- One **TEAM PARKING PASS** is given at Thursday night packet pick-up to schools with 4 or more total participants. NEW: Team parking is reserved in Parking Lot 4A at the football stadium on Church Street beginning at 11:00 a.m. This is NOT for large buses. Do not leave valuables on the bus as this lot will not be monitored.

- ALL School Lots are open for parking after 3:00 p.m. on Friday and all day Saturday.
- **Coach must accompany swimmers** and remain on-site.

Notice:

We've experienced several problems as a result of coach's wristbands being provided to athletes, parents, etc.

As coaches you are well aware of the limited space available on the deck. At times it is difficult to get all of the approved personnel on deck. The passes issued to participants and the wristbands issued to coaches in the State Final packet are non-transferable, they are to be used only by rostered athlete.

People caught using a pass intended for legitimate coaches and/or rostered athletes will have their pass revoked and removed from the facility. In addition, coaches may have sanctions placed against them from coaching the remainder of the state final and/or be placed on probation.

It is our desire to provide the greatest experience possible for the athletes, coaches, officials and fans. To do so, we must have the help of everyone involved. On behalf of the IHSA and our host, Evanston Township High School, we thank you in advance for your cooperation with this matter.

Wristband Policy/Distribution: Qualified coaches, who have met the above conditions and are listed on the school's On-Line List of Participants, shall be issued a coach's wristband using the following formula:

****1-5 Qualifiers = 2 bands**6-10 Qualifiers = 3 bands**11 Qualifiers & above = 4 bands**

*****Managers or Trainers with rub-down tables will not receive a participant pass or coach's wristband.*****

The number indicated next to each school's name on the Swimming Sign-In Sheet indicates the total number of wristbands allowed for that particular school. This is a pre-determined number set by IHSA and it is based on the number of State Final qualifiers. Once they have reached that number, they are not allowed any extra. Each coach must sign for his/her own wristband and it is placed on the wrist by check-in staff.

1. Every Qualifying Diving Coach automatically gets one wristband upon check-in. If your school only qualifies a diver, they will be entitled to two wristbands. Each coach must sign for his/her wristband and is not part of the Swimming coach's wristband allotment.
2. If a coach or an official is listed as part of a school's coaching staff, they are crossed off the sign-in sheet. Those people only get the Officials wristband that will be supplied in their official's packet.
3. On Swimming Sign-In Sheet, the Diving Coaches are crossed out. This means they need to sign in on the Diving Sign-In Sheet.
4. If you are a coach for multiple qualifying schools, you are entitled to one wristband.
5. Participant and coach passes shall not be transferable and shall entitle those persons who receive participant passes only to the seating assignment in the pool deck area. IHSA has the authority to revoke a participant and/or coach's wristband at any time. Certified coaches who are listed in the IHSA Schools Center and on the List of Participants will be issued a coach's wristband (in accordance with the above formula). However, those coaches must meet all IHSA Coaching By-law Requirements and its subsections (By-law 2.070). Coaches who do not meet By-law 2.070 are not eligible and cannot be entered on the On-line List of Participants and are not eligible to receive a wristband. Only legitimate coaches and authorized meet personnel who have been issued wristbands and stamped contestants shall be allowed on the pool deck at the Sectional and State Final meet.
6. In an effort to ensure that only approved personnel are on the pool deck, meet management and/or IHSA officials will secure the required wristband on coaches as they enter the facility. Any band that appears to be tampered with at any time during the championship will be confiscated and the individual in possession will not be allowed entrance without the purchase of a ticket. If no tickets are available for purchase the individual will not be allowed admittance. There have been numerous instances in the past two years involving coaches providing an extra coaches' band to individuals other than the certified coach for which the band was approved and intended. Schools involved in the transfer of coaches' bands will have themselves and their program placed on probation for the following year.
7. The IHSA will eliminate the diving coach's wristband from the number of allowable coach's wristbands as calculated by the number of qualifying swimmers and divers. The qualifying divers will be removed from the list of qualifiers used to determine the number of coach's wristbands. In other words, the swimming coaches' wristbands will be determined by using only the number of swimmers qualifying from each team.

New: Ticket Lottery System for the IHSA Swimming & Diving State Final

The IHSA has established a ticket distribution procedure that is intended to reduce spectator wait times prior to their entry into the spectator seating in the pool area. These procedures only impact spectator entry for the swimming spectators as the procedures for ticket sales and entry for diving only spectators has remained unchanged. The procedures for ticket distribution and venue entry for the swimming spectators are as follows:

1. Each State Final ticket will include a number ranging from 1-1200.
2. On the Sunday following the IHSA Swimming & Diving Sectionals, the IHSA will conduct a spectator entry order lottery. The lottery consists of a random selection of schools to determine the order in which schools will be allowed entry into the pool seating area. The number of lots that each school will receive in the lottery will be equivalent to the number of qualifying swimmers (excluding alternates) that they will have competing.
 - a. **Example:** School A has one relay (4 swimmers) and 4 individual event swimmers qualify for the State Meet and School B has 3 individual event swimmers qualify for the State Meet. In this case, School A would receive 8 lots in the lottery and School B would receive 3 lots in the lottery. This method increases the chances for spectators from schools with the most qualifiers to gain access to pool seating earlier in the entry order.
3. Spectators from the two host schools (Evanston & New Trier) will not be entered into the lottery as they will automatically receive the first sets of tickets that they are entitled to as indicated in the ticket allotment spreadsheet.
 - a. **Example:** The State Finals are being conducted at Evanston Twp. High School and both Evanston and New Trier each have 10 swimming qualifiers. In this case, Evanston would automatically have access to tickets numbered 1-20 and New Trier would receive tickets numbered 21-40. This example would work the other way around when the State Final is held at New Trier. Of course, the number of additional tickets determined by the IHSA Office (as indicated in the ticket allotment spreadsheet) would be added as well.
4. The first set of tickets following the numbers allocated to the host schools will go to the first school that was randomly selected in the lottery, and the next set to the second school selected, and so on.
 - a. **Example:** Let's assume that it was indicated on the ticket allotment spreadsheet that School C will receive 16 tickets and this school was randomly selected first in the lottery. Using the host school ticket allotments from example 3a., School C would get ticket numbers 41-56. The next school randomly selected would receive 57-?, and so on.
5. The week following the Sectionals, the host school will sell the tickets (with ticket numbers that correctly correspond to their random place in the entry order as determined by the lottery) to each qualifying school's official representative or authorized designee. Each school's official representative or authorized designee can then sell the tickets to their spectators.
6. After the lottery has been conducted, the IHSA will post a spectator entry schedule so that spectators can determine the time that their ticket number will be allowed entry on Friday and Saturday.
7. Spectators will be allowed entry into the gym/holding area at 12:30p.m. on Friday and 9:00a.m. on Saturday.
8. Upon entry, spectators will hand their ticket to a ticket taker who will tear off their ticket number and return it to them. The ticket taker will also place a wristband on the spectator's wrist. The spectator will proceed to the gym/holding area where they will check their coats and bags as usual due to limited space in the spectator seating area.
9. When it is time for entry into the pool spectator seating area, spectators will hand their ticket number to the appropriate ticket taker when their number group is called. The spectator's wristband will give them access to the spectator seating area for the remainder of the day.
 - a. **Note:** When a spectator leaves the venue, they may not regain access without a ticket.
10. A spectator's entry order number will remain the same for both Friday and Saturday.

All of us at Evanston sincerely hope you enjoy the IHSA Swimming and Diving State Final Championships. If we can be of any help, please do not hesitate to ask our staff. **Good Luck** to all of you.
