In accordance with Section 1.450 of the IHSA Constitution, the Terms and Conditions governing the 2018-19 IHSA Girls State Gymnastics Meet Series have been approved by the Board of Directors.

I. SCHOOL CLASSIFICATION

Competition in the IHSA Girls State Gymnastics Tournament Series will be held for all member schools without classification.

II. DATES AND SITES

A. Regional Meets: Girls Regional Gymnastics Meets will be held throughout the state during the dates of January 28-31, 2019. Regional host sites will be determined after the Sectional Complex meeting.

B. Sectional Meets: Girls' Sectional Gymnastics Meets will be held on Monday-Thursday of Week 32 in the IHSA Standardized Calendar. For the 2018-19 school year, those dates are February 4-7. Friday and Saturday will be used only in the event of cancellations on Monday-Thursday due to weather. If Friday and Saturday need to be used due to cancellations, an attempt will be made to schedule no more than one meet on each day. Sectional host sites will be assigned by the IHSA.

C. State Final Meet: The 2018-19 IHSA Girls State Final Gymnastics Meet will be held on February 15-16, 2019 at Palatine High School, 1111 North Rohlwing Road, Palatine, Illinois.

III. ON-LINE ENTRIES, WITHDRAWAL PROCEDURES, ELIGIBILITY, AFFIRMATIVE ACTION AND ON-LINE LIST OF PARTICIPANTS

A. On-Line Entries

All member schools must enter their school into the state series competition through the IHSA School Center on the IHSA Website at www.ihsa.org. The deadline for entry is November 1, 2018. **The 2018-19 Entry Policies and Procedures outlining the online entry procedures for all IHSA-sponsored tournaments can be found in the Schools Center on the IHSA website.**

B. Late Entries: Any attempt to enter a sport or activity on-line after the established deadlines will be denied. Schools that wish to enter after the deadline will be considered late. To be considered for late entry, the Principal/Official Representative must contact the IHSA administration in charge of that sport or activity. The penalty for late entry shall be a payment of \$100.00 for that sport/activity by the school.

C. Breach of Contract By-law 6.041 (Withdrawal Procedure)

To withdraw without penalty, the Principal must notify the IHSA Office, in writing, of the school's withdrawal from the respective sport prior to the seeding meeting date and/or the date the *List of Participants* is due for that sport.

If a school withdraws after the seeding meeting date/*List of Participants* due date and/or does not show up for competition, the school will be charged a \$100 penalty. If applicable, the school may be charged for any additional financial loss sustained by the offended school(s) or the Association as a result of such breach.

D. Qualified Coaches or Faculty

Representatives: In accordance with IHSA By-laws 2.020 and 2.070, all schools are required to have a qualified coach or faculty representative present at all times during a meet. If a school does not have a qualified coach or faculty representative present at the Regional, Sectional or State Final site during warm-ups or competition, that school's competitors shall not be permitted to participate. Only coaches and faculty representatives who are listed on the *List of Participants* and in compliance with IHSA by-law 2.070, shall be permitted to serve in coaching capacities at the Regional, Sectional and State Final meets.

E. Eligibility: All member schools in good standing may enter an individual(s) or a team under the provisions of IHSA By-law 3.054.

F. Affirmative Action: Only girls shall be permitted to participate in the state series except as provided in the IHSA Affirmative Action Policy.

G. On-Line List of Participants/Substitutions: The *List of Participants* shall be due by 4:00 p.m. Monday, January 14, 2019. Regional

Managers will be able to access the *List of Participants* for all entries in their regional through the Schools Center on the IHSA website following this deadline. The *List of Participants* shall include the names of contestants entered in the various events. Contestants entered by a school that has entered a team in the state series are considered entered as a part of both the team competition and individual event competition. The order in which the names are submitted and entered on-line is the order in which the gymnast will compete. Names of the substitutes must appear on the *List of Participants*. The *List of Participants* is a final entry. No additions, substitutions or changes will be permitted unless team substitutions are made in accordance with these Terms and Conditions. The original *List of Participants* and order of performance shall apply to each level of the series. Any substitutions made are applicable only to that meet.

