III. IHSA Managers Cover Letter

It is the goal of the IHSA staff and the Board of Directors to conduct an outstanding state series in boys' volleyball. We thank you for your contribution this year in making this an exciting state series.

Communication to Schools: The local manager should make up a tournament schedule beginning from the time the competing teams will enter his/her tournament up to and including the next level contacts for advancing teams. When providing instructions to the teams competing in the tournament please make sure to include when the gymnasium will be available for warm-ups, dressing room arrangements, IHSA pass gate policies, parking areas and team entrance as well as the pairings. Be sure to give team's tournament adequate notice of when they play, directions to your school, what time doors open to fans and teams, ticket prices and other local information.

Unexpected Situations: There is always the possibility that situations may arise outside anyone's control. An official may become sick, a team bus may be stuck in a traffic jam, line judge fails to appear, the electricity is shut off.... For that reason, be sure to give and get from coaches contact cell number in case of unexpected delays while getting to the match. This will eliminate managers and officials doing any second guessing of whether a team is delayed or just not showing up. The local manager is given the full authority to make decision and act.

Officials: The IHSA will post the assigned officials in the manager's school center on or before the deadline. Regional Managers are responsible to hire the two line judges along with bench personnel for a match. Official fees can be found in the Terms and Conditions. Make sure that if you are assigned both a male and female official that there are dressing rooms for both of them.

Bench Officials and Line Judges: Be extremely careful in your selection of the bench officials and line judges. One of the most important responsibilities of the local manager is to select experienced efficient adult workers. Avoid putting inexperienced people in these spots. A mistake may lead to a controversy and an unpleasant situation which in the eyes of the coach, teams and spectators will determine whether your tournament was well managed.

Press: Local or neighboring radio and television may want to broadcast events. Be prepared to have space available for them. The complete IHSA Policies regarding News and Media Credentials and Working Assignments for IHSA State Series can be found in the IHSA Handbook. A working press box can consist of tables and chairs at courtside or any other type of arrangements in which the facility can accommodate.

Video taping by Competing School: Video taping will be allowed provided the local manager has a comparable area for both competing schools to video tape. When one school requests the video space, then the local manager shall provide a comparable space to both schools. Non-competing schools and spectators will be allowed to video tape from the bleachers provided they do not obstruct the view of participants.

Awards and Volleyballs: Awards and volleyballs will be shipped directly to your school. Please inspect them immediately. If the shipment has not arrived 2 days before your tournament or the shipment has arrived damaged, contact the IHSA.

Promptness throughout the Tournament: Make the starting time definite and that if a match ends early you stick with the posted time.

ScoreZone: Immediately and even during the contest managers should/can post the results of the tournament. It is always exciting to see game results in closely contested matches. Managers also have the ability to make comments. This is the place where managers should post any forfeits.

IV. COACHES' AND MANAGERS' SAFETY INFORMATION

Healthy Volleyball Environment

School administrators, coaches and officials share a very important responsibility to the student-athletes that are participating in the state series matches, to provide equipment, facilities and an environment that is as free of risk as possible. The concern for the health of our high school volleyball players in our programs should be primary.

Responsibility

Crowd supervision is critical. Administrators and other supervisors should observe the crowd and react quickly and reasonably when conduct becomes negative and drops below the level of expected behavior. To ignore inappropriate behavior by any spectator will only enable a person or people to continue in the same fashion.

The role of an official in this regard is with the game. The role of the host school management is outside the lines. Any act dangerous to others, is an unsafe behavior, incites participants or spectators to violent or abusive action, exhibits obscene gestures, or yells profanity and/or provocative type language toward an official, student-athlete, coach, spectator, bench and/or score table personnel is considered unsportsmanlike. Such undesirable behavior requires immediate attention by the officials and/or the host school.

Procedure

If a situation occurs outside the lines, therefore outside the jurisdiction of the rulebook, the official shall instruct the host manager to take care of the problem. If possible this should be done without stopping the match. (i.e. between a game or during a time out) If not possible, the official should stop play until the host management takes care of the situation. If the Manager, Athletic Director and/or local school Principal is not in the gym, it becomes the responsibility of the host school coach to handle if her/his team is playing.

The posting of the expected behavior at the gymnasium entrance clarifies to everyone the IHSA's expectation of all participants.

Preventative

Host School: Whenever possible, the competing teams should be seated so that the crowd is not behind them. If that is not possible and fans must be seated behind a bench, that area should be carefully monitored. In situations of this kind, the IHSA suggests the first couple rows can be reserved for senior citizen, handicapped seating, press or other teams.

