team will be affected by the strike policy. Therefore, if either cooperating school experiences a strike, the students from the striking school will be restricted from competition for the duration of the strike. Students from the non-striking school may continue to participate. If the non-striking school is unable, due to insufficient numbers, etc., to fulfill the terms of contracted obligations, the cooperative will be held in breach of contract. (Constitution 1.420 & By-law 2.030)

- 37) Q. What impact on a coop is there if, during the term of a coop, one of the schools involved in a coop consolidates with another district, annexes with another district, or deactivates?
- A. In the event of consolidation, annexation, or deactivation, a coop agreement among schools will cease to exist. In such an event, the consolidation, annexation, or deactivation will supersede the coop agreement. In such an event, the remaining school(s) would be allowed to enter into a new coop agreement with a new district, even if their former agreement had not expired. (By-law 2.030(e).
- 38) Q. Can two districts that are not contiguous form a coop?
- A. Yes. Public school districts must be in the same geographical area in order to form a coop within the parameters of the by-law, but the districts do not have to be contiguous. (By-law 2.030)

2.040 SPORTSMANSHIP OF SCHOOL REPRESENTATIVES

- 2.041 Students, school staff, boards of education, spectators and all other persons connected directly or indirectly with a member school shall practice and promote the highest principles of sportsmanship and the ethics of competition in all interscholastic relationships. The Executive Director shall have authority to investigate allegations and incidents of unsportsmanlike conduct or conduct which adversely affects the ethics of competition in connection with interscholastic contests. The Executive Director shall also have full authority to invoke penalties, in the context of the provisions of Division 6.000 of these By-laws, against a member school and/or individuals whose conduct in connection with an interscholastic contest violates these principles or ethics.
- 2.042 Member schools shall maintain proper crowd control and enforce the principles of good sportsmanship and ethics for all interscholastic activities. The Executive Director shall have authority to investigate reported incidents of unsportsmanlike conduct or conduct which adversely affects the ethics of competition in connection with interscholastic contests and shall have full authority to invoke penalties, in the context of Division 6.000 of these By-laws, against a member school which fails to fulfill its obligations as provided in this section.

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.

39) CROWD CONTROL

- Q. Who is responsible for crowd control at an interscholastic contest?
- A. The host school must assume primary responsibility for the physical management of the activity, including providing for crowd control. Both the host school and the visiting school must also enforce proper behavior on the part of their own students and fans. (By-law 2.040)

2.050 SCHOOLS WITH WHICH CONTESTS MAY BE HELD

Member schools may permit eligible students to participate in competitive activities as school representatives only with the following:

- (a) schools which are members of this Association;
- (b) schools which are members of an athletic or activities association in another state which is recognized by the Board of Directors of this Association;
- (c) schools which are not members of this Association but are approved for interscholastic participation by the Board of Directors of this Association;
- (d) schools which are not members of an athletic or activities association in another state but are approved for interscholastic participation by such an association;
- (e) junior high schools, provided that in any event other than a dual contest, only eligible ninth grade students represent the junior high school; and
- (f) cooperative athletic teams approved by the Board of Directors under the provisions of these By-laws.
- (g) The Illinois High School Association Executive Director is authorized to waive the provisions of this By-law for the Illinois School for the Visually Impaired (ISVI) when the ISVI is in competition only with other schools for the blind provided such competition is governed by the standards adopted by the North Central Association of Schools for the Blind.
- (h) The Illinois High School Association Executive Director is authorized to waive the provisions of this By-law for the Illinois School for the Deaf (ISD) when the ISD is in competition only with other schools for the deaf.

Member schools may not permit students to participate as school representatives in activities with non-school groups.

In the case of any conflict, whether actual or believed, between the illustrations, examples or situations in this publication and the constitution or by-laws of the IHSA, the constitution and by-laws shall control.