Alternates: A school, which qualifies to compete for team honors in the State Series, may enter a maximum of eight alternates on the *List of Participants*. These alternates may be used for team substitutions.

H. List of Participants Penalty: In order for a school to complete the entry process for girls' state gymnastics series, they must enter their team or individual (s) and complete the *List of Participants* by the established deadline date. Schools who fail to complete both parts of the entry process will not be entered into the state series unless a late entry fee is paid.

The policy regarding media requirements for each Local Manager is contained in the current News Media Directory.

V. TOURNAMENT ASSIGNMENTS AND SEEDING MEETINGS

A. Assignments: In December, the assignments will be posted online for all schools that entered. Each school entered will submit online through the IHSA School Center a *List of Participants* which will list the names of the contestants entered in the various events in addition to eligible head coaches and assistant coaches of the team.

B. Sectional Complex Meeting: All seeding meetings shall be conducted on-line through the IHSA Schools Center. Schools will have until 4:00 p.m. on January 9, 2019, Wednesday of Week 28 to submit their *Seeding Form* to the IHSA Office. The IHSA Office will review all seeding forms and assign schools to their respective regional meets based on the format outlined in section VI. A in these Terms and Conditions. Schools interested in hosting a regional meet shall submit to the IHSA Office a signed *Regional Host Consent Form* prior to the above-mentioned deadline.

C. Seeding Policies: The scores used for team seeding shall be from gymnastics meets where the team score was determined by adding 4 scores on all events. For seeding purposes, at the sectional seeding meeting each team will average their top three meet scores to come up with their seed score. In order to verify their seed score, coaches may be asked to send them to the IHSA for review.

1. Dual or multiple meet scores can be used only once.

2. If a team competed in a meet that used three scores for team scoring, whether four or more competitors were used, that score cannot be used as part of the seeding information.

D. Coaches Meeting and Substitutions: The Regional, Sectional and State Final Meet Managers shall hold a coaches meeting prior to the meet. The purpose of this meeting is for making team substitutions or scratching competitor(s). In addition, the head coach may make changes in the order of performance for the team or individual competitors from a school. At this time coaches will number scoresheets in competition order. No changes or corrections in the competitors and order of performance shall be permitted following the coaches meeting except in the case of injury or illness as provided in these Terms and Conditions.

1. Team substitution prior to meet: Competitors who are substituted under the provisions in these Terms and Conditions may return to team competition in the state series if their team qualifies to advance. A team substitute's name must be included on the *List of Participants*.

2. Team substitutions during a meet: The coach must notify the Meet Referee of any such team substitution before the team begins its competition in an event. A team substitution may be made during the state series in cases of a disabling illness or injury of a team competitor provided the name of the substitute appears on the *List of Participants*. The substitution is made before the team begins its competition in an event, and no change is made in the order of performance. When a team substitution is made during a meet and the substitute has not warmed up on the meet equipment, the athlete should be given a one and a half minute touch warm up prior to his/her team competing on that event as determined by the Meet Referee. General warm up will take place in the warm up gymnasium, if available.

3. Individual substitutions: No substitutions shall be made for individual qualifiers in any event.

VI. TOURNAMENT STRUCTURE AND TIME SCHEDULES

A. Regional and Sectional Assignments: The IHSA Office will assign all schools entering the state series to one of four (4) Sectional complexes. At the Sectional Seeding Meetings, the teams will be assigned to a Regional, and the Regional sites will be determined after the Sectional Seeding Meetings. The seed number and the school's ability to host at their school will determine the first choice of hosting a regional rather than the highest seeded team in a regional. When the first seeded team in a regional declines to host the regional at their school, then the next seeded team in a regional has the opportunity. The Regional

team assignments will be based on the seeds determined by the coaches, with the assignments to be as follows:

Regional A: Seeds 1, 8, 9, 16, 17, 24

Regional B: Seeds 2, 7, 10, 15, 18, 23

Regional C: Seeds 3, 6, 11, 14, 19, 22

Regional D: Seeds 4, 5, 12, 13, 20, 21

Seeds will be posted online on the IHSA website for 24 hours to verify accuracy; once assignments are made seeds will be final.