Officials: Officials should use the pre-game conference to do preventative officiating and make sure the line judges and scorers are trained. In addition, the official should consider any negative history between schools or teams, coaches, or fans. If there is, then the officials should discuss with her/his partner and choose a plan of action. Whenever possible, cover the expectation and consequences at the pre-game conference with captains and coaches.

Do What's Right!

Sportsmanship

DWR! EXPECTATIONS

- ❖ *Respect and acknowledge the integrity and judgment of officials.*
- ❖ *Exhibit positive behavior in both personal interaction and social media comments.*

Acceptable Behavior...

- During the National Anthem, students, participants and fans should remove any hats, face the flag, not talk, place the right hand on the heart, and remain still until the end of the anthem.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
 - A) Provide a reserved parking space.
 - B) Meet officials and take them to the dressing room.
 - C) Have refreshments available for halftime and postgame.
 - D) Ask for any additional needs.
 - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
 - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

Boys Volleyball Required Public Address Announcements

The following announcements are required to be made over your public address system during the volleyball state series competition hosted by your school.

ATTENTION: PA and Bench personnel shall be responsible to remain unbiased and non-partial towards participating teams.

- 1) **Sportsmanship:** Your school is constantly in the “Public Eye”. The school, its athletes and its fans are always being judged by the opposition’s fans, players and by all who come to see your team perform. Make certain your school and its programs are the type that brings praise and admiration. Sports are a vital part of your school’s image....makes it a good one.
- 2) **IHSA Web Page:** www (dot) IHSA (dot) org is the address for the IHSA Web Page on the Internet. Check it out anytime you want to find out immediately what’s happening with high school activities throughout Illinois. In fact, all the results of the boy’s volleyball state series, including tonight’s match(es), will be there when you get home.
- 3) **Captains’:** Captains are a key component to a healthy successful season and IHSA wants to applaud the captains of the boys volleyball teams for their positive leadership.

Long a leader in high school athletics and activities, the IHSA invites your attendance; not only at the boy’s volleyball state tournament, but at boys and girls’ events throughout the school year... you’ll enjoy the excitement, the fan support and the quality of play...boy’s volleyball... another IHSA marquee program.
- 5) **IHSA Boys’ State Volleyball Tournament:** The 26th Annual IHSA Boys’ Volleyball State Finals will be held at Hoffman Estates High School on Friday and Saturday, June 2nd and 3rd, 2017. High school boys’ volleyball is fun, exciting, unpredictable and affordable. The state final offers top-flight competition, excitement and enthusiasm. Return to your roots and discover why a lot of folks select high school Boy’s volleyball as their favorite. IHSA Boy’s Volleyball...is where the action is.
- 6) **All-State Academic Team:** All 26 members of the 24th annual Illinois High School Association All-State Academic Team were honored in April during a recognition banquet at the Double Tree Hotel in Bloomington. The evening was a wonderful recognition of America’s future leaders. Ask your school Principal for more information about the program. The IHSA Activities Foundation underwrites the cost of the scholarships for these student athletes.
- 7) **Official Recruitment:** If you are a former athlete...male or female...why not get back in the game? Get in shape, stay in shape, become an IHSA Official. Chances are the game gave you a lot. Now you can give something back to it. Applications are online through the IHSA website.

Managing Heat and Heat Illness

These guidelines represent minimum standards that IHSA member schools should follow for athletic competitions. Schools with more restrictive guidelines are not expected to modify any pre-existing guidelines in order to meet this policy. These guidelines will be used by managers or their designees at all IHSA state series events when the Wet Bulb Globe Temperature (WBGT) is above 80 degrees Fahrenheit. State series tournament managers will make the decisions to suspend and resume activity in accordance with these guidelines using those devices or systems usually used at the state series venue/site.

1. Thirty minutes prior to the start of an activity, and again 60 minutes after the start of the activity, temperature and humidity readings will be taken at the site of the activity. Using a Wet Bulb Globe Thermometer is recommended, although a conversion to WBGT can be made from air temperature and relative humidity using chart 2. Record the readings in writing and maintain the information in files of the tournament manager and/or host school administration. Tournament managers may designate someone other than themselves to take these readings.

Use the Table 1 (see below) with an on-site WBGT reading for appropriate exercise modifications during exercising in the heat:

Table 1

a. ≤ 79.9 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
 3. Ice-down towels for cooling.
 4. Watch/monitor athletes carefully for necessary action.

b. 80.0-84.5 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
 3. Provide cooling stations using methods such as ice towels.
 4. Watch/monitor athletes carefully for necessary action
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 1. Helmets and other possible equipment removed while not involved in contact.
- iii. Reduce time of outside activity. Consider postponing activity to later in the day.
- iv. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions or sooner if personnel on the field suspects potential heat stress.

c. 84.6-87.5 degrees F

- i. All sports
 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
 3. Coordinate breaks with assigned contest officials.
 4. Have cooling stations for before, during, and after exercise/training/competition.
 5. Watch/monitor athletes carefully for necessary action
 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
 8. If practicing, maximum of 2 hours of training/practice while temperature is in this range.

- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

d. 87.6-89.9 degrees F

- i. All sports
 - 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
 - 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
 - 3. Coordinate breaks with assigned contest officials.
 - 4. Have cooling stations for before, during, and after exercise/training/competition.
 - 5. Watch/monitor athletes carefully for necessary action
 - 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
 - 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
 - 8. If practicing, maximum of 1 hour of training/practice while temperature is in this range.
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
 - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

e. 90 degrees F

- i. All sports
 - 1. No training/competition
 - 2. Cancel and/or postpone activity to cooler time of the day

NOTE: While most attention will be given to outdoor sports in the fall and spring, indoor venues/facilities (gymnasiums, wrestling rooms, and swimming/diving facilities) that are not air conditioned should not be neglected for the purposes of this policy. Additionally, sometimes conditions will vary for different aspects of the same competition. For example, one part of a cross-country course may be hotter or more humid than other parts. The best course of action for managers is to take a WBGT reading at the place of the most severe conditions.

Table 2. Estimate WBGT from ambient temperature and relative humidity assuming full sun conditions

Cooling Methods Due to Heat Related Illness

Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death. The majority of evidence shows that early institution of body cooling is the most effective method of decreasing mortality in EHS. The following contains recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade. The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow). The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such. These guidelines should only be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity. Sports especially at risk include football with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.

It is essential that member schools and school administrators/officials:

- Establish a written plan coordinated with local EMS for emergency treatment of EHS that includes transport to a hospital and conduct drills in the implementation of the plan as practicable.
- Know how to assess environmental conditions and determine when extreme conditions exist.
- Identify a specific spot at the athletic facility that has shade.
- Have immediate access to ice and bags to contain ice.
- Have access to water, and provide water breaks as outlined in the IHSA Managing Heat and Humidity Policy.
- Know the most effective sites for application of ice to the body.
- Obtain and use, when environmental conditions are determined to be extreme, a tub or pool, filled with water and ice before activity begins, to be used in body immersion for maximal cooling, and have personnel trained in this technique.

It is desirable that member schools and school administrators/officials:

- Have a certified athletic trainer (ATC) on staff, as budget and resources allow, to develop and implement these guidelines.
- Have immediate access to water.
- Provide shade breaks.
- Provide fans when environmental conditions are determined to be extreme.
- Have close access to an air conditioned room.
- Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.

IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.

Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete can not be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to the IHSA’s Return to Play (RTP) Policy before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Concussion Information

Return to Play (RTP) Policy

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

Policy: In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return to play.

For the purposes of this policy, licensed health care providers consist of physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers working in conjunction with physicians licensed to practice medicine in all its branches in Illinois.

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is a component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Unmanned Aerial Vehicle (Drone) Policy

For IHSA Tournaments

Effective February 18, 2015

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

V. SEEDING MEETING INFORMATION

Seeding Instructions

The following is intended to provide an explanation of the process that coaches will follow in seeding the first level tournament assignment for their school.

Coaches are expected to take part in the seeding process with the highest standard of integrity and to ensure fairness and equity for all participants. One coach or an official representative from each school who has completed the *IHSA Season Summary Sheet* online will be allowed to vote. *Schools who have not submitted the Season Summary Sheet will not vote or participate in the seeding process. The Season Summary Sheet can be found in the Activity Tracker section of the IHSA Schools Center under the 'Required Data Forms' column for volleyball.*

Coaches will not be allowed to vote for their own team. Coaches will determine their seeds based on these factors:

- Head to head victories against teams assigned to the first level tournament
- Record against common opponents
- The total win/loss record of schools in the tournament, and
- Team evaluation based on narrative provided by coaches
- These factors have not been prioritized. The IHSA reserves the right to review all submitted seeds and throw out ballots and adjust the seeds accordingly should the seeds be significantly out of the average range. In which case, the entire seeds of the out of range school will not be used.

Coaches will be allowed to indicate what range of seeds they think their team belongs: 1-4, 5-8, 9-12, 13-16, or 17-22 or in case of regional teams 1-2, 3-4, 5-6.

In the event that schools tie for a seed, the IHSA will use the following criteria to break the tie:

- Head to head competition between the tied schools
- Random draw (if more than 2 schools are tied for a seed)
- Coin flip (if 2 schools are tied for a seed and head to head competition can't break the tie)

Schools will be able to access all the seeds made by other schools assigned to their seeding meeting prior to the seeds being posted on-line through the IHSA website. Tournament assignments will then be posted by the end of the week during which seeding occurs.