40) APPLICATION OF RULE

- Q. Do the provisions of this rule prohibit:
- (a) school bands from marching in parades in which non-school groups perform but do not compete?
 - (b) school-sponsored ice hockey teams from competing with non-school clubs or teams?
 - (c) FFA judging groups from competing against 4H or other non-school entities?
- A. This by-law is interpreted to apply only to competitive activities. Therefore, it does not prohibit Example (a) but it does prohibit Examples (b) and (c). The key factor to consider is whether competition is involved in an activity or not. (By-law 2.050)

- 41)** Q. May schools that sponsor ice hockey teams, lacrosse teams or any other interscholastic teams participate against non-school teams?
- A. No. (By-law 2.050)

42) ALUMNI GAMES

- Q. May a school team play a contest against a group of alumni, just for local interest?
- A. The by-laws limit member schools to compete against other schools. A school may not play an alumni contest in any sport since alumni teams are not school groups. (By-law 2.050)

43) FACULTY GAMES

- Q. May a school conduct a basketball game between teams of faculty members and school basketball team members to raise funds for the purchase of a new clock and scoreboard?
- A. Faculty-student games are interpreted to be intramural events. Therefore, they are not restricted by this by-law. Only members of the school's faculty and students at the school may participate. (By-law 2.050) Such contests are not counted as one of the contests to which a school team is limited by the by-laws. (By-law Section 5.000)

- 44)** Q. May an approved school participate in a tournament against an IHSA member school?
- A. No. Approved schools may only participate in dual contests with IHSA member schools. (By-law 2.050 and Article 1.270)

2.060 MULTIPLE SCHOOL INTERSCHOLASTIC ACTIVITIES

Member schools must adhere to the following conditions when participating in any interscholastic multiple school (four or more schools) contest or other activity:

- (a) athletic activities, not sponsored by this Association, must be hosted by a school which is a member of this Association or a school which is a member of another state activities or athletic association which is recognized by the Board of Directors of this Association.
 - (b) multiple school activities may not begin before 1:00 p.m. on a school day;
 - (c) multiple school conference activities may begin as early as 8:00 a.m. on a school day;
 - (d) multiple school activities sponsored by a statewide organization such as the Illinois Coordinating Council for Career and Technical Student Organizations, the Illinois Association of Student Councils, etc. may begin as early as 8:00 a.m. on a school day;
 - (e) awards presented to schools and individuals are within the limitations established by these By-laws;
 - (f) lodging arrangements for student participants are exclusively the prerogative of the member school;
 - (g) student participants must be eligible under all the provisions of these By-laws;
 - (h) no participating school may exceed participation limits established in these By-laws;
 - (i) inter-state activities are approved through the established procedures of the National Federation of State High School Associations; and
 - (j) except for the State Final meet or tournament, practice rounds or other practice or workout sessions at the site of an interscholastic contest do not begin sooner than fifteen (15) minutes after the end of the school day.

45) DISMISSAL TIME

- Q. Whose school dismissal time is used to determine the permitted time for practice or workouts at the site of a contest?
A. The dismissal time of the school hosting the contest shall be the time from which practices may be scheduled. Therefore, if the host school is dismissed at 3:15 p.m., no visiting school may practice at the site of the contest until 3:30 p.m. or later, regardless of its own dismissal time. (By-law 2.060(i))

46) LEAVING SCHOOL EARLY

- Q. May a team leave school prior to dismissal time to travel to the site of a contest?
A. This by-law regulates only the actual start of practice at a contest site. Schools make their own determinations about leaving school to travel to the site. (By-law 2.060(a), (b), and (i))

47) GOVERNMENTAL SPONSORSHIP

- Q. When a governmental agency, such as the General Assembly or Department of Tourism, provides funds for a school's use to travel to and participate in a particular event, does this constitute "governmental sponsorship" of the activity under the terms of this rule?
A. Yes, and the school may participate under all the terms of the sanction policy. (By-law 2.060(c))

2.070 QUALIFICATIONS OF COACHES

To serve a member school as a Head or Assistant Coach, athletic coaches in member schools must:

- (1) Prior to contract negotiations with an official, the host school should receive approval of the visiting school before employing the services of a designated official. The IHSA recommends that approval be in writing as provided on the game contract.
 - (2) Having contracted an approved official as listed in (1), only the host school can release or replace an official from contractual commitments.
 - (3) The visiting school has the privilege of requesting that a previously approved official be replaced.