B. Events: The list of events shall include optional level competition in Vaulting, Uneven Bars, Balance Beam, and Floor Exercise. All-Around competition includes participation in all four individual events.

C. Order of Events: Events shall be conducted concurrently in the following order on the Vaulting, Uneven Bars, Balance Beam, and Floor Exercise.

D. Contestant Entries: A school may enter up to a maximum of five (5) contestants in each individual event. One contestant among the five contestants entered in each individual event MUST participate in All-Around competition and more than one may participate in All-Around. If a school does not enter a gymnast in the All-Around, a school can enter only four girls in each individual event.

E. Order of Performance

1. Regional/Sectional: Competitors shall perform in order according to a rotational system which shall be outlined in a link found on the forms section of the IHSA Girls' Gymnastics web site. The random draw for sectional rotation shall occur through a blind draw held at the IHSA office after the regional hosts have been determined following the sectional seeding meeting. When a conflict in two events occurs with the order of performance for a competitor, the competitor will be dropped by the Meet Referee in the second event three or four competitors down in the order of performance. If a team conflict occurs, the team shall be dropped in order of competition as a team. No individual or team will be dropped into another team's rotation.

2. State Final:

a. Preliminaries: The order of performance for the preliminary round of the state final shall be in order according to a random draw by lot. **Once the random draw occurs for the first rotation create 3 groups. Groups will perform within their rotation: 1, 2, 3; 2, 3, 1; 3, 1, 2; 1, 2, 3.**

b. Event Finals: The order of performance for the individual event finals at the girls' gymnastics state finals shall be determined according to a random draw of

all competitors who qualify for the finals. The random lot shall not allow an individual gymnast to perform first or last twice on any event.

SECTIONAL COMPLEX MEETING

Wednesday, January 9

All seeding meetings shall be conducted on-line through the IHSA Schools Center. Schools will have until 4:00 p.m. on January 9, 2019 to submit their *Seeding Form* to the IHSA Office. The IHSA Office will review all seeding forms and assign schools to their respective regional meets based on the format outlined in section VI. A in the Terms and Conditions. Schools interested in hosting a regional meet shall submit to the IHSA Office a signed *Regional Host Consent Form* prior to the above-mentioned deadline.

Schools interested in hosting a regional must submit these two things:

- Regional Host Consent Forms from the Regional Host School
- An email address where the IHSA can send the regional scoring program

NOTE: Only schools who have a signed "Regional Host Consent Form" are eligible to host (downloadable form).

Regional Host Selection

The top 4 seeded teams will be sent to separate regionals.

Regional A will have seeds	1, 8, 9, 16, 17, 24
Regional B will have seeds	2, 7, 10, 15, 18, 23
Regional C will have seeds	3, 6, 11, 14, 19, 22
Regional D will have seeds	4, 5, 12, 13, 20, 21

The seed number and the school's ability to host at their school will determine the first choice of hosting a regional rather than the highest seeded team in a regional. When the first seeded team declines to host the regional at their school, then the next seeded team in that regional has the opportunity. This process will continue until a regional host is found.

Regional Team Assignment Form

Once the regional hosts have been assigned, then a day for the regional must be assigned. The highest seeded team who is hosting has the first option of days, with the remaining host selecting the remaining regional dates in order of their seeds.

Once the IHSA has finalized the regional hosts and assignments, they will be posted on the IHSA website.

Equipment and specifications

All meet equipment and floor space must meet National Federation specifications. Officials will measure and inspect equipment and standards.

