

IHSA Boys' Golf State Finals

Class 2A – Weibring Golf Club, Illinois State University

Parking Information

The Weibring Golf Club has again created a parking area for fans attending this year's tournament. The area is located just west of the golf course on Gregory Street. A shuttle service will be available to transport fans back to the clubhouse and various locations throughout the course. Fans approaching the Weibring Golf Club from Main Street should continue past the golf course to the remote lot. This lot is virtually right on the course, and we think will be a benefit to your fans. The parking areas located adjacent to the clubhouse and the university residence driveway will be reserved for vehicles with the appropriate parking credentials. . There is limited street parking on Gregory Street west of the West Entrance to the golf course. Fans are reminded that street parking must be done legally; otherwise guests will be ticketed or towed.