Therefore the online seeding process is:

- Coaches complete the *Season Summary Sheet*
- Coaches review all the *Season Summary Sheets* from teams assigned to their sectional complex/or regional level
- Coaches seed teams
- Coaches review all seeds submitted
- IHSA reviews seeds
- Seeds posted online
- Final pairings posted online

Boys' Volleyball Online Seeding

Coaches, part of this seeding process is conducted through the IHSA School Center. Please see your athletic director for your school's password. The other part is conducted through the boy's volleyball webpage which is open to the general public. (www.ihsa.org click on boy's volleyball)

Coaches, here is the basic process for completing the online seeding:

1. Coaches go online (to their school center) and complete their season summary sheet.
2. Coaches go online (to their school center) and view everyone's season summary sheet
3. Coaches seed the teams in their tournament
4. IHSA posts all seeds on the boys' volleyball web page
5. Final pairings are posted on the boys' volleyball web page.
(Coaches and fans should double check these pairings later on before their contest as times have a tendency to change while our managers work through graduation conflicts)

Actual Deadlines for Online Seeding

Now – Wednesday, Morning, May 3 (STEP ONE)

During this time the Season Summary Sheets are available to coaches through the IHSA School Center. They must be completed no later than 10:00 am on Wednesday, May 3.

Awards Delivery Information

To Managers of All IHSA Tournaments:

In an effort to better serve our tournament sites and the suppliers of our awards, we would like to have you read this bulletin carefully and then do what you can to expedite the instructions:

1. Be advised that at **Regional and Sectional Tournaments**, medals and plaques may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medals **CAN** be in plaque boxes. **NOTE:** There are no medals given at Regional and/or Sectional Levels in the team sports of baseball, basketball, competitive cheerleading, football, soccer, softball and volleyball, and in the activities of Drama/Group Interpretation and scholastic bowl.

Our awards supplier, A and M Products of Princeton, IL, often ships Regional and/or Sectional medals in the box with the plaque. **PLEASE CHECK THE PLAQUE BOXES CAREFULLY AND DO NOT DISCARD THEM UNTIL YOU HAVE DETERMINED THE MEDALS ARE NOT THERE!!**

At State Final Tournaments, medallions and trophies may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medallions can be in trophy boxes.

2. Awards will be shipped to the school sites directly from A & M Products via United Parcel Service.
3. Please inform whoever receives your United Parcel deliveries to expect awards to arrive up to two weeks prior to the tournament, and ask them to deliver the packages directly to you when they arrive.
4. It is very likely that some awards (particularly trophies) will arrive in two or more boxes and will need to be assembled. **They may not arrive on the same day, but should be opened as they arrive.**
5. Please check all trophies, plaques, etc., to see that they are in good condition and not damaged in any way. You should note that they are engraved with the proper sport, tournament level, year, etc.

If, after doing all of this, a problem develops, please contact Cheryl Lowery at the IHSA office at (309) 663-6377.

Thank you very much for your cooperation.

Assembly Instructions for IHSA State Series Trophies

(please use caution when assembling the trophies)

Upon receipt of your Trophies and Awards, please inspect them immediately so replacements can be shipped to you, if you notice a damaged trophy or figurine. If replacements need to be issued, please contact A & M Products at the number below.

We recommend the following for attaching the figures to the IHSA State Trophy:

- Unwrap each figure. If there is a hex nut on the post of the figure remove it. It should not be needed.
- Lay the trophy on its back on a flat surface and remove the hex nut from the rods from underneath the trophy.
- Push the rod through the top of the trophy and remove the ferrule (the hollow threaded tube) from the rod and attach the ferrule to the threaded post of the figure. Screw the ferrule all the way up the threaded post of the figure.
- Screw the rod back onto the ferrule until it is tight.
- Place the rod, with the figure attached, back through the top of the base and through the holes in the bottom of the base.

IMPORTANT - please be careful that the figure(s) is not supporting the weight of the trophy. **Figures can be easily broken.**

DO NOT OVER TIGHTEN THE FIGURE ONTO THE BASE THIS CAUSES THE BOLT TO BE PULLED OUT FROM UNDERNEATH THE FIGURE

Please do not pick up and carry the trophy by the side figures.

The **CHAMPION** and **RUNNER-UP** trophy receive **three** of the bigger #1 figures.

The **THIRD PLACE** and **FOURTH PLACE** trophy receive **one** of the bigger #1 figures for the top. And the **two** smaller #2 figures are the side figures.

If you have any questions please call A & M Products, (815) 875-2667