IHSA COMPUTER SCORING REQUIREMENTS

IHSA will provide the TourneyWire Gymnastics scoring program used for the regional meets. It is user friendly, and its operating instructions will be emailed to each manager.

Computer Systems Requirement

- A computer with a strong, secure internet connection.
- A printer dedicated to use for the scoring program.
- A person to serve as the meet scorer and to run the scoring program.

Email Address

Each Regional Host will need to submit an email address to the IHSA Office, an address which will be used by the IHSA to send the actual scoring program.

Posting Results

Upon completion of the regional, the regional manager will post the results online via the scoring program.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director: **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
 - A) Provide a reserved parking space.
 - B) Meet officials and take them to the dressing room.
 - C) Have refreshments available for halftime and postgame.
 - D) Ask for any additional needs.
 - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
 - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

Emergency Action Plan (EAP)

In accordance with By-law 2.150, a school shall have on file for each student that participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 395 days preceding any date of participation in any such practice, contest or activity. As this By-law addresses pre-participation certification only, there is not a guideline or By-law in place to address release to interscholastic activity following an injury, with the exception of head injury/concussion. With the understanding that schools throughout the state have different needs and services available to them, this document was produced to provide guidelines on an athlete's return to activity following an injury.

Each school should have a written Emergency Action Plan (EAP) in place to address medical emergencies among athletes, staff, officials, and spectators, regardless of severity, occurring during a practice or competition. The plan should also address severe weather, fire, electrical failure, bomb threat, criminal behavior, or other possible emergencies. This plan should be developed to address the unique needs of the individual sport and venue.

EAP's should consist of the following components:

- Personnel
- Communication
- Equipment
- Emergency Medical Care
- Player Medical Information
- Game-day Responsibilities (includes appropriate sideline preparedness)
- Catastrophic Incident Plan

While each school's sports medicine/medical service needs and availability are different, guidelines should also be developed to assist the coaching staff on what injuries should be allowed to return to competition without a medical release. It is not practical to identify every situation or injury; however the following guidelines should assist the school/coaching staff on determining if the athlete should be allowed to return to activity without a release.

1. No swelling or deformity.
2. No headache, nausea, blurred vision, tingling, numbness or sensory changes.
3. Symmetrical (equal to the other side) joint range on motion and strength.
4. Ability to bear weight, without a limp, if injury occurs to the lower body.
5. Ability to complete full functional sporting activities without compensation.

Please remember that the majority of high school athletes are a minor. If there is a question as to their injury and ability to participate, the parents/guardian should be consulted.

Athletes that are unable to meet the above criteria should be encouraged to seek medical treatment prior to return to interscholastic activity. Those athletes that seek medical treatment should be required to provide a written medical release indicating their ability to participate. Without obtaining this release, the school may assume legal liability if the athlete is allowed to participate in activities not permitted by their medical provider.

A proper plan establishes accountability, should be comprehensive, yet flexible, practical, and easily understood. The written EAP must be revised, approved, distributed, and should be rehearsed regularly prior to every athletic season. The athletic department, administration, and sports medicine team share the responsibility to establish, practice, and execute the EAP.

A sample venue-specific is included as a part of this document, which was developed from portions of the third and fourth editions of National Federation of State High School Associations Sports Medicine Handbook. IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.

Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can't recall events prior to or after the injury

Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional (who meets the description above) will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school's approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete cannot be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to his or her school's Return to Play (RTP) protocols before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Concussion Information

Return to Play (RTP) and Return to Learn (RTL)

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers, advanced practice nurses (APN), physician’s assistants (PA) and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

In 2015, the Illinois General Assembly passed the Youth Sports Concussion Safety Act, and this legislation, among other items, required schools to develop Concussion Oversight Teams and create Return to Play (RTP) and Return to Learn (RTL) protocols that student-athletes must meet prior to their full return to athletic or classroom activity

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is another component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

For those first adopters of this training, new curriculum from the IHSA/IESA is expected to be released in March of 2018 so those whose training will expire in 2018 will be able to remain in compliance with the law.

CONCEPT

Assigning A Competitor Number

Purpose is to identify teams and individuals for the computer. This information will be automatically transferred to the next qualifying level. It is the computer's form of a name. The process for the numbering is based on a regional and its corresponding sectional. The number assignments are predetermined by the IHSA's computer program.

Order of Competition

The team block style is used. It allows for all competitors from a school to compete in each event as a team before rotating to the next event. For schools that have individual entries only, their entries will be assigned together.

The Rotation (Draw)

The purpose of the draw is to create an order for competing schools/individuals to rotate from one event to another.

Making the Draw: The draw shall be made literally pulling the names of all competing schools out of a hat.

Note: if there is more than one competitor from the same school, then they will be assigned to the same rotation and order.

Order of Events

The order of events for regionals shall be vault and uneven bars concurrently followed by balance beam and floor exercise, which shall also be run concurrently.

Order of Performance

The order of performance determines what order a school will perform within the event and prevents one school from always going first.

REGIONALS

REGIONAL ROTATION PROCEDURES

How to Determine the Draw

In determining the order in which each school shall participate in the regional meet, the manager must first determine the total number of schools that are sending competitors to his/her regional. A school, not competing for team honors but with individual entrants, shall be counted in the total number. All schools, regardless of the number of competitors from that school shall be counted for the purpose of the draw. Knowing that total number will help the manager determine which rotation chart should be used. **If a school has two or less individuals competing in the regional meet that the meet run on a four team rotation. The individuals will be added to either the host team or the lowest seed rotation. If a school has more than two individuals competing, then the regional should run on a five team rotation.** (The charts for four (4) teams through ten (10) teams can be found later in this section.)

Once it has been determined which rotation chart shall be used, the manager will draw out the name of a school and place it in the #1 spot for all events. The manager will then continue drawing school names out and place them in the appropriate numerical spot on the rotation chart being used.

Example of a 6 team rotation

1. Draw schools for the six (6) spots
 - 1-Orland Park (Sandburg)
 - 2-Frankfort (Lincoln Way-East)
 - 3-Tinley Park (Andrew)
 - 4-Olympia Fields (Rich Central)
 - 5-Bradley-Bourbonnais
 - 6-Flossmoor (Homewood-Flossmoor)

The IHSA Scoring Program randomly conducts the draws.

*****Managers will not make the draw.*****

2. Insert the schools into the appropriate positions on a six (6) team rotation chart

Vault	Uneven	Beam	Floor
1 Sandburg	4 Rich Central	3 Andrew	6 H-F
2 LW-East	5 BBCHS	2 LW-East	5 BBCHS
3 Andrew	6 H-F	1 Sandburg	4 Rich Central
4 Rich Central	1 Sandburg	6 H-F	3 Andrew
5 BBCHS	2 LW-East	5 BBCHS	2 LW-East
6 H-F	3 Andrew	4 Rich Central	1 Sandburg

NOTE: Competition will continue with the next team in the rotation chart if a competing school with an individual competitor is not entered in an event.

The team block style is used. It allows for all competitors from a school to compete in each event as a team before rotating to the next event. For schools that have individual entries only, their entries will be assigned together.

The Rotation (Draw)

The purpose of the draw is to create an order for schools to rotate from one event to another.

Making the Team Draw: The draw for teams shall be made by the luck of the draw by literally pulling the schools names out of a hat.

Making the Individual Draw: The draw for an individual(s) from a school that does not have a team shall be designed to even out each rotation. The luck of the draw principle still controls.

Note: If there is more than one competitor from the same school, then they will be assigned to the same rotation and order.

Order of Events

The order of events for the sectionals shall run all four events concurrently.

Order of Performance

The order of performance determines what order a school will perform within the event and prevents one school from always going first.

STEP 1 SECTIONAL ROTATION PROCEDURE – Determined by IHSAA

IHSAA will conduct the draw for the sectional rotation. Instead of selecting the teams by the luck of the draw (as done with the regionals), sectional managers will simply insert the regional winners into the chart below to determine the rotation. The IHSAA will post the draw for managers to use on January 11, after they have received the seed results from each sectional.

Individuals will need to be added to the rotation by the manager. Managers will need to count the number of competitors in each event. If there is less than 12, then the number in each event should be equalized. Randomly draw individuals making sure that gymnasts from the same school are kept together and add them to the rotation.

As a point of information on IHSAA procedures used to determine this draw, Sectionals have been numbered according to the date in which they are to compete. Regionals within the sectional were also numbered (regional 1, regional 2, regional 3, regional 4) according to the date in which they are to compete.

Manager shall fill in rotation with individuals and complete the order within each rotation where applicable.

Step 2 Add Individuals

When all the teams are placed in the Rotation Chart the individuals shall be drawn. You will need to count the number of competitors in each event. If there is less than 12 competitors in an event, then the number in each event should be equalized. Following the same procedures as was done for the teams, randomly draw individuals making sure that gymnasts from the same school should be kept together.

Step 3 Order of Performance

The order of performance prevents one team from always going first on an event. Sectional managers will need to conduct a random draw for each competitive "letter" group (A, B, C ,D) for each event in each round in order to ensure there is a randomness to the order of performance.

State Rotation

• www.ihsa.org • Phone: 309-663-6377 • Fax: 309-663-7479 •

Rationale: All participating schools with teams are informed in advance of their draw. Since the draw is done by the IHSA for all sectional teams prior to the advancing teams being determined, this process provides for an ease of management and better communication for the coaches.

Process: Completing the rotation is a 3 step process. The first step determines the teams that will be paired together for competition. This is done in a manner similar to that used for sectional meets. Once completed, the second step involves placing individuals into each competition group in order to balance the number of competitors in each group. The final step then requires a random draw to be completed for each competition group at each event. Doing so ensures that teams won't necessarily follow the same team or individuals during each rotation/event.

Step 2 Insert Individuals into the Rotation (completed by meet manager)

This step is similar to regional and sectional meets. After the number of individual qualifiers there are for event has been determined, the manager will insert them into the rotation in order to maintain balance for each performance group.

Step 3 Determining the Order of Performance (completed by IHSA Office)

Once all the performers, both teams and individuals, have been determined for each performance group, a random draw will occur. This draw shall occur for each performance group for each rotation on each event. For each group, the names of the schools involved in the group will be randomly selected one at a time. The order of selection will determine the order of performance within that rotation. Again, this selection process needs to occur for each group for each event, thereby insuring a sense of randomness to the process and keeping one team from always following another.

STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha (mtroha@ihsa.org) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick-up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Our awards supplier, A and M Products of Princeton, IL, often ships Regional and/or Sectional medals in the box with the plaque. **PLEASE CHECK THE PLAQUE BOXES CAREFULLY AND DO NOT DISCARD THEM UNTIL YOU HAVE DETERMINED THE MEDALS ARE NOT THERE!!**

At State Final Tournaments, medallions and trophies may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medallions can be in trophy boxes.

2. Awards will be shipped to the school sites directly from A & M Products via United Parcel Service.
3. Please inform whoever receives your United Parcel deliveries to expect awards to arrive up to two weeks prior to the tournament, and ask them to deliver the packages directly to you when they arrive.
4. It is very likely that some awards (particularly trophies) will arrive in two or more boxes. **They may not arrive on the same day, but should be opened as they arrive.**
5. Please check all trophies, plaques, etc., to see that they are in good condition and not damaged in any way. You should note that they are engraved with the proper sport/activity, tournament level, year, etc.

If, after doing all of this, a problem develops, please contact Cheryl Lowery at the IHSA office at (309) 663-6377.
